Pininfarina 90 anni. Ediz. italiana e inglese Giorgio Nada Editore Srl.2020 On the occasion of the 90th anniversary of Pininfarina, a marque synonymous with style and elegance applied to car design, Pininfarina is a book that surveys, for the first time, the entire output of the Turin coachbuilder, model by model. Produced in close collaboration with the company, it draws on invaluable photographic material accompanying brief contextualising texts. Tracing the history of Pininfarina from its origins to the present day entails reviewing some of the most iconic models in automotive history: from the numerous Ferraris bodied by the historic partner of the Maranello firm to cars such as the Cisitalia 202, the Lancia Aurelia, the Alfa Romeo Duetto and 164, the Maserati GranTurismo through to the current models born under the aegis of the Indian firm Mahindra. The book also covers the numerous Pininfarina concept cars that have written glorious pages in the history of design, raising the bar every time in terms of the excellence of the car product.

Political Theory and Social Customs: Montesquieu, Rousseau, Volney, and Constant Huysseune Michel.2018-08-23 Political Theory and Social Customs: Montesquieu, Rousseau, Volney, and Constant provides novel insights on how these authors' reflections on social customs influenced their contributions to political theory. Through his journey to Italy, Montesquieu developed a theoretical model on social customs and their relation to political systems. In the Constitutional Project for Corsica, Rousseau inserted his discussion of Corsican mores within an analysis of the power dynamics between centre and periphery. Volney's evaluations of customs in the Middle East and the United States show how the French revolution impacted his conceptualization of politics and cultural difference. Constant based his political theory on the different societal mores of the ancients and the moderns.

Mille Miglia Portraits Leonardo Acerbi.2018-01-16 When one thinks of the Mille Miglia, the most celebrated race in the world that took place between 1927 and 1957, the mind certainly goes back to OM, Bugatti, Mercedes-Benz, Porsche, Lancia as well, of course, as the ultra-victorious Alfa Romeo and Ferrari, the greatest car manufacturers that have competed in the Italian marathon. But the memorable history of the great race is made up mainly of men: drivers, co-drivers, mechanics, technical and sports directors, organisers as well as film and show business personalities plus, naturally, an immense public following. All of those faces have names, some well-known others less so, and stories, some well worth telling others less so. The book brings together a series of portraits in alphabetical order that make up the fragments of this historic sports and cultural mosaic that was the Mille Miglia, once again told by Leonardo Acerbi from his deep knowledge of the Brescia-based race.

The Hanoverian Dimension in British History, 1714-1837 Brendan Simms,Torsten Riotte.2007-02-08 For more than 120 years (1714-1837) Great Britain was linked to the German Electorate, later Kingdom, of Hanover through Personal Union. This made Britain a continental European state in many respects, and diluted her sense of insular apartness. The geopolitical focus of Britain was now as much on Germany, on the Elbe and the Weser as it was on the Channel or overseas. At the same time, the Hanoverian connection was a major and highly controversial factor in British high politics and popular political debate. This volume was the first systematically to explore the subject by a team of experts drawn from the UK, US and Germany. They integrate the burgeoning specialist literature on aspects of the Personal Union into the broader history of eighteenth- and early nineteenth-century Britain. Never before had the impact of the Hanoverian connection on British politics, monarchy and the public sphere, been so thoroughly investigated.
