

# Hitler S Last Days The Death Of The Nazi Regime A

*Hitler's Death* V. K. Vinogradov, IñAñ. F. Pogoniï, N V Teptzov. 2005 A unique insight into the death throes of the Third Reich and guaranteed to cause controversy! At last one of the greatest mysteries of the Second World War has been solved.

*Inside Hitler's Bunker* Joachim Fest. 2005-03-15 Relates the final days of World War II in a study of Hitler's final days in the bunker and the torment in Germany's cities and towns as the Third Reich collapsed under the weight of American, British, French, and Russian forces.

**The End** Ian Kershaw. 2012-08-28 From the author of *To Hell and Back*, a fascinating and original exploration of how the Third Reich was willing and able to fight to the bitter end of World War II. Countless books have been written about why Nazi Germany lost the Second World War, yet remarkably little attention has been paid to the equally vital questions of how and why the Third Reich did not surrender until Germany had been left in ruins and almost completely occupied. Drawing on prodigious new research, Ian Kershaw, an award-winning historian and the author of *Fateful Choices*, explores these fascinating questions in a gripping and focused narrative that begins with the failed bomb plot in July 1944 and ends with the death of Adolf Hitler and the German capitulation in 1945. *The End* paints a harrowing yet enthralling portrait of the Third Reich in its last desperate gasps.

**The Last Days of Hitler** Anton Joachimsthaler.2007

*Hitler's Last Days* Bill O'Reilly.2015-06-09 A riveting narrative of the events surrounding the death of Adolf Hitler and the downfall of the German Nazi State.

**Aftermath** Harald Jähner.2022-01-11 How does a nation recover from fascism and turn toward a free society once more? This internationally acclaimed revelatory history—filled with first-person accounts from articles and diaries (The New York Times)—of the transformational decade that followed World War II illustrates how Germany raised itself out of the ashes of defeat and reckoned with the corruption of its soul and the horrors of the Holocaust. Featuring over 40 eye-opening black-and-white photographs and posters from the period. The years 1945 to 1955 were a raw, wild decade that found many Germans politically, economically, and morally bankrupt. Victorious Allied forces occupied the four zones that make up present-day Germany. More than half the population was displaced; 10 million newly released forced laborers and several million prisoners of war returned to an uncertain existence. Cities lay in ruins—no mail, no trains, no traffic—with bodies yet to be found beneath the towering rubble. *Aftermath* received wide acclaim and spent forty-eight weeks on the best-seller list in Germany when it was published there in 2019. It is the first history of Germany's national mentality in the immediate postwar years. Using major global political developments as a backdrop, Harald Jähner weaves a series of life stories into a nuanced panorama of a nation undergoing monumental change. Poised between two eras, this decade is portrayed by Jähner as a period that proved decisive for Germany's future—and one starkly different from how most of us imagine it today.

**Inside Hitler's Bunker** Joachim C. Fest.2005 In this compelling new reconstruction, Germany's greatest historian of Nazism describes in vivid detail the claustrophobic atmosphere of the Fuhrer's

bunker during the bitter last days of the war when, drugged and enfeebled, Hitler veered between hysterical despair and lunatic optimism while his regime disintegrated amid desperate acts of betrayal, recrimination and suicide. 'vivid and creepy, as well as darkly comic' - Mail On Sunday 'unputdownable' - Sunday Times 'Nobody has written a better account' - Observer 'such pace, drama and immediacy that one could almost believe he had been an eye-witness' - The Spectator 'moves like a blood racing thriller' - Catholic Times 'There has never been a more evocative account' - Daily Mail

The Last Days of Hitler Hugh Redwald Trevor-Roper.1958

**The Hitler Book** Henrik Eberle,Matthias Uhl.2009-03-25 Stalin had never been able to shake off the nightmare of Adolf Hitler. Just as in 1941 he refused to understand that Hitler had broken their non-aggression pact, he was in 1945 unwilling to believe that the dictator had committed suicide in the debris of the Berlin bunker. In his paranoia, Stalin ordered his secret police, the NKVD, precursor to the KGB, to explore in detail every last vestige of the private life of the only man he considered a worthy opponent, and to clarify beyond doubt the circumstances of his death. For months two captives of the Soviet Army--Otto Guensche, Hitler's adjutant, and Heinz Linge, his personal valet--were interrogated daily, their stories crosschecked, until the NKVD were convinced that they had the fullest possible account of the life of the Führer. In 1949 they presented their work, in a single copy, to Stalin. It is as remarkable for the depth of its insight into Adolf Hitler--from his specific directions to Linge as to how his body was to be burned, to his sense of humor--as for what it does not say, reflecting the prejudices of the intended reader: Joseph Stalin. Nowhere, for instance, does the dossier criticize Hitler's treatment of the Jews. Today, the 413-page original of Stalin's personal biography of Hitler is a Kremlin treasure and it is said to be held in President

