Oscar Masotta: Theory as Action Oscar Masotta.2018-02-27

Oscar Masotta (Buenos Aires, 1930- Barcelona, 1979) is all but forgotten now, except perhaps in the field of Lacanian studies.

This is because in the 1970s, Masotta would challenge the master psychoanalyst on his own turf, creating his own post-Lacanian school of psychoanalysis in Barcelona. But in 1965, aged just 27, Masotta taught at the University of Buenos Aires, lectured at the Di Tella, and edited a book series on communication and media. A product of the newly open post-Perón era--Page 91.

Globalized Water Graciela Schneier-Madanés.2014-05-01

Globalized Water presents a compilation of voices that forms a unique scientific exploration of contemporary water management models and governance issues. The book describes the water paradox—how a local resource has become a global product—and the implications of this in how we identify challenges and make policy in the water sector. Over the last 20 years, the foundations of local and national water systems have been rocked by a wave of changes. The authors in this book, experts in a wide range of disciplines, address the resulting debates and issues: water as a commodity and patrimony, technological rent, liberalization and privatization, the continuing evolution of water management and

policy at the European level, decision making and stakeholder participation, conflict and consensus, and the inevitable growth of counterpowers at the local and international levels, promoted by the advocates of sustainable development. The selected case studies are from Europe (primarily France but also Spain, Germany, the United Kingdom, and Portugal), Latin America (Argentina, Bolivia), the United States, Lebanon, and India. From this diverse collection of comparative perspectives and research methods, *Globalized Water* seeks to advance interdisciplinary research, contributing to a new and dynamic role for social sciences and governance on water.

Gender and Nation in the Spanish Modernist Novel Roberta Johnson. 2003 Offering a fresh, revisionist analysis of Spanish fiction from 1900 to 1940, this study examines the work of both men and women writers and how they practiced differing forms of modernism. As Roberta Johnson notes, Spanish male novelists emphasized technical and verbal innovation in representing the

contents of an individual consciousness and thus were more modernist in the usual understanding of the term. Female writers, on the other hand, were less aesthetically innovative but engaged in a social modernism that focused on domestic issues, gender roles, and relations between the sexes. Compared to the more conventional--even reactionary--ways their male counterparts treated such matters, Spanish women's fiction in the first half of the twentieth century was often revolutionary. The book begins by tracing the history of public discourse on gender from the 1890s through the 1930s, a discourse that included the rise of feminism. Each chapter then analyzes works by female and male novelists that address key issues related to gender and nationalism: the concept of intrahistoria, or an essential Spanish soul; modernist uses of figures from the Spanish literary tradition, notably Don Quixote and Don Juan; biological theories of gender prevalent in the 1920s and 1930s; and the growth of an organized feminist movement that coincided with the burgeoning Republican movement. This is the first book dealing with this period of Spanish literature to consider women novelists, such as Maria Martinez Sierra, Carmen de Burgos, and Concha Espina, alongside canonical male novelists, including Miguel de Unamuno, Ramon del Valle-Inclan, and Pio Baroja. With its contrasting conceptions of modernism, Johnson's work provides a compelling new model for bridging the gender divide in the study of Spanish fiction.

