The Oxford Handbook of Reproductive Ethics Leslie Francis. 2016-12-28 Intimate and medicalized, natural and technological, reproduction poses some of the most challenging ethical dilemmas of our time. Reproduction presses the boundaries of humanity and ethical respect, the permissible limits of technology, conscientious objection by health care professionals, and social justice. This volume brings together scholars from multiple perspectives to address both traditional and novel questions about the rights and responsibilities of human reproducers, their caregivers, and the societies in which they live. Among issues treated in the volume are what it is to be a parent, the responsibilities of parents, and the role of society in facilitating or discouraging parenting. May gamete donors be anonymous? Is surrogacy in which a woman gestates a child for others ethically permissible when efforts are made to prevent coercion or exploitation? Should it be mandatory to screen newborns for potentially serious conditions, or permissible to sequence their genomes? Are both parties to a reproductive act equally responsible to support the child, even if one deceived the other? Are there ethical asymmetries between male and female parents, and is the lack of available contraceptives for men unjust? Should the costs of infertility treatment be socially shared, as they are for other forms of health care? Do parents have a duty to try to conceive children under the best circumstances they can-or to avoid conception if the child will suffer? What is the status of the fetus and what ethical limits constrain the use of fetal tissue? Reproduction is a rapidly changing medical field, with novel developments such as

mitochondrial transfer or uterine transplantation occurring regularly. And there are emerging natural challenges, too, with Zika virus just the latest. The volume gives readers tools not only to address the problems we now know, but ones that may emerge in the future as well.

The Way Out Craig Childs.2007-09-03 The gritty and riveting story of naturalist Craig Childs's epic journey through the desert canyons of the American Southwest (The Oregonian). Are you prepared for a perilous journey into the wild? This taut, intensely dramatic narrative immerses us in a labyrinth of canyons in the American Southwest where virtually nothing is alive — barely any vegetation, few signs of wildlife, and scant traces of any human precursors — and where we pay witness as two men confront not just immutable forces of nature but the limits of their own sanity. As a chronicle of adventure, as an emotionally charged human drama, as a confessional memoir, *The Way Out* is a transcendent book, a work destined to earn a lasting place in the literature of extremes.

The Other Journal: Authority Andrew Shutes-David.2021-04-05 The Other Journal is a space for Christian interdisciplinary theological reflection that tackles the cultural crises of our time with verve and peculiar slant, advancing a progressive, provocative, and charitable response in sync with the peacefully contrarian Christ. In this issue, we consider the theme of authority from the vantage point of pews and hospital rooms, of jail cells, low-lit dining rooms, and ancient coin collections. We learn to hear the cries of those who have suffered abuse from the powerful, to resist with the Apostle Paul, and to consent to grace from the source of love beyond all earthly powers. Our authority issue features prose by Andrew DeCort, Lyle Enright, Steven Félix-Jäger, Richard C. Goode, Elizabeth Jarrett Andrew, Vincent Lloyd, Mary McCampbell, Mary Lane Potter, Gavin Richardson, Hilary Jerome Scarsella, Rebecca Shirley, Heidi Turner, and Brandon Wrencher; poetry by Jill Bergkamp, Susan Carlson,

The Great Dane and Little Turtle Sharon Bailhé.2013-06-04 As a strawberry-blonde, freckle-faced girl, I was fortunate to model for the famous illustrator Norman Rockwell, and later I was scouted by Oleg Cassini to model his fashion designs in Manhattan, New York. My French father, a VP of a Madison Avenue advertising agency, knew the world of modeling. He took me away, traveling and dining in the finest restaurants, as he did not want me to be in that world. When I had a family of my own, I continued the tradition of fine cuisine, as I had developed discriminating tastes. I rolled up my sleeves and began my cooking journey. The first cookbook I read was *Gourmet Techniques of French Cooking* by Louis Diat, who was a chef and teacher at the Ritz Carlton in Paris. I was hooked. As the Great Dane from Copenhagen and I, the Little Turtle, cooked side by side, I was brought back to my Swedish/Danish heritage from my mother's side, Kemp/Johansson. On my father's side, my French heritage started in 1607 on the Bailhe' family vineyard in Gaillac, near Toulouse in the southern Basque region. The story of The Great Dane and Little Turtle is about creating a new life. For a life with no love is like a harp with no strings. Come along as Little Turtle's life begins to fall into place like a fairytale as she finds her way back to love, in one of the greatest love stories ever told.