Putin's safe. The only other copy, made by order of Stalin's successor, Nikita Khrushchev, in 1959, was deposited in Moscow Party archives under the code number 462A. It was there that Henrik Eberle and Matthias Uhl, two German historians, found it. Available to the public in full for the first time, *The Hitler Book* presents a captivating, astonishing, and deeply revealing portrait of Hitler, Stalin, and the mutual antagonism of these two dictators, who between them wrought devastation on the European continent.

**Hitler's Last Days** Bill O'Reilly.2015-06-09 By early 1945, the destruction of the German Nazi State seems certain. The Allied forces, led by American generals George S. Patton and Dwight D. Eisenhower, are gaining control of Europe, leaving German leaders scrambling. Facing defeat, Adolf Hitler flees to a secret bunker with his new wife, Eva Braun, and his beloved dog, Blondi. It is there that all three would meet their end, thus ending the Third Reich and one of the darkest chapters of history. *Hitler's Last Days* is a gripping account of the death of one of the most reviled villains of the 20th century—a man whose regime of murder and terror haunts the world even today. Adapted from Bill O'Reilly's historical thriller *Killing Patton*, this book will have young readers—and grown-ups too—hooked on history. This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum.

*The Death of Hitler's War Machine* Samuel W. Mitcham.2021-02-02 It was the endgame for Hitler's Reich. In the winter of 1944–45, Germany staked everything on its surprise campaign in the Ardennes, the “Battle of the Bulge.” But when American and Allied forces recovered from their initial shock, the German forces were left fighting for their very survival—especially on the Eastern Front, where the Soviet army was intent on matching, or even surpassing, Nazi atrocities. At the mercy of the Fuehrer, who refused to acknowledge reality and forbade German retreats, the

Wehrmacht was slowly annihilated in horrific battles that have rarely been adequately covered in histories of the Second World War—especially the brutal Soviet siege of Budapest, which became known as the “Stalingrad of the Waffen-SS.” Capping a career that has produced more than forty books, Dr. Samuel W. Mitcham now tells the extraordinary tale of how Hitler’s once-dreaded war machine came to a cataclysmic end, from the Battle of the Bulge in December 1944 to the German surrender in May 1945. Making use of German wartime papers and memoirs—some rarely seen in English-language sources—Mitcham’s sweeping narrative deserves a place on the shelf of every student of World War II.

*The Bunker* James P. O'Donnell.2001 A compulsively readable account of Hitler's last days, written by one of the first Americans to enter Hitler's bunker after the fall of Berlin

*Hitler's Last Day* Jonathan Mayo,Emma Craigie.2016-03-17 On 30th April 1945 the world is in chaos. American and Russian forces have linked up in the middle of Germany, but the fighting continues. The roads of Germany are full of people - Jews who have survived concentration camps, Allied POWs trying to get home, and Nazis on the run. The civilian population under German control will run out of food in less than a fortnight. The man whose dream of a thousand-year Reich began this nightmare is in a bunker beneath the streets of Berlin saying his farewells. By 3pm he will be dead. *Hitler's Last Day: Minute by Minute*, is pure chronological narrative, as seen through the eyes of those who were there in the bunker, those waiting for news back home, or fighting in the streets of Germany, or pacing the corridors of power in Washington, London and Moscow. It was a day of endings and beginnings when ordinary people were placed often in extraordinary situations.

*Summary of Hitler's Last Days* Readtrepreneur Publishing.2019-05-24 *Hitler's Last Days: The Death of the Nazi Regime and the World's Most Notorious Dictator* by Bill O'Reilly - Book Summary -

Why Choose Us, Readtrepreneur? ● Highest Quality Summaries ● Delivers Amazing Knowledge ● Awesome Refresher ● Clear And Concise Disclaimer Once Again: This book is meant for a great companionship of the original book or to simply get the gist of the original book. **The Life and Death of Adolf Hitler** James Cross Giblin.2002 Traces Hitler's life from his childhood in Austria to his final days in Berlin, exploring how his promises of prosperity and power along with anti-Semitic rhetoric allowed him to lead the nation of Germany into World War II. *Mein Kampf* Adolf Hitler.2021-03-19 'MEIN KAMPF' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the

merger of two volumes. The first volume of MEIN KAMPF' was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The book narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

The Last Days of Hitler Hugh Redwald Trevor-Roper.1971 In September 1945 the circumstances surrounding Hitler's death were dark and mysterious. Hugh Trevor-Roper, an intelligence officer, was given the task of uncovering the last few weeks of Hitler's life. His brilliant piece of detective work proved finally that Hitler had killed himself and also tells the story of the last days of the Thousand Year Reich in the Berlin Bunker.