Chiasmus in the New Testament Nils Wilhelm

Lund.2018-02-01 This study is devoted to the tracing of the Hebrew literary influence of the Greek text of the New Testament. It discusses specifically one form, the extensive use of the inverted order called chiasmus, a form that seems to be a part of Hebrew thought itself, whether in poetry or in prose. Kraft Jonas Lüscher.2020-11-10 Jonas Lüscher, the author of Barbarian Spring—"a most humorous and convincing satire of the ridiculous excesses of those responsible for the financial crisis" (The New York Times Book Review)—returns to the topic of neoliberal arrogance in his Swiss Book Prize-winning, hilarious, and wicked novel about a man facing the ruins of his life, and his world. Richard Kraft, a German professor of rhetoric and aging Reaganite and Knight Rider fan, is unhappily married and badly in debt. He sees no way out of his rut until he is invited to participate in a competition to be held in California and sponsored by a Silicon Valley tycoon and "techno-optimist." The contest is to answer a literal "million-dollar question": each competitor must compose an eighteen-minute lecture on why our world is still, despite all evidence, the best of all possible worlds, and how we might improve it even further through technology. Entering into a surreal American landscape, Kraft soon finds what's left of his life falling to pieces as he struggles to justify as "best" a planet in the hands of such blithe neoliberal cupidity as he encounters on his odyssey to California. Still, with the prize money in his pocket, perhaps Kraft could finally buy his way to a new life . . . But what contortions—physical and philosophical—will he have to subject himself to in order to claim it? Jonas Lüscher's second novel, Kraft, is a hilarious and wicked tale about a man facing the ruins of his life, and his world.

Ambushed on the Jaguar Trail Jack L. Childs, Anna Mary Childs. 2008 Caught in the act: Southwestern wildlife in their natural habitat. Jack and Anna Childs went hunting for the elusive Southwestern jaguar, but what they found was bigger than the rare spotted cat, and even more surprising. Founders of the Borderlands Jaguar Detection Project, the Childs set up camera traps, or remote-sensor cameras activated by motion and body heat, along the U.S.-Mexico border. They did catch the first live, wild jaguar ever photographed this way in the U.S. But their non-invasive, candid cameras also captured fascinating animal behavior across the entire ecosystem. The jaguar, it seems, is a minor figure in a habitat that supports over 20 other large mammals. Black bears, mountain lions, bobcats, javelinas, coyotes, and human beings were also caught in behavior--and misbehavior--characteristic of their species. 72 color photographs.

We Survived ... at Last I Speak Leon Malmé. 2013 This is Leon Malmé's true story of his and his sister Rachel's escape from the Holocaust in Occupied France. When their father and mother were arrested in 1942, their French neighbors agreed to watch their children until they returned. Leon's parents were taken first to Drancy, then to Auschwitz-Birkenau, and they never returned. Meanwhile their downstairs neighbors, Henri and Suzanne Ribouleau, gave the children a home and family and sheltered them through subsequent roundups, threats, air raids, and the war's privations. The courage, sympathy, and dedication of the Ribouleaus stand in strong contrast to the collaborations and moral weakness of many of the French authorities. Papa Henri and Maman Suzanne were honored as Righteous Among the Nations by Yad Vashem in 1977. It is a narrative of love and

The Motorcycle Diaries Ernesto Che Guevara.2021-11-09 A New York Times bestseller With a new introduction by The Motorcycle Diaries filmmaker Walter Salles, and featuring 24 pages of photos taken by Che. The Motorcycle Diaries is Che Guevara's diary of his journey to discover the continent of Latin America while still a medical student, setting out in 1952 on a vintage Norton motorcycle together with his friend Alberto Granado, a biochemist. It captures, arguably as much as any book ever written, the exuberance and joy of one person's youthful belief in the possibilities of humankind tending towards justice, peace and happiness. After the release in 2004 of the exhilarating film of the same title, directed by Walter Salles, the book became a New York Times and international bestseller. This edition includes a new introduction by Walter Salles and an array of new material that was assembled for the 2004 edition coinciding with the release of the film, including 24 pages of previously unpublished photos taken by Che, notes and comments by his wife, Aleida Guevara March, and an extensive introduction by the distinguished Cuban author, Cintio Vitier. A journey, a number of journeys. Ernesto Guevara in search of adventure, Ernesto Guevara in search of America, Ernesto Guevara in search of Che. On this journey, solitude found solidarity. 'I' turned into 'we.'—Eduardo Galeano As his journey progresses, Guevara's voice seems to deepen, to darken, colored by what he witnesses in his travels. He is still poetic, but now he comments on what he sees, though still poetically, with a new awareness of the social and political ramifications of what's going on around him.—January Magazine Our film is about a young man, Che, falling in love with a continent and finding his place in it. —Walter Salles, director of the film version of The Motorcycle Diaries All