No Trespassing K. D. Robichaux.2016-11-27 Being the daughter of world-renowned archaeologists, it's in Emmy's blood to want entry into the many off-limits historical places around the United States. Having graduated with her degrees in history and archaeology, you'd think she could just waltz right in wherever she wanted, right? Wrong. Dean Savageman, host of The Adventure Channel's *No Trespassing*, is the rock star of documentaries, and is always called first to explore the most forgotten, dangerous, and inaccessible places around the country. No one gets dibs before him-certainly not the huffy wanna-be archeologist who keeps showing up at the most obscure undocumented locations, no matter how beautiful she is. After years of run-ins-and unwanted fantasies-with her self-proclaimed mortal enemy and having given up on gaining entry to one of her dream sites the legal way, Emmy sneaks into the NOLA Catacombs, having no idea Dean is in their depths. What happens when these two get trapped together, alone, twenty-five feet under the streets of New Orleans is one for the history books, or at least an episode of... *No Trespassing*.

of what passes as con-temporary theory on the subject has been content to remain largely within the realm of the anecdotal. Not so Douglas Robinson's ambitious book, which, despite its author's protests to the contrary, makes a bid to displace (the deconstructive term is apposite here) a gamut of earlier cogitations on the subject, reaching all the way back to Cicero, Augustine, and Jerome. Robinson himself sums up the aim of his project in this way: I want to displace the entire rhetoric and ideology of mainstream translation theory, which ... is medieval and ecclesiastical in origin, authoritarian in intent, and denaturing and mystificatory in effect. -- from <http://www.jstor.org> (Sep. 12, 2014).

carefree single mother of two children. Infuriated by the woman's deceptive assurances of birth control, he wants nothing to do with her or the unborn child. To appease his conscience, he reasons that her deception has cast doubt on the true paternity of the child while reaffirming his own lack of emotional attachment over a passing fling. However, several months into the pregnancy, he cannot resist the gnawing feeling that the unborn child, potentially his first, is his and may need him. As he juggles his feelings of guilt, with the escalating feelings the mother begins to cultivate toward him, he comes to crossroads: continue down the same selfish, fleshly path that caused this, or begin living with a purpose, a cause. Yet if he decides to change himself, can he change the stereotype that envelopes, the system that rejects, and the society that questions? How hard will a father fight for the love of his child? For the Love of the Child shows how one father's custodial fight for his endangered daughter magnifies the traditional flaws of gender inequality and prejudice within the judicial system.

Kant Paul Guyer.2014-03-05 In this updated edition of his outstanding introduction to Kant, Paul Guyer uses Kant's central conception of autonomy as the key to his thought. Beginning with a helpful overview of Kant's life and times, Guyer introduces Kant's metaphysics and epistemology, carefully explaining his arguments about the nature of space, time and experience in his most influential but difficult work, The Critique of Pure Reason. He offers an explanation and critique of Kant's famous theory of transcendental idealism and shows how much of Kant's philosophy is independent of this controversial doctrine. He then examines Kant's moral philosophy, his celebrated 'categorical imperative' and his theories of duty, freedom of will and political rights. This section of the work has been substantially revised to clarify the relation between Kant's conceptions of internal and external freedom. In his treatments of Kant's aesthetics and teleology, Guyer focuses on their relation to human freedom and

happiness. Finally, he considers Kant's view that the development of human autonomy is the only goal that we can conceive for both natural and human history. Including a chronology, glossary, chapter summaries and up-to-date further reading, Kant, second edition is an ideal introduction to this demanding yet pivotal figure in the history of philosophy, and essential reading for all students of philosophy.

The Last One Alexandra Oliva.2017-08-15 Wilderness survival is the name of the game as the line blurs between reality TV and reality itself in this fast-paced novel of suspense in the vein of *Yellowjackets*. "Taut, tense, and at times almost unbearably real."—Ruth Ware, author of *One by One* She wanted an adventure. She never imagined it would go this far. It begins with a reality TV show. Twelve contestants are sent into the woods to face challenges that will test the limits of their endurance. While they are out there, something terrible happens—but how widespread is the destruction, and has it occurred naturally or is

