The Story of French Jean-Benoit Nadeau,Julie Barlow.2008-01-08 Why does everything sound better if it's said in French? That fascination is at the heart of The Story of French, the first history of one of the most beautiful languages in the world that was, at one time, the pre-eminent language of literature, science and diplomacy. In a captivating narrative that spans the ages, from Charlemagne to Cirque du Soleil, Jean-Benoît Nadeau and Julie Barlow unravel the mysteries of a language that has maintained its global influence despite the rise of English. As in any good story, The Story of French has spectacular failures, unexpected successes and bears traces of some of history's greatest figures: the tenacity of William the Conqueror, the staunchness of Cardinal Richelieu, and the endurance of the Lewis and Clark expedition. Through this colorful history, Nadeau and Barlow illustrate how French acquired its own peculiar culture, revealing how the culture of the language spread among francophones the world over and yet remains curiously centered in Paris. In fact, French is not only thriving—it still has a surprisingly strong influence on other languages. As lively as it is fascinating, The Story of French challenges long held assumptions about French and shows why it is still the world's other global language.

The Last Day of a Condemned Man Victor Hugo.2021-06-08 The Last Day of a Condemned Man (1829) is a short novel by Victor Hugo. Having witnessed several executions by guillotine as a young man, Hugo devoted himself in his art and political life to opposing the death penalty in France. Praised by Dostoevsky as “absolutely the most real and truthful of everything that Hugo wrote,” The Last Day of a Condemned Man is a powerful story from an author who defined nineteenth century French literature. If you knew when and where you would die, how would you spend your final moments? For Hugo’s unnamed narrator, such an existential question is made reality. Sentenced to death for an unspecified crime, he reflects on his life as its last seconds wane in the shadows of a cramped prison cell. Recording his emotional state, observations, and conversations with a priest and fellow prisoner, the condemned man forces us to not only recognize his humanity, but question our own. With a beautifully designed cover and professionally typeset manuscript, this edition of Victor Hugo’s The Last Day of a Condemned Man is a classic work of French literature reimagined for modern readers.

Rond-Point S. L. Difusión,Hedwige Meyer.2015-01-08 Nous vous invitons à découvrir Rond-Point, deuxième édition! Based on the principles of task-based language teaching, students learn through collaboration and interaction. They develop their communicative skills from day one while working in the target language. Contexts are authentic and related to real-life; i.e. organizing a vacation, planning a party, and so on. Due in large part to its flexible organization, the program is being used successfully at a variety of colleges and universities around the world. This Second Edition is based on comments from instructors in Europe and in North America. The authors have retained the key elements that have made the first edition so successful: an abundance of authentic materials, fun and efficient smaller tasks leading students to the completion of a larger and more ambitious task at the end of each unit, recycling of the main grammar points throughout the book, a very dynamic approach where interactions and meaning negotiations among students is at the heart of each class.

The Searcher Tana French.2020-10-06 Best Book of 2020 New York Times |NPR | New York Post This hushed suspense tale about thwarted dreams of escape may be her best one yet . . . Its own kind of masterpiece. --Maureen Corrigan, The Washington Post A new Tana French is always cause for celebration . . . Read it once for the plot; read it again for the beauty and subtlety of French's writing. --Sarah Lyall, The New York Times Cal Hooper thought a fixer-upper in a bucolic Irish village would be the perfect escape. After twenty-five years in the Chicago police force and a bruising divorce, he just wants to build a new life in a pretty spot with a good pub where nothing much happens. But when a local kid whose brother has gone missing arm-twists him into investigating, Cal uncovers layers of darkness beneath his picturesque retreat, and starts to realize that even small towns shelter dangerous secrets. One of the greatest crime novelists writing today (Vox) weaves a masterful, atmospheric tale of suspense, asking how to tell right from wrong in a

world where neither is simple, and what we stake on that decision.