Frontiers of Justice Martha C. NUSSBAUM.2009-06-30 Theories of social justice, addressing the world and its problems, must respond to the real and changing dilemmas of the day. A brilliant work of practical philosophy, *Frontiers of Justice* is dedicated to this proposition. Taking up three urgent problems of social justice--those with physical and mental disabilities, all citizens of the world, and nonhuman animals--neglected by current theories and thus harder to tackle in practical terms and everyday life, Martha Nussbaum seeks a theory of social justice that can guide us to a richer, more responsive approach to social cooperation.

Afro-Cuban Tales Lydia Cabrera.2004-01-01 As much a storyteller as an ethnographer, Lydia Cabrera was captivated by a strange and magical new world revealed to her by her Afro-Cuban friends in early twentieth-century Havana. In *Afro-Cuban Tales* this world comes to teeming life, introducing English-speaking readers to a realm of tenuous boundaries between the natural and the supernatural, deities and mortals, the spiritual and the seemingly inanimate. Here readers will find a vibrant, imaginative record of African culture transplanted to Cuba and transformed over time, a passionate and subversive alternative to the dominant Western culture of the Americas. In this charmed realm of myth and legend, imaginative flights, and hard realities, Cabrera shows us a world turned upside down. In this domain guinea hens can make dour Asturians and the king of Spain dance; little fat cooking pots might prepare their own meals; the pope can send encyclicals about pumpkins; and officials can be defeated by the shrewdness of turtles. The first English translation of one of the most

Marginal Subjects Akiko Tsuchiya. 2011-01-01 Late nineteenth-century Spanish fiction is populated by adulteresses, prostitutes, seduced women, and emasculated men - indicating an almost obsessive interest in gender deviance. In *Marginal Subjects*, Akiko Tsuchiya shows how the figure of the deviant woman--and her counterpart, the feminized man - revealed the ambivalence of literary writers towards new methods of social control in Restoration Spain. Focusing on works by major realist authors such as Benito Pérez Galdós, Emilia Pardo Bazán, and Leopoldo Alas (Clarín), as well as popular novelists like Eduardo López Bago, *Marginal Subjects* argues that these archetypes were used to channel collective anxieties about sexuality, class, race, and nation. Tsuchiya also draws on medical and anthropological texts and illustrated periodicals to locate literary works within larger cultural debates. *Marginal Subjects* is a riveting exploration of why realist and naturalist narratives were so invested in representing gender deviance in fin-de-siècle Spain.

Latin American Gothic in Literature and Culture Sandra Casanova-Vizcaíno,Inés Ordiz.2017-10-24 This book explores the Gothic mode as it appears in the literature, visual arts, and culture of different areas of Latin America. Focusing on works from authors in Mexico, Central America, the Caribbean, the Andes, Brazil, and the Southern Cone, the essays in this volume illuminate the existence of native representations of the Gothic, while also exploring the presence of universal archetypes of terror and horror. Through the analysis of global and local Gothic topics and themes, they evaluate the reality of a multifaceted territory marked by a shifting colonial and postcolonial

relationship with Europe and the United States. The book asks questions such as: Is there such a thing as Latin American Gothic in the same sense that there is an American Gothic and British Gothic? What are the main elements that particularly characterize Latin American Gothic? How does Latin American Gothic function in the context of globalization? What do these elements represent in relation to specific national literatures? What is the relationship between the Gothic and the Postcolonial? What can Gothic criticism bring to the study of Latin American cultural manifestations and, conversely, what can these offer the Gothic? The analysis performed here reflects a body of criticism that understands the Gothic as a global phenomenon with specific manifestations in particular territories while also acknowledging the effects of Globalgothic on a transnational and transcultural level. Thus, the volume seeks to open new spaces and areas of scholarly research and academic discussion both regionally and globally with the presentation of a solid analysis of Latin American texts and other cultural phenomena which are manifestly related to the Gothic world.