it man-made? Cut off from society, the contestants know nothing of it. When one of them—a young woman the show’s producers call Zoo—stumbles across the devastation, she can imagine only that it is part of the game. Alone and disoriented, Zoo is heavy with doubt regarding the life—and husband—she left behind, but she refuses to quit. Staggering countless miles across unfamiliar territory, Zoo must summon all her survival skills—and learn new ones as she goes. But as her emotional and physical reserves dwindle, she grasps that the real world might have been altered in terrifying ways—and her ability to parse the charade will be either her triumph or her undoing. Sophisticated and provocative, *The Last One* is a novel that forces us to confront the role that media plays in our perception of what is real: how readily we cast our judgments, how easily we are manipulated. Praise for *The Last One* “[Alexandra] Oliva brilliantly scrutinizes the recorded (and heavily revised) narratives we believe, and the last one hundred pages will have the reader constantly guessing just what Zoo is capable of doing to find her way back home.”—Washington Post “A high-concept, high-octane affair . . . The conceit is undoubtedly clever and . . . well executed, but what makes *The Last One* such a page-turner is Zoo herself: practical, tough-minded and appealing.”—The Guardian “Oliva takes this (possibly) post-apocalyptic setting, grafts on a knowledgeable skewering of the inner workings of reality television and gives us a gripping story of survival. . . . This is the genius of Oliva’s storytelling. . . . [She] makes a stunning debut with this page turner, and becomes a writer to watch.”—Seattle Times “Oliva delivers a pulse-pounding psychological tale of survival. . . . [She] masterfully manipulates her characters and the setting, creating a mash-up of popular TV genres: *Survivor* meets *The Walking Dead*.”—Bookpage

Malachi Baron Brady.2008 In the Skid Row area of downtown Los Angeles, Malachi has become the stuff of legend, his influence, for good or ill, felt by not only the men and women who sleep on the streets but by the lawyers, police officers and shopkeepers who spend their days there. No one knows who Malachi is, though some people think he may be responsible for the murder of an unidentified man. But who is Malachi and what is it about him that could have left such an indelible impression on eight people who attempt to answer these questions; and, in so doing, tell the story of a city, a city imploding under the weight of its neuroses, the neuroses of people with too many questions and not enough answers. It's a nightmare world where all enemies are invisible and all friends suspect; a world where death lurks around the corner and comes only when it's least expected. But is it death that Malachi has in store for these people? Or do their fates depend on each other?

The Structural Links between Ecology, Evolution and Ethics

Donato Bergandi.2013-01-06 Evolutionary biology, ecology and ethics: at first glance, three different objects of research, three different worldviews and three different scientific communities. In reality, there are both structural and historical links between these disciplines. First, some topics are obviously common across the board. Second, the emerging need for environmental policy management has gradually but radically changed the relationship between these disciplines. Over the last decades in particular, there has emerged a need for an interconnecting meta-paradigm that integrates more strictly evolutionary studies, biodiversity studies and the ethical frameworks that are most appropriate for allowing a lasting co-evolution between natural and social systems. Today such a need is more than a mere luxury, it is an epistemological and practical necessity.

No Trespassing Leah Holder Green. 2015-03-24 Let's talk about sex. We might as well talk about it, because it's everywhere. Our culture continually bombards us with its way for sex in movies, television shows, music, magazines, and other media. But do you know that God has a way for sex, too? In fact, He created sex—it was His great idea! In *No Trespassing: I'm God's Property*, Leah Holder proposes that God's way is the best way. Leah first explains why we should follow God's rules for sex. In addition to faith-based reasons, she highlights practical reasons, such as sexually transmitted diseases, unplanned pregnancies, and mental health issues. Then, Leah answers the next big question: How? Is it even possible to follow God's way for sex when so many people don't? With clarity, transparency, and humor, Leah presents Biblical truths and personal testimonies regarding how we can be sexually pure within this sex-crazy world. *No Trespassing* contains three brief sections—mind, body, and heart. Within them, Leah provides practical tips to guide us on our journeys to sexual purity. If we're already on the sexually-pure path, we'll be encouraged to remain on it. If we've departed from the sexually-pure path, or if we've never been on it, we'll be reminded of God's love and forgiveness, and we'll be directed to the way to purity. Out of her love for God, others, and herself, Leah Holder has committed to live sexually pure. Although she

falls far short of perfection, the Lord has enabled her to live in consistent victory over sexual sin. The advice she provides in *No Trespassing* isn't based on a theory she heard about but on a reality she lives! After reading *No Trespassing*, Leah hopes you will experience the victory and freedom that she enjoys.