Vis-à-Vis Evelyne Amon, Judith A. Muyskens, Alice C. Omaggio-Hadley. 1999-12-01 The second edition of *Vis-à-vis* continues the excitement of the innovative first edition with a fully integrated and revised multimedia package and an exciting Correspondance feature (chapter opening letter, postcard or e-mail, which is answered in the mid-lesson Correspondance cultural spread) presented throughout the text. The overall goal of the revision, which was shaped by the extensive user feedback, remains the same as that of the first edition: to promote a balanced four-skills approach to learning French through a wide variety of listening, speaking, reading, and writing activities, while introducing students to the richness and diversity of the Francophone world.

The New Bibliopolis Willa Z. Silverman. 2008-08-15 The late-nineteenth century in Europe was a period of profound political, social, and technological change. One result of these changes was the rise in France of an upper-bourgeois bohemian class. Many of its members stimulated interest in unique forms of artistic expression such as illustrated books. On account of their influence, an atmosphere of intense bibliophilic activity came to define French culture at the turn of the century. *The New Bibliopolis* explores the role of amateurs in promoting the book arts in France during this period. Drawing on extensive original research, Willa Z. Silverman looks at the ways in which book collectors supported print culture. She shows how, through the admiration demonstrated by collectors for this medium, print came to be a crucial part of popular conceptions of aesthetics. As collectors, publishers, authors, designers, and directors of bibliophile societies, reviews, and small presses, these book lovers became passionate and prolific interlocutors of the printed word in a uniquely artistic epoch. Silverman analyzes subjects as diverse as the relationship between book collecting and aesthetic and cultural currents such as Symbolism; the gendered nature of book collecting; the increased collaboration between authors and illustrators; and the marketing of fine books at international exhibits. *The New Bibliopolis* is an important contribution to the study of book history, French sociocultural history, and fine and decorative arts.

A Literary Tour de France Robert Darnton.2018-01-01 The publishing industry in France in the years before the Revolution was a lively and sometimes rough-and-tumble affair, as publishers and printers scrambled to deal with (and if possible evade) shifting censorship laws and tax regulations, in order to cater to a reading public's appetite for books of all kinds, from the famous Encyclopédie, repository of reason and knowledge, to scandal-mongering libel and pornography. Historian and librarian Robert Darnton uses his exclusive access to a trove of documents-letters and documents from authors, publishers, printers, paper millers, type foundry, ink manufacturers, smugglers, wagon drivers, warehousemen, and accountants-involving a publishing house in the Swiss town of Neuchatel to bring this world to life. Like other places on the periphery of France, Switzerland was a hotbed of piracy, carefully monitoring the demand for certain kinds of books and finding ways of fulfilling it. Focusing in particular on the diary of Jean-François Favarger, a traveling sales rep for a Swiss firm whose 1778 voyage, on horseback and on foot, around France to visit bookstores and renew accounts forms the spine of this story, Darnton reveals not only how the industry worked and which titles were in greatest demand, but the human scale of its operations. A Literary Tour de France is literally that. Darnton captures the hustle, picaresque comedy, and occasional risk of Favarger's travels in the service of books, and in the process offers an engaging, immersive, and unforgettable narrative of book culture at a critical moment in France's history.

Lie With Me Philippe Besson.2019-04-30 The award-winning, bestselling French novel by Philippe Besson—"the French Brokeback Mountain" (Elle)—about an affair between two teenage boys in 1984 France, translated with subtle beauty and haunting lyricism by the iconic and internationally acclaimed actress/writer Molly Ringwald. We drive at high speed along back roads, through woods, vineyards, and oat fields. The bike smells like gasoline and makes a lot of noise, and sometimes I'm frightened when the wheels slip on the gravel on the dirt road, but the only thing that matters is that I'm holding on to him, that I'm holding on to him outside. Just outside a hotel in Bordeaux, Philippe chances upon a young man who bears a striking resemblance to his first love. What follows is a look back at the relationship he's never forgotten, a hidden affair with a gorgeous boy named Thomas during their last year of high school. Without ever acknowledging they know each other in the halls, they steal time to meet in secret, carrying on a passionate, world-altering affair. Dazzlingly rendered in English by Ringwald in her first-ever translation, Besson's powerfully moving coming-of-age story captures the eroticism and tenderness of first love—and the heartbreaking passage of time.