*What Really Happened: The Death of Hitler* Robert J. Hutchinson.2020-08-04 Think You Know Everything about the death of Hitler? Think Again. After World War II, 50 percent of Americans

polled said they didn't believe Adolf Hitler and Eva Braun had committed suicide in their bunker in 1945, as captured Nazi officials claimed. Instead, they believed the dictator faked his death and escaped, perhaps to Argentina. This wasn't a crazy opinion: Joseph Stalin told Allied leaders that Soviet forces never discovered Hitler's body and that he personally believed the Nazi leader had escaped justice. At least two German submarines crossed the Atlantic and landed on the coast of Argentina in July 1945. Plus, there were numerous reports of top Nazi officials successfully fleeing to South America where there was a large German colony. Incredible as it sounds, the mystery surrounding Adolf Hitler's final days only deepened in 2009 when a U.S. forensic team announced that a piece of Hitler's skull held in Soviet archives was not actually Hitler's. International interest increased further in 2014 when the FBI released previously classified files detailing investigations surrounding Hitler's possible escape. And the following year, The History Channel launched a three-year reality TV series investigating if it was possible Hitler did somehow survive. So what really happened? Popular history writer Robert J. Hutchinson, author of *What Really Happened: The Lincoln Assassination*, takes a fresh look at the evidence and discovers, once and for all, the truth about Hitler's last week in Berlin. Among the questions the book explores are... \* What did surviving Nazi eyewitnesses really say about the Führer's final days in the bunker—and could they have been lying to aid Hitler's escape? \* If Hitler didn't escape, why did the Allies not find his body? \* What about Hitler's proven use of body doubles? Could Hitler have used a body double in the bunker while he and Eva Braun flew to safety in a long-range aircraft that took off from a runway in Berlin's Tiergarten? \* Why did the FBI continue to investigate reports of Hitler's survival for more than a decade after World War II—reports that were only declassified in 2014? \* What about sensational claims in books such as *The Grey Wolf* that Hitler and Eva Braun lived in an isolated chalet in the

Andes - and that Hitler died in 1962? \* Why were forensic tests on crucial physical evidence only conducted in 2016, more than 70 years after World War II ended? \* And lots MORE.

The Third Reich in Power (The History of the Third Reich, #2) About the book (German) : Mein Kampf ist ein autobiografisches Manifest des NSDAP-Führers Adolf Hitler aus dem Jahr 1925. Das Werk beschreibt den Prozess, durch den Hitler zum Antisemiten wurde, und skizziert seine politische Ideologie und Zukunftspläne für Deutschland. Band 1 von Mein Kampf wurde 1925 und Band 2 1926 veröffentlicht. Das Buch wurde zuerst von Emil Maurice, dann von Hitlers Stellvertreter Rudolf Heß herausgegeben. Hitler begann Mein Kampf im Gefängnis nach seinem gescheiterten Staatsstreich in München im November 1923 und einem Prozess wegen Hochverrats im Februar 1924, in dem er zu einer sehr leichten Haftstrafe von fünf Jahren verurteilt wurde. Obwohl er anfangs viele Besucher empfing, widmete er sich bald ganz dem Buch. Als er fortfuhr, wurde ihm klar, dass es ein zweibändiges Werk sein musste, wobei der erste Band Anfang 1925 erscheinen sollte. Der Gouverneur von Landsberg bemerkte damals, dass „er [Hitler] hofft, dass das Buch viele finden wird Auflagen, die es ihm ermöglichen, seinen finanziellen Verpflichtungen nachzukommen und die zum Zeitpunkt seines Prozesses entstandenen Kosten zu bestreiten. Nach langsamen Anfangsverkäufen

