Instinctive Quilt Art Bethan Ash.2011-10-06 Bethan Ash's rich, colourful quilts are created using improvisational collage techniques. Working instinctively, she simply layers fabric shapes onto a prepared background and fuses them down, then adds stitching later. Each quilt is cut freehand, without the use of rulers or templates. In this groundbreaking book, she reveals the secrets of how she works, from basic dyeing and fusing techniques to design- and colour-awareness exercises and mixed-media experiments. In clear, easy-to-follow text, she gives the reader invaluable information on method, materials, technique and composition, and shows that improvisational quiltmaking is not merely 'messing about with fabric', but instead can form the basis of working freely and is the optimal way of broadening the reader's artistic talent. Illustrated with the best examples of fused quilts from around the world, this book is a visual feast of colour and pattern, and allows the reader to discover how the boundaries of traditional quiltmaking can be expanded through the use of imagination, inspiration and fusion.

Ideas and Inspirations Gwen Marston. 2008-08-01 This is a book for grownup quilters. It's a book for the many accomplished quilters who are not looking for yet another project book with pages of detailed elementary instructions on how to make someone else's quilt. Rather, it's intended for quilters who are seeking ideas and inspiration for their own work. In my quilt related travels, I've had the pleasure of meeting many such veteran quilters. This book was also developed to help celebrate the 25th anniversary of my Beaver Island Quilt Retreats (BIQR). Quilters who come to these retreats come with the expectation that they will be provided with an abundance of ideas which will help them design their own original work. The new works in this book were made specifically to provide ideas and inspiration to support the 2008 BIQR theme of making abstract quilts in solids.
