The Ink of the Scholars Bachir Diagne.2016-12-29 What are the issues discussed today by African philosophers? Four important topics are identified here as important objects of philosophical reflection on the African continent. One is the question of ontology in relation to African religions and aesthetics. Another is the question of time and, in particular, of prospective thinking and development. A third issue is the task of reconstructing the intellectual history of the continent through the examination of the question of orality but also by taking into account the often neglected tradition of written erudition in Islamic centres of learning. Timbuktu is certainly the most important and most famous of such intellectual centres. The fourth question concerns political philosophy: the concept of African socialisms is revisited and the march that led to the adoption of

the African Charter of Human and Peoples Rights is examined. All these important issues are also fundamental to understanding the question of African languages and translation.

Kaveena Boubacar Boris Diop.2016-03-28 This dark and suspenseful novel tells the story of a fictitious West African country caught in the grip of civil war. The dispassionate and deadpan narrator, Asante Kroma, is a former head of Secret Services and finds himself living with the corpse of the dictator, a man who once ruled his nation with an iron fist. Through a series of flashbacks and letters penned by the dictator, N'Zo Nikiema, readers discover the role of the French shadow leader, Pierre Castaneda, whose ongoing ambition to exploit the natural resources of the country knows no limits. As these powerful men use others as pawns in a violent real-life chess match, it is the murder of six-year-old Kaveena and her mother's quest for vengeance that brings about a surprise reckoning.

Beauvoir in Time Meryl Altman.2020 Beauvoir in Time situates Simone de Beauvoir's *The Second Sex* in the historical context of its writing and in later contexts of its international reception, from then till now. The book takes up three aspects of Beauvoir's work more recent feminists find embarrassing: bad sex, dated views about lesbians, and intersections with race and class. Through close reading of her writing in many genres, alongside contemporaneous discourses (good and bad novels in French and English, outmoded psychoanalytic and sexological authorities, ethnographic surrealism, the writing of Richard Wright and Franz Fanon), and in light of her travels to the U.S. and China, the author uncovers insights more recent feminist methodologies obscure, showing Beauvoir is still good to think with today--

The Post Card Jacques Derrida.2020-10-28 17 November 1979 You were reading a somewhat retro loveletter, the last in history. But you have not yet received it. Yes, its lack or excess of address

prepares it to fall into all hands: a post card, an open letter in which the secret appears, but indecipherably. What does a post card want to say to you? On what conditions is it possible? Its destination traverses you, you no longer know who you are. At the very instant when from its address it interpellates you, uniquely you, instead of reaching you it divides you or sets you aside, occasionally overlooks you. And you love and you do not love, it makes of you what you wish, it takes you, it leaves you, it gives you. On the other side of the card, look, a proposition is made to you, S and p, Socrates and Plato. For once the former seems to write, and with his other hand he is even scratching. But what is Plato doing with his outstretched finger in his back? While you occupy yourself with turning it around in every direction, it is the picture that turns you around like a letter, in advance it deciphers you, it preoccupies space, it procures your words and gestures, all the bodies that you believe you invent in order to determine its outline. You find yourself, you, yourself, on its path. The thick support of the card, a book heavy and light, is also the specter of this scene, the analysis between Socrates and Plato, on the program of several others. Like the soothsayer, a fortune-telling book watches over and speculates on that-which-must-happen, on what it indeed might mean to happen, to arrive, to have to happen or arrive, to let or to make happen or arrive, to destine, to address, to send, to legate, to inherit, etc., if it all still signifies, between here and there, the near and the far, da und fort, the one or the other. You situate the subject of the book: between the posts and the analytic movement, the pleasure principle and the history of telecommunications, the post card and the purloined letter, in a word the transference from Socrates to Freud, and beyond. This satire of epistolary literature had to be farci, stuffed with addresses, postal codes, crypted missives, anonymous letters, all of it confided to so many modes, genres, and tones. In it I also abuse dates, signatures, titles or references, language itself. J. D. With The Post Card, as with

Glas, Derrida appears more as writer than as philosopher. Or we could say that here, in what is in part a mock epistolary novel (the long section is called Envois, roughly, dispatches), he stages his writing more overtly than in the scholarly works. . . . The Post Card also contains a series of self-reflective essays, largely focused on Freud, in which Derrida is beautifully lucid and direct.—Alexander Gelley, Library Journal

Nowhere to Be Home Maggie Lemere,Zoe West.2023-06-15 Decades of military oppression in Burma have led to the systematic destruction of thousands of ethnic minority villages, a standing army with one of the world’s highest number of child soldiers, and the displacement of millions of people. Nowhere to Be Home is an eye-opening collection of oral histories exposing the realities of life under military rule. In their own words, men and women from Burma describe their lives in the country that Human Rights Watch has called “the textbook example of a police state.”

