L'esprit du camping France Poulain,Élisabeth Poulain.2005 La France est le pays du camping. C'est en France que l'on compte le plus de terrains de camping dans le monde, à raison d'un terrain pour trois villes ou villages environ. Et le nombre s'accroît tous les jours. C'est aussi en France qu'il y a le plus de campeurs qui pratiquent toutes les formes de camping. Nous sommes ainsi plus de dix millions à avoir ce plaisir à portée de main. Camping traditionnel en tente comme les intellectuels sportifs du début du XXe siècle, camping confortable avec la caravane, camping résidentiel en mobile home qui constitue désormais le 1er mode d'hébergement de vacances ou itinérant avec le camping-car, toutes ces variantes forment la grande famille du camping. Ces différents habitats permettent aux campeurs, amoureux de la nature et d'activités de plein air, de s'épanouir, de nettoyer leur corps et de libérer leur esprit des tensions accumulées au cours de l'année. Faire du camping, quelles qu'en soient ses modalités ou sa durée, c'est se régénérer que l'on soit très jeune, jeune ou encore jeune, très sportif ou plus attiré par la contemplation. Pratiquer le camping un peu, beaucoup, énormément, voire passionnément, c'est aussi avoir l'esprit du camping fait de chaleur, de simplicité, de fraternité et d'échanges entre les campeurs. C'est aussi savoir observer, comprendre ce et ceux qui nous entourent et savoir transmettre aux plus jeunes des valeurs que nous allons retrouver tout au long du XXe siècle et qui sont profondément inscrites dans notre histoire collective si riche. C'est enfin un style de vie étonnant de modernité, que certains croient dépassé car ils méconnaissent les évolutions et les mutations permanentes de ce mode de vie.

Comment se manifeste concrètement l'inventivité des campeurs fondée sur un nomadisme caractérisant notre début du XXIe siècle ? Pourquoi ont-ils été de tels innovateurs ? Et plus largement, quelles sont les raisons qui poussent plusieurs millions de personnes chaque année en France à faire du camping ? C'est à ces questions que répond l'Esprit du camping, écrites par deux pratiquantes passionnées de camping qui ont réuni, depuis plusieurs années, une collection exceptionnelle d'objets et de livres dédiés au camping.

Private Peaceful Michael Morpurgo.2012-08-24 *Private Peaceful* relives the life of Private Tommo Peaceful, a young First World War soldier awaiting the firing squad at dawn. During the night he looks back at his short but joyful past growing up in rural Devon: his exciting first days at school; the accident in the forest that killed his father; his adventures with Molly, the love of his life; and the battles and injustices of war that brought him to the front line. Winner of the Blue Peter Book of the Year, *Private Peaceful* is by the third Children's Laureate, Michael Morpurgo, award-winning author of *War Horse*. His inspiration came from a visit to Ypres where he was shocked to discover how many young soldiers were court-martialled and shot for cowardice during the First World War. This edition also includes introductory essays by Michael Morpurgo, Associate Director of *Private Peaceful* production Mark Leipacher, as well as an essay from Simon Reade, adaptor & director of this stage adaptation of *Private Peaceful*.

La madrasa médiévale Lucien Golvin.1996 École coranique, collège, séminaire, pensionnat, cité universitaire avant la lettre ... : en arabe, le terme de madrasa recouvre quantité d'acceptions. Du Proche-Orient au Maghreb, l'ouvrage étudie l'évolution de l'architecture des principales madrasas

(historique, éléments architectoniques, études des plans et masses, analyses des formes décoratives, rapports avec la maison particulière), et renouvelle les hypothèses sur la signification des madrasas cruciformes à quatre iwans = Koranic school, college, seminary, boarding school, campus before the letter ... : in Arabic, the term madrassa covers many of these meanings. From Middle East to North Africa, the book examines the evolution of the architecture of main madrassas (historical, architectural elements, study plans and bodies, analysis of decorative forms, reports with the special house); it also renews the assumptions on the significance of cross-shaped madrasas at four iwans.
