The Adult Learner Malcolm S. Knowles,Elwood F. Holton III,Richard A. Swanson,Petra A. Robinson.2020-12-21 How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of The Adult Learner has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of The Adult Learner will provide basic instructor aids. For each chapter, there will be a PowerPoint presentation, learning exercises, and added study questions. Revisions throughout to make it more readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.

Anonymous Sources Mary Louise Kelly.2013-06-18 A fast-paced international thriller in the vein of Janet Evanovich by former NPR anchor and correspondent Mary Louise Kelly, about a Pakistani terrorist's nuclear threat to blow up the White House. When Boston reporter Alexandra James is assigned to cover the death of Thom Carlyle, the son of a powerful Washington insider, she soon discovers the story is not as simple as it seems. The young man fell from the top of a Harvard bell tower, but did he jump...or was he pushed? Intent on escaping the demons of her past, Alex knows how to outwork, outdrink, and outshop anyone else around. Now she is focused on what could be "the story of a lifetime"—chasing leads from Harvard Yard to the courtyards of Cambridge, England, from a clandestine rendezvous in London to the inside of a nuclear terrorist network. But when she goes to Washington, DC, for a key interview that promises to tie everything together, Alex the hunter becomes Alex the hunted. An assassin is dispatched...her laptop disappears...her phone is tapped...and she begins to grasp that Thom Carlyle may have been killed to hide a terrifying conspiracy within the White House itself. Former NPR Intelligence correspondent Mary Louise Kelly has turned her own real-life reporting adventures into fiction with this stylish spy thriller.