wurde das Buch nach Hitlers Machtergreifung 1933 zu einem Bestseller in Deutschland. About the Book (English) : Mein Kampf is an autobiographical manifesto written by Nazi Party leader Adolf Hitler in 1925. The work describes the process by which Hitler became an anti-Semite and outlines his political ideology and future plans for Germany. Volume 1 of Mein Kampf was published in 1925 and Volume 2 in 1926. The book was first edited by Emil Maurice, then by Hitler's deputy Rudolf Hess. Hitler began Mein Kampf in prison after his failed coup d'état in Munich in November 1923 and a treason trial in February 1924, at which he was sentenced to a very light sentence of five years. Although he initially received many visitors, he soon devoted himself entirely to the book. As he continued, he realized it had to be in two volumes, with the first volume due out in early 1925. The governor of Landsberg remarked at the time that he [Hitler] hopes that the book will find many editions which will enable him to meet his financial obligations and defray the costs incurred at the time of his trial. After slow initial sales, the book became a bestseller in Germany after Hitler came to power in 1933. About the Author : Adolf Hitler (German: ['ad.ɔlf 'hɪt.lɐ] (listen); 20 April 1889 - 30 April 1945) was an Austrian-born German politician who was the dictator of Germany from 1933 until his death in 1945. He rose to power as the leader of the Nazi Party, becoming the chancellor in 1933 and then assuming the title of Führer und Reichskanzler in 1934. During his dictatorship, he initiated World War II in Europe by invading Poland on 1 September 1939. He was closely involved in military operations throughout the war and was central to the perpetration of the Holocaust, the genocide of about six million Jews and millions of other victims. Hitler was born in Austria-Hungary and was raised near Linz. He lived in Vienna later in the first decade of the 1900s and moved to Germany in 1913. He was decorated during his service in the German Army in World War I. In 1919, he joined the German Workers' Party (DAP), the precursor of

the Nazi Party, and was appointed leader of the Nazi Party in 1921. In 1923, he attempted to seize governmental power in a failed coup in Munich and was imprisoned with a sentence of five years. In jail, he dictated the first volume of his autobiography and political manifesto *Mein Kampf* (My Struggle). After his early release in 1924, Hitler gained popular support by attacking the Treaty of Versailles and promoting pan-Germanism, anti-Semitism and anti-communism with charismatic oratory and Nazi propaganda. He frequently denounced international capitalism and communism as part of a Jewish conspiracy. By November 1932, the Nazi Party held the most seats in the German Reichstag, but did not have a majority. As a result, no party was able to form a majority parliamentary coalition in support of a candidate for chancellor. Former chancellor Franz von Papen and other conservative leaders persuaded President Paul von Hindenburg to appoint Hitler as chancellor on 30 January 1933. Shortly after, the Reichstag passed the Enabling Act of 1933 which began the process of transforming the Weimar Republic into Nazi Germany, a one-party dictatorship based on the totalitarian and autocratic ideology of Nazism. Hitler aimed to eliminate Jews from Germany and establish a New Order to counter what he saw as the injustice of the post-World War I international order dominated by Britain and France. His first six years in power resulted in rapid economic recovery from the Great Depression, the abrogation of restrictions imposed on Germany after World War I, and the annexation of territories inhabited by millions of ethnic Germans, which gave him significant popular support. Hitler sought *Lebensraum* (lit. 'living space') for the German people in Eastern Europe, and his aggressive foreign policy is considered the primary cause of World War II in Europe. He directed large-scale rearmament and, on 1 September 1939, invaded Poland, resulting in Britain and France declaring war on Germany. In June 1941, Hitler ordered an invasion of the Soviet Union. By the end of 1941, German forces and the European Axis powers occupied

most of Europe and North Africa. These gains were gradually reversed after 1941, and in 1945 the Allied armies defeated the German army. On 29 April 1945, he married his longtime lover, Eva Braun, in the Führerbunker in Berlin. Less than two days later, the couple committed suicide to avoid capture by the Soviet Red Army. Their corpses were burned. Historian and biographer Ian Kershaw describes Hitler as the embodiment of modern political evil. Under Hitler's leadership and racially motivated ideology, the Nazi regime was responsible for the genocide of about six million Jews and millions of other victims, whom he and his followers deemed Untermenschen (subhumans) or socially undesirable. Hitler and the Nazi regime were also responsible for the killing of an estimated 19.3 million civilians and prisoners of war. In addition, 28.7 million soldiers and civilians died as a result of military action in the European theatre. The number of civilians killed during World War II was unprecedented in warfare, and the casualties constitute the deadliest conflict in history.