she thought was the love of her life in high school, never imagining that her dream boyfriend would be her living nightmare. Like so many victims, Elizabeth ignored the warning signs and by the time the abuse started, she had already given birth to her first child, was pregnant with another and married to her tormenter. For eight years after that, she was beaten and mentally abused at the hands of her husband and father of her children. Elizabeth's debut book chronicles her journey through a tumultuous relationship with a chronic abuser, which turned her life upside down and ultimately ended with the devastating loss of three of her children. Through it all, Elizabeth was determined to break the cycle of her abuse and loss, by turning her pain into purpose, which she has masterfully done by telling her life-altering story in *No Trespassing*. In sharing her story, Elizabeth's goal is to empower women, men and teens to break the cycle of abuse and live the lives that God pre-ordained for them. *No Trespassing* will give hope to the hopeless that they, too, can overcome what may seem like insurmountable odds without looking back!

Kant Jonathan Nelson Professor of Humanities and Philosoph Paul Guyer, Paul Guyer. 2006-09-27 In this outstanding introduction, Paul Guyer uses Kant's central conception of autonomy as the key to all the major aspects and issues of Kant's thought. Beginning with a helpful overview of Kant's life and times, Guyer introduces Kant's metaphysics and epistemology, carefully explaining his arguments about the nature of space, time and experience in his most influential but difficult work, *The Critique of Pure Reason*. He offers an explanation and critique of Kant's famous theory of transcendental idealism and shows how much of Kant's philosophy is independent of this controversial doctrine. He then examines Kant's moral philosophy, his celebrated 'Categorical imperative' and his theories of duty, freedom of will and political rights. Finally, he covers Kant's aesthetics, in particular his arguments about the nature of beauty and the sublime, and their

Beyond Birds and Bees Bonnie J. Rough. 2018-08-21 A provocative inquiry into how we teach our children about bodies, sex, relationships and equality--with revelatory, practical takeaways from the author's research and eye-opening observations from the world-famous Dutch approach Award-winning author Bonnie J. Rough never expected to write a book about sex, but life handed her a revelation too vital to ignore. As an American parent grappling with concerns about raising children in a society steeped in stereotypes and sexual shame, she couldn't quite picture how to teach the facts of life with a fearless, easygoing, positive attitude. Then a job change relocated her family to Amsterdam, where she soon witnessed the relaxed and egalitarian sexual attitudes of the Dutch. There, she discovered, children learn from babyhood that bodies are normal, the world's best sex ed begins in kindergarten, cooties are a foreign concept, puberty is no big surprise, and questions about sex are welcome at the dinner table. In *Beyond Birds and Bees*, Rough reveals how although normalizing human sexuality may sound risky, doing so actually prevents unintended consequences, leads to better health and success for our children, and lays the foundation for a future of gender equality. Exploring how the Dutch example translates to American life, Rough highlights a growing wave of ambitious American parents, educators, and influencers poised to transform sex ed--and our society--for the better, and shows how families everywhere can give a modern lift to the birds and bees. Down to earth and up to the minute with our profound new cultural conversations about gender, sex, power, autonomy, diversity, and consent, Rough's careful research and engaging storytelling illuminate a forward path for a groundbreaking generation of Americans who want clear examples and actionable steps for how to support children's sexual development--and overall wellbeing--

Trespassing on Einstein's Lawn Amanda Gefter.2014-01-14

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS

REVIEWS In a memoir of family bonding and cutting-edge physics

for readers of Brian Greene's *The Hidden Reality* and Jim Holt's

Why Does the World Exist?, Amanda Gefter tells the story of how

she conned her way into a career as a science journalist—and

wound up hanging out, talking shop, and butting heads with the

world's most brilliant minds. At a Chinese restaurant outside of

Philadelphia, a father asks his fifteen-year-old daughter a

deceptively simple question: "How would you define nothing?"

With that, the girl who once tried to fail geometry as a

conscientious objector starts reading up on general relativity and

quantum mechanics, as she and her dad embark on a life-altering

quest for the answers to the universe's greatest mysteries. Before

Amanda Gefter became an accomplished science writer, she was

a twenty-one-year-old magazine assistant willing to sneak her and

her father, Warren, into a conference devoted to their physics

hero, John Wheeler. Posing as journalists, Amanda and Warren

met Wheeler, who offered them cryptic clues to the nature of

reality: The universe is a self-excited circuit, he said. And, The

boundary of a boundary is zero. Baffled, Amanda and Warren

vowed to decode the phrases—and with them, the enigmas of

existence. When we solve all that, they agreed, we'll write a book.