The World Republic of Letters Pascale Casanova.2004 The world of letters has always seemed a matter more of metaphor than of global reality. In this book, Pascale Casanova shows us the state of world literature behind the stylistic refinements--a world of letters relatively independent from economic and political realms, and in which language systems, aesthetic orders, and genres struggle for dominance. Rejecting facile talk of globalization, with its suggestion of a happy literary melting pot, Casanova exposes an emerging regime of inequality in the world of letters, where minor languages and literatures are subject to the invisible but implacable violence of their dominant counterparts. Inspired by the writings of Fernand Braudel and Pierre Bourdieu, this ambitious book develops the first systematic model for understanding the production, circulation, and valuing of literature worldwide. Casanova proposes a baseline from which we might measure the newness and modernity of the world of letters--the literary equivalent of the meridian at Greenwich. She argues for the importance of literary capital and its role in giving value and legitimacy to nations in their incessant struggle for international power. Within her overarching theory, Casanova locates three main periods in the genesis of world literature--Latin, French, and German--and closely examines three towering figures in the world republic of letters--Kafka, Joyce, and Faulkner. Her work provides a rich and surprising view of the political struggles of our modern world--one framed by sites of publication, circulation, translation, and efforts at literary annexation.

Twilight of the Elites Christophe Guilluy.2019-01-01 A passionate account of how the gulf between France's metropolitan elites and its working classes are tearing the country apart Christophe Guilluy, a French geographer, makes the case that France has become an "American society"—one that is both increasingly multicultural and increasingly unequal. The divide between the global economy's winners and losers in today's France has replaced the old left-right split, leaving many on "the periphery." As Guilluy shows, there is no unified French economy, and those cut off from the country's new economic citadels suffer disproportionately on both economic and social fronts. In Guilluy's analysis, the lip service paid to the idea of an "open society" in France is a smoke screen meant to hide the emergence of a closed society, walled off for the benefit of the upper classes. The ruling classes in France are reaching a dangerous stage, he argues; without the stability of a growing economy, the hope for those excluded from growth is extinguished, undermining the legitimacy of a multicultural nation.

A Void Georges Perec.2005 ...a daunting triumph of will pushing its way through imposing roadblocks to a magical country, an absurdist nirvana of humor, pathos, and loss.--Time magazine *A Void* is a metaphysical whodunit, a story chock-full of plots and subplots, of trails in pursuit of trails, all of which afford Perec occasion to display his virtuosity as a verbal magician. It is also an outrageous verbal stunt: a 300-page novel that never once employs the letter E. The year is 1968, and as France is torn apart by social and political anarchy, the noted eccentric and insomniac Anton Vowl goes missing. Ransacking his Paris flat, his best friends scour his diary for clues to his whereabouts. At first glance these pages reveal nothing but Vowl's penchant for word games,

especially for lipograms, compositions in which the use of a particular letter is suppressed. But as the friends work out Vowl's verbal puzzles, and as they investigate various leads discovered among the entries, they too disappear, one by one by one, and under the most mysterious circumstances . . .

Testimony Nicolas Sarkozy.2009-10-13 In this important book from the newly elected president of France, Nicolas Sarkozy sets forth his personal vision of France's role in world affairs and his plans for modernizing the country and equipping it for the twenty-first century. With unusual candor, President Sarkozy describes the difficulties France has faced in recent years—high unemployment, social tensions, inadequate education, a government that has not been responsive or responsible when confronting economic and social problems. In international relations, he calls for a new approach to the way France positions itself in the world. He is a great admirer of the United States, an unorthodox position for a French leader, and his vision for Europe is ambitious and far-reaching. His iconoclastic views on Israel and the Arab world, Africa, globalization, immigration, and the environment promise a sharp break with the past. The ideas of France's new president are probably more daring, coherent, and compelling than those of any French leader in decades. Furthermore, he remains optimistic about France, insisting that the country is eager to embrace profound change. Bold, pragmatic, a risk-taker, President Sarkozy sets forth an exciting new direction for France as it enters the world of the twenty-first century.