Hitler's Last Plot Ian Sayer, Jeremy Dronfield. 2019-04-16 Revealed for the first time: how the SS rounded up the Nazis' most prominent prisoners to serve as human shields for Hitler in the last days of World War II In April 1945, as Germany faced defeat, Hitler planned to round up the Third Reich's most valuable prisoners and send them to his Alpine Fortress, where he and the SS would keep the hostages as they made a last stand against the Allies. The prisoners included European presidents, prime ministers, generals, British secret agents, and German anti-Nazi clerics, celebrities, and officers who had aided the July 1944 bomb plot against Hitler--and the prisoners' families. Orders were given to the SS: if the German military situation deteriorated, the prisoners were to be executed--all 139 of them. So began a tense, deadly drama. As some prisoners plotted escape, others prepared for the inevitable, and their SS guards grew increasingly volatile, drunk, and trigger-happy

as defeat loomed. As a dramatic confrontation between the SS and the Wehrmacht threatened the hostages caught in the middle, the US Army launched a frantic rescue bid to save the hostages before the axe fell. Drawing on previously unpublished and overlooked sources, *Hitler's Last Plot* is the first full account of this astounding and shocking story, from the original round-up order to the prisoners' terrifying ordeal and ultimate rescue. Told in a thrilling, page-turning narrative, this is one of World War II's most fascinating episodes.

*Nurses and Midwives in Nazi Germany* Susan Benedict, Linda Shields. 2014-04-24 This book is about the ethics of nursing and midwifery, and how these were abrogated during the Nazi era. Nurses and midwives actively killed their patients, many of whom were disabled children and infants and patients with mental (and other) illnesses or intellectual disabilities. The book gives the facts as well as theoretical perspectives as a lens through which these crimes can be viewed. It also provides a way to teach this history to nursing and midwifery students, and, for the first time, explains the role of one of the world's most historically prominent midwifery leaders in the Nazi crimes.

Blitzed Norman Ohler. 2017-03-07 A New York Times bestseller, Norman Ohler's *Blitzed* is a fascinating, engrossing, often dark history of drug use in the Third Reich" (Washington Post). The Nazi regime preached an ideology of physical, mental, and moral purity. Yet as Norman Ohler reveals in this gripping history, the Third Reich was saturated with drugs: cocaine, opiates, and, most of all, methamphetamines, which were consumed by everyone from factory workers to housewives to German soldiers. In fact, troops were encouraged, and in some cases ordered, to take rations of a form of crystal meth—the elevated energy and feelings of invincibility associated with the high even help to account for the breakneck invasion that sealed the fall of France in 1940, as well as other German military victories. Hitler himself became increasingly dependent on injections

of a cocktail of drugs—ultimately including Eukodal, a cousin of heroin—administered by his personal doctor. Thoroughly researched and rivetingly readable, Blitzed throws light on a history that, until now, has remained in the shadows. “Delightfully nuts.”—The New Yorker

**Hitler's Last Days** Bill O'Reilly.2015-06 By early 1945, the destruction of the German Nazi State seems certain. The Allied forces, led by American generals George S. Patton and Dwight D. Eisenhower, are gaining control of Europe, leaving German leaders scrambling. Facing defeat, Adolf Hitler flees to a secret bunker with his new wife, Eva Braun, and his beloved dog, Blondi. It is there that all three would meet their end, thus ending the Third Reich and one of the darkest chapters of history. Hitler's Last Days is a gripping account of the death of one of the most reviled villains of the 20th century—a man whose regime of murder and terror haunts the world even today. Adapted from Bill O'Reilly's historical thriller, Killing Patton, and this book will have young readers—and grown-ups too—hooked on history.

**Hitler's Death** Luke Daly-Groves.2019-03-21 Did Hitler shoot himself in the Führerbunker or did he slip past the Soviets and escape to South America? Countless documentaries, newspaper articles and internet pages written by conspiracy theorists have led the ongoing debate surrounding Hitler's last days. Historians have not yet managed to make a serious response. Until now. This book is the first attempt by an academic to return to the evidence of Hitler's suicide in order to scrutinise the most recent arguments of conspiracy theorists using scientific methods. Through analysis of recently declassified MI5 files, previously unpublished sketches of Hitler's bunker, personal accounts of intelligence officers along with stories of shoot-outs, plunder and secret agents, this scrupulously researched book takes on the doubters to tell the full story of how Hitler died.