Trespassing on Einstein's Lawn is that book, a memoir of the

impassioned hunt that takes Amanda and her father from New

York to London to Los Alamos. Along the way, they bump up

against quirky science and even quirkier personalities, including

Leonard Susskind, the former Bronx plumber who invented string

theory; Ed Witten, the soft-spoken genius who coined the

enigmatic M-theory; even Stephen Hawking. What they discover

is extraordinary: the beginnings of a monumental paradigm shift

in cosmology, from a single universe we all share to a splintered reality in which each observer has her own. Reality, the Gefters learn, is radically observer-dependent, far beyond anything of which Einstein or the founders of quantum mechanics ever dreamed—with shattering consequences for our understanding of the universe’s origin. And somehow it all ties back to that conversation, to that Chinese restaurant, and to the true meaning of nothing. Throughout their journey, Amanda struggles to make sense of her own life—as her journalism career transforms from illusion to reality, as she searches for her voice as a writer, as she steps from a universe shared with her father to at last carve out one of her own. It’s a paradigm shift you might call growing up. By turns hilarious, moving, irreverent, and profound, *Trespassing on Einstein’s Lawn* weaves together story and science in remarkable ways. By the end, you will never look at the universe the same way again. Praise for *Trespassing on Einstein’s Lawn* “Nothing quite prepared me for this book. Wow. Reading it, I alternated between depression—how could the rest of us science writers ever match this?—and exhilaration.”—*Scientific American* “To Do: Read *Trespassing on Einstein’s Lawn*. Reality doesn’t have to bite.”—*New York* “A zany superposition of genres . . . It’s at once a coming-of-age chronicle and a father-daughter road trip to the far reaches of this universe and 10,500 others.”—*The Philadelphia Inquirer*

The Haunting of Vancouver Island Shanon Sinn.2017-10-10 A compelling investigation into supernatural events and local lore on Vancouver Island. Vancouver Island is known worldwide for its arresting natural beauty, but those who live here know that it is also imbued with a palpable supernatural energy. Researcher Shanon Sinn found his curiosity piqued by stories of mysterious sightings on the island—ghosts, sasquatches, sea serpents—but he was disappointed in the sensational and sometimes disrespectful way they were being retold or revised. Acting on his desire to transform these stories from unsubstantiated gossip to

thoroughly researched accounts, Sinn uncovered fascinating details, identified historical inconsistencies, and now retells these encounters as accurately as possible. Investigating 25 spellbinding tales that wind their way from the south end of the island to the north, Sinn explored hauntings in cities, in the forest, and on isolated logging roads. In addition to visiting castles, inns, and cemeteries, he followed the trail of spirits glimpsed on mountaintops, beaches, and water, and visited Heriot Bay Inn on Quadra Island and the Schooner Restaurant in Tofino to personally scrutinize reports of hauntings. Featuring First Nations stories from each of the three Indigenous groups who call Vancouver Island home—the Coast Salish, the Nuu-chah-nulth, and the Kwakwaka'wakw—the book includes an interview with Hereditary Chief James Swan of Ahousaht.

My Body Belongs to Me from My Head to My Toes .2014-01-07

Now every parent, grandparent, or teacher can explain to a child the difference between appropriate and inappropriate touching in a way that young boys and girls can understand. As a child, there are constantly people trying to pick you up, hug you, or tickle you. Sometimes, though, children fall victims to people who try to touch them inappropriately. But how do you tell someone, most likely an adult, that you don't want to be touched? Or, if it has already happened, how do you tell an adult you trust about what happened? You're only a child, and they're the adults. Why would they believe you? *My Body Belongs to Me from My Head to My Toes* is an educational tool to help instill confidence in children when it comes to their bodies. The narrative of the story is led by a girl named Clara, who encourages kids to say "no" if they are uncomfortable with physical contact. The narrator gives readers tips about what they can say or do to avoid unwanted physical

The Revelatory Body Luke Timothy Johnson. 2015 Scripture points to the human body and lived experience as the privileged arena of God's self-disclosure in the world, says Luke Timothy Johnson. Attention to both ordinary and extraordinary manifestations of the Holy Spirit in and through the body is essential for theology to recover its nature as an inductive art rather than a deductive science and to serve as an expression and articulation of authentic faith in the living God. Willingness to risk engaging actual human situations -- rather than abstract conceptualizations about those situations -- is required of the theologian, Johnson argues. In *The Revelatory Body* he celebrates human experiences of activity, pleasure, pain, weariness, and aging, showing how theology might be enlivened through careful attention to the ways in which these bodily experiences disclose the movements of the Holy Spirit.

