It will also help someone bridge the distance between ambition and destiny. I sometimes look at it as my bridge to fulfill my purpose in life. I feel that knowledge is power. Business for the Glory of God Wayne Grudem.2003-11-06 Can business activity in itself be morally good and pleasing to God? Sometimes business can seem so shady-manipulating the bottom line, deceiving the consumer, or gaining promotions because of whom you know. But Wayne Grudem introduces a novel concept: business itself glorifies God when it is conducted in a way that imitates God's character and creation. He shows that all aspects of business, including ownership, profit, money, competition, and borrowing and lending, glorify God because they are reflective of God's nature. Though Grudem isn't naïve about the easy ways these activities can be perverted and used as a means to sin, he knows that Christians can be about the business of business. This biblically based book is a thoughtful guide to imitating God during interactions with customers, coworkers, employees, and other businesses. See how your business, and your life in business, can be dedicated to God's glory.

Credit Repair Bible John Harris. 2019-01-02 Look we all pray for good credit. Your Prayers have been answered. Thirty-one States sued the credit bureaus and you won. Updated for 2019. They say one picture is worth one-thousand words. Well one video must be worth one million words. Credit Repair Credit Dispute letter Bible Have you read any of these other credit repair books? I have read almost all of them. Most should be filed in the fiction section of Amazon. Seriously I know most of these people have no idea what they are talking about. It's like someone got something deleted from their report and they are experts. I first started working in the credit business many years ago. My first job was working as a loans officer for a national bank. My job was to get financing for people with very shaky credit. Much of my pay was commission based. This really drove me to help people get the loans they needed. The only way to do this was to rapidly increase their credit score. At first this seemed impossible but after a chance encounter with a man named Tom Bradley things started to change. Tom worked at a national credit bureau and we met at a business convention about mortgages. Tom showed me many techniques on Rapid Rescoring and Quick Credit Repair Techniques. Me and Tom stayed in touch and a few years before he retired he got me a job at his credit bureau. When I first got there I was very surprised at how high up in the company he was. He took me under his wing and that's when school got kicked into high gear. We worked 9 hour days and every second Saturday. Talk about a lesson on the credit industry. He showed me things that would be the difference between someone losing their house or not. It was very powerful stuff. I could go on and on here about my experience working as a credit bureau manager or how I was a loans officer for 6 years but I won't bore you with all the details. This really is not about me anyways. It's about you and your credit. You can choose to believe me or not. But here are some things to consider: 1) I am a real person, with my book I include my phone number and email. 2) Don't ever (like all these books tell you) get your free report from www.annualcreditreport.com. This gives the bureau's 45 days to respond instead of 30 days. 3) When you get your report Opt out of the mandatory arbitration agreement or you are already starting to lose the game. 4) Your credit dispute has been OUTSOURCED TO INDIA. 5) My book was updated in 2016 not some old stuff these books try to tell you will work. For the cost of a few overpriced Starbucks Frappuccino's I am going to sit down with you through my book and give you the real deal. You will learn how to beat the system legally. See you on the other side.

The Business Book Bible Derek B Lewis.2014-12-31 Brian Tracy said, This book gives you a proven strategy to write and sell an excellent book on any business subject you know and care about. Todd Sattersten, co-author of The 100 Best Business Books of All Time, said, No one tells you how hard it is to write a business book. Luckily, Derek's 'Bible' makes it easier-much easier. Literary agents, publishers, Fortune 500 consultants-they've all had rave reviews for The Business Book Bible, the only full-length, in-depth book on how to put together a great thought leadership book. There are plenty of writing guides out there for memoirs, general business communication, crime thrillers, or romance novels. But until now, there's never been anywhere would-be business authors could turn to for help. That's unfortunate because business books present a completely different set of challenges. For example: - How do you connect with your readers so they trust you and your advice? - How do you artfully point to your products and services without coming off like a late-night infomercial? - How do you keep your reader engaged throughout the book, especially if your material is--shall we say--less than thrilling? No other writing guide can teach you what you need to know...and do you really want to learn the hard way? With writing your book, you want to get it right the first time. Written by a business ghostwriter, The Business Book Bible covers everything you need to know, from framing your authority to picking the perfect title, plus: - Figuring out how long your book should be - Winning the battle of writer's block - Nailing down your real reader (and what to do when they're different than your ideal client) - Giving away the secret sauce - The unforgivable sin in writing - Looking like a pro (and not a rank amateur) - Acting like a publisher (even if you have one)and much, much more. You'll learn how to follow the same 5-step process the author uses to write and ghostwrite multiple books a year. You'll see how to keep your book focused and how to cut the unnecessary material. You'll discover multiple methods of getting your ideas out of your head--and most of them don't even involve writing! John Spence, voted one of the top 100 business thought leaders in America, said, As the author of five business books, I sure wish I had read this one earlier in my career. It's would've saved me a lot of time, headache, stress, and money. Here's a startling example of just one of the great tips and tricks contained in the book: you don't start writing a book by actually writing the book. One of the biggest mistakes first-time authors make is sitting down at their computer, expecting to start with the first word of chapter one, and then write all the way through to The End. If only it were that easy! Amateurs try to get it perfect right from the start. The pros know that writing is a process. You start by getting all your ideas out of head and onto paper first. You'll have a jumbled mess that looks like a new jigsaw puzzle. You have to sift and sort through it to find the material worth using. Then and only then can you start piecing the puzzle together. It's a painstaking, time-consuming process-but one that's well worth it. Peter Economy, The Management Guy at Inc. said, Derek Lewis's 'The Business Book Bible' is by far the most comprehensive book I have ever seen on the nuts and bolts of writing a business book. If you're planning to write a business book, then you would do well to read this book first. Start writing your book by reading this one!

Bible Based Businesses Jeff Testerman.2011-04-01 You can have a profitable business based upon Biblical principles, without sacrificing integrity, honesty, or profitability. There are certain principles that when applied work universally to prosper a business. These principles were put in to place by God for His creation to use. God designed this world to best operate under His laws. When we follow His laws things tend to go well. When we break His laws we get broken. Most secular business books and self-help books fall short because they extol the strengths of men and do not go far

enough in giving the glory to God. Some have even taken God's principles and taught them as if they were their own or have given credit to some unnamed higher power. God laws are for the seen and the unseen or what we call the physical and the spiritual. Even non-Christians experience blessings when they apply God's principles in both the physical and spiritual realm. The sad part is they don't give Him glory when things go well. (But when things go bad you often hear them taking His name in vain.) We want to encourage Christian Business Owners to boldly give credit to our God who put these laws into place, who created us with the amazing abilities and capabilities of our mind, soul, and body and who gives us the very breath we breathe to live and prosper. One amazing thing about our God is His great mercy. Even when the world does not give Him the glory He deserves, He still blesses them. Jesus said that the Father sends His rain on the just and on the unjust. And Paul the Apostle tells us that it is the kindness of God that leads men to repentance. Our goal as Christian Business Owners is to first and foremost glorify God in our life and business. We choose to acknowledge Him in all our ways.