**The Last Days of Hitler** Hugh Trevor Roper.2012-08-16 Listed as one of the Guardian's 100 Best

Nonfiction Books of All Time. In September 1945 the fate of Adolf Hitler was a complete mystery. He had simply disappeared, and had been missing for four months. Hugh Trevor-Roper, an intelligence officer, was given the task of solving the mystery. His brilliant piece of detective work not only proved finally that Hitler had killed himself in Berlin, but also produced one of the most fascinating history books ever written. *The Last Days of Hitler* tells the extraordinary story of those last days of the Thousand Year Reich in the Berlin Bunker. Besieged in the shattered capital, but still dominating the remains of his court, Hitler reiterated the original alternative of Nazism: either total victory or annihilation. This book is the record of that carefully prepared, ceremonious finale to a terrible chapter of history. 'Brilliantly written and researched, *The Last Days of Hitler* remains the most vivid account of the final Wagnerian chapter of Hitler's tyranny' - Max Hastings 'This is an incomparable book, by far the best written on any aspect of the second German war: a book sound in scholarship, brilliant in its presentation . . . No words of praise are too strong.' - A. J. P. Taylor, *New Statesman*  
**Hitler's Last Courier** Armin Dieter Lehmann.2000

**Killing Patton** Bill O'Reilly, Martin Dugard.2014-09-23 Readers around the world have thrilled to *Killing Lincoln*, *Killing Kennedy*, and *Killing Jesus*--riveting works of nonfiction that journey into the heart of the most famous murders in history. Now from Bill O'Reilly, iconic anchor of *The O'Reilly Factor*, comes the most epic book of all in this multimillion-selling series: *Killing Patton*. General George S. Patton, Jr. died under mysterious circumstances in the months following the end of World War II. For almost seventy years, there has been suspicion that his death was not an accident--and may very well have been an act of assassination. *Killing Patton* takes readers inside the final year of the war and recounts the events surrounding Patton's tragic demise, naming names of the many powerful individuals who wanted him silenced.

*Hitler's Last Witness* Rochus Misch.2014-08-30 This memoir of Hitler's personal bodyguard presents "convincing first-person testimony of the dictator's final desperate months, days and hours" (Huffington Post). After being seriously wounded in the 1939 Polish campaign, Rochus Misch was invited to join Hitler's SS-bodyguard. There he served until the war's end as Hitler's bodyguard, courier, orderly, and, finally, as Chief of Communications. On the Berghoff terrace, he watched Eva Braun organize parties, observed Heinrich Himmler and Albert Speer, and monitored telephone conversations from Berlin to the East Prussian Headquarters on July 20, 1944—after the attempt on Hitler's life. As the Allied forces closed in, Misch was drawn into the Führerbunker with the last of the faithful. He remained in charge of the bunker switchboard as his duty required, even after Hitler committed suicide. Misch knew Hitler the private man. His memoirs offer an intimate view of life in close attendance to Hitler and of the endless hours deep inside the bunker. They also provide new insights into military events—such as Hitler's initial feeling that the 6th Army should pull out of Stalingrad. Shortly before he died, Misch wrote a new introduction for this English-language edition.

**Eight Days in May: The Final Collapse of the Third Reich** Volker Ullrich.2021-09-21 [G]ripping, immaculately researched . . . In Mr. Ullrich's account, the murderous behavior of the Reich's last-ditch loyalists was not a reaction born of rage or of stubbornness in the face of defeat—common enough in war—but of something that had long ago tipped over into the pathological. —Andrew Stuttaford, Wall Street Journal The best-selling author of *Hitler: Ascent* and *Hitler: Downfall* reconstructs the chaotic, otherworldly last days of Nazi Germany. In a bunker deep below Berlin's Old Reich Chancellery, Adolf Hitler and his new bride, Eva Braun, took their own lives just after 3:00 p.m. on April 30, 1945—Hitler by gunshot to the temple, Braun by ingesting cyanide. But the Führer's suicide did not instantly end either Nazism or the Second World War in Europe. Far from it:

the eight days that followed were among the most traumatic in modern history, witnessing not only the final paroxysms of bloodshed and the frantic surrender of the Wehrmacht, but the total disintegration of the once-mighty Third Reich. In *Eight Days in May*, the award-winning historian and Hitler biographer Volker Ullrich draws on an astonishing variety of sources, including diaries and letters of ordinary Germans, to narrate a society's descent into Hobbesian chaos. In the town of Demmin in the north, residents succumbed to madness and committed mass suicide. In Berlin, Soviet soldiers raped German civilians on a near-unprecedented scale. In Nazi-occupied Prague, Czech insurgents led an uprising in the hope that General George S. Patton would come to their aid but were brutally put down by German units in the city. Throughout the remains of Third Reich, huge numbers of people were on the move, creating a surrealistic tableau: death marches of concentration-camp inmates crossed paths with retreating Wehrmacht soldiers and groups of refugees; columns of POWs encountered those of liberated slave laborers and bombed-out people returning home. A taut, propulsive narrative, *Eight Days in May* takes us inside the phantomlike regime of Hitler's chosen successor, Admiral Karl Dönitz, revealing how the desperate attempt to impose order utterly failed, as frontline soldiers deserted and Nazi Party fanatics called on German civilians to martyr themselves in a last stand against encroaching Allied forces. In truth, however, the post-Hitler government represented continuity more than change: its leaders categorically refused to take responsibility for their crimes against humanity, an attitude typical not just of the Nazi elite but also of large segments of the German populace. The consequences would be severe. *Eight Days in May* is not only an indispensable account of the Nazi endgame, but a historic work that brilliantly examines the costs of mass delusion.

**The Last Days of Hitler** Hugh R Trevor-Roper.1978-09-28

*The Death of Democracy* Benjamin Carter Hett. 2018-04-03 A riveting account of how the Nazi Party came to power and how the failures of the Weimar Republic and the shortsightedness of German politicians allowed it to happen. Why did democracy fall apart so quickly and completely in Germany in the 1930s? How did a democratic government allow Adolf Hitler to seize power? In *The Death of Democracy*, Benjamin Carter Hett answers these questions, and the story he tells has disturbing resonances for our own time. To say that Hitler was elected is too simple. He would never have come to power if Germany's leading politicians had not responded to a spate of populist insurgencies by trying to co-opt him, a strategy that backed them into a corner from which the only way out was to bring the Nazis in. Hett lays bare the misguided confidence of conservative politicians who believed that Hitler and his followers would willingly support them, not recognizing that their efforts to use the Nazis actually played into Hitler's hands. They had willingly given him the tools to turn Germany into a vicious dictatorship. Benjamin Carter Hett is a leading scholar of twentieth-century Germany and a gifted storyteller whose portraits of these feckless politicians show how fragile democracy can be when those in power do not respect it. He offers a powerful lesson for today, when democracy once again finds itself embattled and the siren song of strongmen sounds ever louder.

*Hitler's First Hundred Days* Peter Fritzsche. 2021 The story of how Germans came to embrace the Third Reich. Germany in early 1933 was a country ravaged by years of economic depression and increasingly polarized between the extremes of left and right. Over the spring of that year, Germany was transformed from a republic, albeit a seriously faltering one, into a one-party dictatorship. In *Hitler's First Hundred Days*, award-winning historian Peter Fritzsche examines the pivotal moments during this fateful period in which the Nazis apparently won over the majority of Germans to join them in their project to construct the Third Reich. Fritzsche scrutinizes the events of the period - the

elections and mass arrests, the bonfires and gunfire, the patriotic rallies and anti-Jewish boycotts - to understand both the terrifying power that the National Socialists came to exert over ordinary Germans and the powerful appeal of the new era that they promised.

*Last Days of the Reich* James Lucas.1987 When the Third Reich collapsed, 70 million Germans were left bewildered and terrified, their leaders dead or incarcerated; the victors saw fully for the first time the unbearable legacy of death, atrocity, and destruction left by the Nazis. Here is the view from Hitler' s bunker, where news came of his troops surrendering on every front. An extraordinary story of ruin, retribution, sometimes courage and occasional suicide...and the ultimate rise from these ashes of a powerful, democratic republic.

**Swansong 1945: A Collective Diary of the Last Days of the Third Reich** Walter

Kempowski.2015-04-13 A monumental work of history that captures the last days of the Third Reich as never before. Swansong 1945 chronicles the end of Nazi Germany through more than 1,000 extracts from letters, diaries, and autobiographical accounts, written by civilians and soldiers alike. Together, they present a panoramic view of four tumultuous days that fateful spring: Hitler's birthday on April 20, American and Soviet troops meeting at the Elbe on April 25, Hitler's suicide on April 30, and the German surrender on May 8. An extraordinary account of suffering and survival, Swansong 1945 brings to vivid life the end of World War II in Europe.