Rosenzweig.1995 Franz Rosenzweig (1886-1929), one of the most daunting modern Jewish thinkers, exercises a profound influence on contemporary philosophy and modern Jewish thought. In this seminal study, Barbara Galli provides the first English translation of Franz Rosenzweig's *Jehuda Halevi: Zweiundneunzig Hymnen und Gedichte*, a German translation of the poems of the great medieval Jewish poet Jehuda Halevi, followed by a lively, interpretive response. Galli's primary aim is to explore Rosenzweig's statement that his Notes to Halevi's poems exemplify a practical application of the philosophic system he set out in *The Star of Redemption*. Through an extended, multifaceted investigation of Rosenzweig's thought, Galli uncovers his philosophy of translation, out of which she determines and unravels his philosophic conclusion and his belief that there is only one language. In the final chapters, she concentrates on the Notes to the poems, and in doing so attempts to philosophize according to Rosenzweig's own mandate: full speech is word and response.

Feminist Views from Somewhere Leslie Gardner, Frances Gray.2016-12-08 *Feminist Views from Somewhere: Post-Jungian Themes in Feminist Theory* explores what and how Jungian thought contributes to feminist thinking. Broadly speaking, feminist thinking, or thinking by and about women as autonomous, intelligent and independent agents, has opened up scholarship through insightful, reflective critique and practice. This is the starting point of this collection from a range of theorists, interested in the multiple concerns of Jungian and analytical psychology. The contributors take a unique approach to Jungian thinking. Rather than focusing on its mythological aspects, the authors develop alternative, feminist approaches that enhance the appreciation of the possibilities for Jungian and post-Jungian studies. With a primarily theoretical orientation, the rigorous, critical approaches in the collection highlight the possibilities of imaginative Jungian theory. Divided into three

parts, 'Viewing Earth', 'Clinical Perspectives' and 'Literary Landscapes', the chapters cover themes including embodiment, intersubjectivity, individuation and narrative. The contributors vividly reflect the range and diversity of opinions amongst women influenced by Jungian thought. *Feminist Views from Somewhere* is essential reading for academics and students of Jungian and post-Jungian studies, women's studies and gender studies, as well as analytical psychologists in practice and in training.

Coloring Book Some Parts are NOT for Sharing Julie K. Federico.2009-01-13 I wrote this book after hearing children recount child abuse stories that happened to them when they were young. I was a middle school counselor for years my students were 11-14 years old. The abuse they were recounting happened usually from 2-8 years old. I wrote *Some Parts are NOT for Sharing* on the level of an infant to an 8-year-old. This book will frighten no one. People write awful reviews and say, This book does not say anything! This is the point; this book is the tip of the iceberg it is not the entire iceberg. If it were it would not be for small children. The point of this book is to educate your children about child abuse before some other loving family member does. Most children are not harmed by strangers. In all of my years of counseling not one child reported that they were harmed by a stranger. Mom's boyfriend was the biggest perpetrator followed closely by stepfather. Knowledge is power please, please, protect your children. To read the book before you buy it visit juliefederico.com Your body is a no trespassing zone. Your body is sacred, your body is your own. Many parts of our bodies we share with others. It feels good to share these parts of our bodies. Hugs are wonderful, holding hands can make your day more special. We share all of the parts of our bodies except the private areas. The private areas are any area a swimsuit

covers. This book will teach you what to do if someone touches you in the no trespassing zone or the private areas. (page break) Some adults, teenagers, and children do not use good judgement and unfortunately touch other children in these places. They may continue to touch you in the no trespassing zone even after you have told them to stop. It does not feel right when someone touches you in these areas. Trust this feeling, it is not right. It is not okay. It is not your fault that they are deciding to use bad judgement. It is not your fault that they are deciding to use bad judgement. The person touching you may make you feel like it is your fault and they will definitely tell you, Not to tell anyone, this is our secret. This is a lie, this is a huge lie. No trespassing zone touching should always be reported. If you do not report it, it will not stop. Reporting is not calling the local news. Reporting it is telling a trusted adult. A trusted adult can be; a parent, grandparent, neighbor, teacher, school bus driver, doctor, friend, step-sister or anyone that you trust. The most important thing to remember when telling the story is to repeat the story to someone else if the person you tell does not get help. If they get help they will be calling law enforcement or human services. This book is also available in Spanish. Julie Federico Children's Services
