French Grammar Basics and Beyond Annick Stevenson, Céline Van Loan. 2020-09-14 This practical grammar book is the result of 16 years of teaching online to adults and young students located all over the world. I believe that French grammar should not be a stumbling block to learning the language and should not discourage learners of French to embrace the beautiful journey of becoming fluent. Hence, I felt that it was important to explain the grammar rules in English and in

the simplest way possible without including too much grammar jargon, so that a beginner could grasp the essential elements of grammar to build sentences. Every grammar point is followed with exercises to practice what has been taught. Whenever possible, the answers are included in the back of the book (some answers are open ended questions and therefore have no right or wrong answers). This grammar book is aimed to teach A1 levels (total beginners) to the B1 level (intermediate level). Perfect for self-study, but also ideal for supplementary grammar activities in the classroom. Step by step with a teacher or on their own, French learners can learn to construct their sentences and gain plenty of practice.

French for Success Philip Ejikeme.2016-03-16 FRENCH FOR SUCCESS is conceived to facilitate rapid mastery of rules governing French grammar. It is the fruit of reflections on simple, but reliable methods that will enable the non-Francophone to acquire a mindset similar to that of the Francophone. To do that, we strive to simplify the conjugation of verbs, which is what makes the French language appear to be difficult. Accordingly, verbs are placed into categories, instead of groups, depending on their patterns of conjugation. Each category has a conjugation formula. A category is a group of verbs that share similar conjugation patterns in all tenses. While, traditionally, the radical of a verb is repeated six times in a conjugation, the concept exposed in these manuals seeks to use a radical once (unless it is impossible to do so, as in irregular verbs), and replace it with other radicals of the same category. As you will discover, verbs in the same categories share the same six endings which remain unchanged. Examples of radicals are: aim- from aimer; parl- from parler, écout- from écouter or donn- from donner. The groupings and their distinctive features are explained. Understanding that conjugation is just a matter of arrangement of verb endings, and knowing which verbs that belong together makes learning French much easier. Category A comprises over 4000 verbs, and one can learn their conjugation in less than 10 minutes. The curious might wonder why we prefer categories to groups. Currently, there are three main groups - namely the first group which comprises verbs ending in er; the second group which is composed of verbs ending in ir; and the third group composed of verbs ending in re. The first group alone (the er-group) comprises about 13 different groups of verbs, the radicals of which cannot mutually replace one another. We reduce them to 8. For instance, donn-, aim-, parl- and écout- can replace one another but cannot replace céd-or cèd- from céder; or jett and jet- from jeter, etc, although they all end in er and belong to the first group. In the second group, while fini- (finir), agi- (agir), and béni- (bénir) are mutually replaceable, they cannot replace sor-(sortir), par-(partir), men-(mentir); cour-(courir), secour- (secourir); or vien- and ven-(venir). We think that placing in the same group verbs whose patterns of conjugation have nothing to do with one another can lead to confusion. Similarly, in group 3, which comprises verbs ending in re, while attendre, vendre, rendre, perdre can replace one another in a conjugation, they cannot replace prendre, comprendre; and moudre, dissoudre and coudre do not even share common patterns of conjugation. Themes are selected to facilitate visual recognition. Where possible, nouns, adjectives and adverbs are grouped in a manner that help the learner distinguish the gender and number, or show them how those parts of speech are formed. The manuals are divided into four volumes for the progressive acquisition of the rules of French Grammar. While Book 1 introduces such basics as articles /gender (masculine/feminine), and nouns, prepositions, numbers, professions, book 2 seeks to consolidate the knowledge acquired earlier. Other tenses are examined in greater details. Progressively, the users build their confidence as they learn to construct correct sentences.