**Death of Hitler** Ada Petrova,Peter Watson.2007-03-17 In this groundbreaking book, which reads like a riveting detective story, Ada Petrova and Peter Watson provide the answers to these two questions. Given access to the Russians' hitherto unseen Hitler Archive - File I-G-23, the so-called Operation Myth File - they reveal not only the truth of what went on in Berlin in May 1945 after the Russians captured the bunker in which Hitler, Eva Braun, and their entourage spent their last days,

but also why the Soviet regime felt the details of the Fuhrer's death had to be kept secret for so long. Further, they explain how and why his body and those of Braun, Josef and Magda Goebbels, and the Goebbels' six children were secretly buried in Magdeburg, East Germany, and finally disinterred and cremated in 1970 by order of the then KGB chief Yuri Andropov.

*The Death of Sigmund Freud* Mark Edmundson.2007-09-18 An account of the final two years in the life of Sigmund Freud and their legacy describes how, in 1938, the elderly, ailing, Jewish Freud was rescued from Nazi-occupied Vienna and brought to London, where he finally found acclaim for his achievements, battled terminal cancer, and wrote his most provocative book, *Moses and Monotheism*.

Plotting Hitler's Death Joachim C. Fest,Joachim Fest.1997-09-15 The author documents more than a dozen plots to assassinate Hitler, surprisingly, from conservative and military circles within Germany.

**With Hitler to the End** Heinz Linge.2009-09-01 Heinz Linge worked with Adolf Hitler for a ten-year period from 1935 until the Führer's death in the Berlin bunker in May 1945. He was one of the last to leave the bunker and was responsible for guarding the door while Hitler killed himself. During his years of service, Linge was responsible for all aspects of Hitler's household and was constantly by his side. He claims that only Eva Braun stood closer to Hitler over these years. Here, Linge recounts the daily routine in Hitler's household: his eating habits, his foibles, his preferences, his sense of humor, and his private life with Eva Braun. In fact, Linge believed Hitler's closest companion was his dog Blondi. After the war Linge said in an interview, "It was easier for him to sign a death warrant for an officer on the front than to swallow bad news about the health of his dog." Linge also charts the changes in Hitler's character during their time together and his fading

health during the last years of the war. During his last days, Hitler's right eye began to hurt intensely and Linge was responsible for administering cocaine drops to kill the pain. In a number of instances—such as with the Stauffenberg bomb plot of July 1944—Linge gives an excellent eyewitness account of events. He also gives thumbnail profiles of the prominent members of Hitler's "court": Hess, Speer, Bormann and Ribbentrop amongst them. Though Linge held an SS rank, he claims not to have been a Nazi Party member. His profile of one of history's worst demons is not blindly uncritical, but it is nonetheless affectionate. The Hitler that emerges is a multi-faceted individual: unpredictable and demanding, but not of an otherwise unpleasant nature.

**The Rise and Fall of the Third Reich** William L. Shirer. 2011-10-11 History of Nazi Germany. ### Find Hitler S Last Days The Death Of The Nazi Regime A

Both fiction and non-fiction are covered, spanning different genres (e.g. science fiction, fantasy, thrillers, romance) and types (e.g. novels, comics, essays, textbooks). Large photos of the Kindle books covers makes it especially easy to quickly scroll through and stop to read the descriptions of books that you're interested in. Authorama is a very simple site to use. You can scroll down the list of alphabetically arranged authors on the front page, or check out the list of Latest Additions at the top. If you want to stick to PDFs only, then you'll want to check out PDFBooksWorld. While the collection is small at only a few thousand titles, they're all free and guaranteed to be PDF-optimized. Most of them are literary classics, like *The Great Gatsby*, *A Tale of Two Cities*, *Crime and Punishment*, etc. If your library doesn't have a subscription to OverDrive or you're looking for

some more free Kindle books, then Book Lending is a similar service where you can borrow and lend books for your Kindle without going through a library. FreeComputerBooks goes by its name and offers a wide range of eBooks related to Computer, Lecture Notes, Mathematics, Programming, Tutorials and Technical books, and all for free! The site features 12 main categories and more than 150 sub-categories, and they are all well-organized so that you can access the required stuff easily. So, if you are a computer geek FreeComputerBooks can be one of your best options. OHFB is a free Kindle book website that gathers all the free Kindle books from Amazon and gives you some excellent search features so you can easily find your next great read. Since it's a search engine, browsing for books is almost impossible. The closest thing you can do is use the Authors dropdown in the navigation bar to browse by authors—and even then, you'll have to get used to the terrible user interface of

the site overall. Most of the ebooks are available in EPUB, MOBI, and PDF formats. They even come with word counts and reading time estimates, if you take that into consideration when choosing what to read.