Scholars from Canada, France, Great Britain, Spain, and the United States examine the work of writers and thinkers including Michel de Montaigne, Victor Hugo, Émile Zola, Arthur Rimbaud, Marguerite Yourcenar, Gilbert Simondon, Michel Serres, Michel Houellebecq, and Éric Chevillard. Vies des pères, martyrs, et autres principaux Saints tirées des actes originaux et des monuments les plus authentiques... Jean-François Godescard.1836

The Object of Art Marian Hobson.2009-06-25 Are works of art imitations? If so, what exactly do they imitate? Should an artist remind his audience that what it is perceiving is in fact artifice, or should he try above all to persuade it to accept the illusion as reality? Questions such as these, which have dominated aesthetic theory since the Greeks, were debated with extraordinary vigour and ingenuity in eighteenth-century France. In this book Dr Hobson analyses these debates, focusing in turn on painting, the novel, drama, poetry and music. In each case she relates theory to contemporary works of art by Watteau, Chardin, Diderot, Beaumarchais, Gluck and many others. She shows that disputes within the theory of each art centred upon the nature of the perceiver's attention. Dr Hobson provides a method of mapping the changes in artistic style which took place as the century advanced. In discussing such conceptual transformations Dr Hobson opens an important perspective for the study of Romanticism and Realism.

The Masterpiece Émile Zola.2016-07-10 The Masterpiece is the tragic story of Claude Lantier, an ambitious and talented young artist from the provinces who has come to conquer Paris and is

conquered by the flaws in his own genius. While his boyhood friend Pierre Sandoz becomes a successful novelist, Claude's originality is mocked at the Salon and turns gradually into a doomed obsession with one great canvas. Life - in the form of his model and wife Christine and their deformed child Jacques - is sacrificed on the altar of Art. The Masterpiece is the most autobiographical of the twenty novels in Zola's Rougon-Macquart series. Set in the 1860s and 1870s, it provides a unique insight into his career as a writer and his relationship with Cézanne, a friend since their schooldays in Aix-en-Provence. It also presents a well-documented account of the turbulent Bohemia world in which the Impressionists came to prominence despite the conservatism of the Academy and the ridicule of the general public. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more. Collected Works of Paul Valéry, Volume 6 Paul Valéry.1989-07-21 Although not autobiographical in any usual sense, Valéry's novel is profoundly personal. Monsieur Teste reflects Valéry's preoccupation with the phenomenon of a mind detached from sensibility, yet he is also an ordinary fictional character. This volume includes Snapshots of Monsieur Teste, excerpts from Valéry's Cahiers.

Now, the three friends are about to meet again at their reunion. Will decades of lies unravel to reveal what really happened on that deadly winter night? Taut, suspenseful, and addictive, *The Reunion* will grip you until its haunting final page.

Journeys Through the French African Novel Mildred P. Mortimer.1990 Mildred Mortimer questions the preeminence of outer and inner voyages in the francophone African novel. Rooted in both African oral tradition and the European novel, the journey motif not only reflects cultural blending but also African experiences of migration, exploration, and conquest. The author focuses on the importance of orature to African writing, links between Maghrebian and sub-Saharan African fiction, and the distinction between men's and women's journeys.

Valentine George Sand.2005-08-30 This is George Sand's second novel. Like *Indiana*, her first, it explores the relationship between men and women. *Valentine*, an aristocratic girl, falls desperately in love with *Benedict*, the son of a poor farmer. Again, like *Indiana*, this novel challenges preconceived masculine assumptions about woman's role in society. In loving *Benedict*, *Valentine* rebels against her family and her class.

Feminizing the Fetish Emily Apter.2018-03-15 Shoes, gloves, umbrellas, cigars that are not just

objects—the topic of fetishism seems both bizarre and inevitable. In this venturesome and provocative book, Emily Apter offers a fresh account of the complex relationship between representation and sexual obsession in turn-of-the-century French culture. Analyzing works by authors in the naturalist and realist traditions as well as making use of documents from a contemporary medical archive, she considers fetishism as a cultural artifact and as a subgenre of realist fiction. Apter traces the web of connections among fin-de-siècle representations of perversion, the fiction of pathology, and the literary case history. She explores in particular the theme of female fetishism in the context of the feminine culture of mourning, collecting, and dressing.

God's Bits of Wood Sembène Ousmane.2024-02-01 It is 1947 and the workers on the Dakar-Niger Railway have come out on strike. Sembène Ousmane, in this vivid and moving novel, evokes all of the colour, passion and tragedy of those decisive years in history. 'Ever since they left Thiès, the women had not stopped singing. As soon as one group allowed the refrain to die, another picked it up, and new verses were born at the hazard of chance or inspiration, one word leading to another and each finding, in its turn, its rhythm and its place. No one was very sure any longer where the

song began, or if it had an ending.' God's Bits of Wood is Sembène Ousmane's internationally renowned novel, based on his own experiences of the landmark 1947 railroad strike that spread across French West Africa. 'A classic.' Guardian 'Ousmane Sembène [was] a crucial figure in Africa's postcolonial cultural awakening.' New York Times 'A powerful story.' Kirkus Translated from the French by Francis Price.
