Manuale di medicina legale. Per una formazione, per una conoscenza. Con CD-ROM Francesco De Ferrari,Luigi Palmieri.2007

Tutto quello che deve sapere prima di diventare infermiera forense Silvia Reali.2024-01-16 All'incrocio tra medicina, giustizia ed enigma umano, la medicina legale affascina tanto quanto interroga. Tuttavia, mentre i medici legali sono spesso sotto i riflettori, il ruolo centrale dell'infermiera forense rimane poco conosciuto. Questo libro la conduce in un viaggio senza precedenti nel cuore di questa professione, rivelando le sue sfide, le sue innovazioni e la sua indispensabile umanità. Questo libro è una guida completa con istruzioni molto precise, in modo da sapere tutto e non perdersi. Scopri lo sviluppo storico della medicina legale, dove ogni capitolo è un'immersione nel passato, che fa luce sulla nostra attuale comprensione della morte, della giustizia e della scienza. L'infermiere, una figura chiave in questo quadro, viene svelato nelle sue interazioni con i patologi forensi, la polizia, le famiglie in lutto e il mondo legale. Ogni sala autoptica ha una storia da raccontare e ogni campione è un enigma da risolvere. Oltre alle tecniche e alle procedure, viene evidenziata la dimensione umana ed etica della professione. Come si gestisce lo stress insito in queste responsabilità? Come si fa a sostenere una famiglia in lutto con dignità, garantendo al contempo il rigore scientifico necessario per la giustizia? Ricco di testimonianze toccanti di infermieri esperti, di analisi di casi reali e degli ultimi progressi tecnologici, questo libro offre una prospettiva completa e vivace sul mondo della medicina legale. Si tratta di una risorsa preziosa per i professionisti della salute che aspirano a specializzarsi, nonché di un resoconto avvincente per i lettori desiderosi di capire cosa succede dietro le quinte in un mondo in cui la scienza incontra l'anima umana. Si immerga in un mondo dove ogni dettaglio conta, dove la compassione e l'abilità vanno di pari passo, e scopra il ruolo essenziale, anche se spesso trascurato, dell'infermiera forense.

Metodologia accertativa medico-legale in ostetricia e ginecologia: valutazione degli eventi e delle responsabilità Emanuela

Turillazzi,Margherita Neri,Irene Riezzo.2007

Archivio di antropologia criminale, psichiatria e medicina legale .1916

La responsabilità dell'infermiere e le sue competenze Stefano Bugnoli.2014-07 Dal 2011 è aperto, pur con mille contraddizioni, un tavolo congiunto tra Ministero e Regioni con l'obiettivo dichiarato di individuare nuove competenze e responsabilità per l'infermiere nell'area specialistica, così da avere a breve un nuovo importante elemento innovativo nella normativa di riferimento dell'infermiere già radicalmente cambiata negli ultimi 20 anni. In questo testo vengono analizzate le sfide che l'infermiere del terzo millennio è chiamato ad affrontare, analizzando le opportunità e le minacce che i nuovi scenari propongono ma anche e soprattutto proponendo delle riflessioni sugli aspetti etici, normativi, deontologici e formativi

della professione. Il volume è pratico, aggiornato alle ultime novità normative, e dettagliato così da proporsi come una guida per un agire responsabile. È un libro scritto da infermieri, pensato per essere letto da infermieri. Stefano Bugnoli laurea specialistica in Scienze infermieristiche e ostetriche e in Scienze politiche con indirizzo politico sociale, ha conseguito il master in Coordinamento delle professioni sanitarie e nel 2012 il master di secondo livello in Health services management presso l'Università di Siena.

La Responsabilità medica Nicola Todeschini.2019-06-11 Il volume offre il quadro d'insieme delle regole da applicare alla responsabilità medica a seguito delle novità introdotte dalla riforma Gelli-Bianco. Vengono affrontati i temi di maggior attualità quali: l'accertamento tecnico preventivo grazie all'analisi di numerosi casi pratici, risolti dalla giurisprudenza di merito il nuovo discusso assetto della responsabilità penale dopo le sezioni unite l'analisi delicata del rapporto medico paziente il valore da assegnare alle linee guida la corretta configurazione dei titoli di responsabilità impegnati Un ampio approfondimento è dedicato inoltre alle nuove chance di riparazione del danno da violazione del diritto all'autodeterminazione, senza dimenticare il ruolo del consulente medico legale.

Legislazione e medicina legale dell'urgenza e dell'emergenza sanitaria. Manuale per operatori, volontari, infermieri professionali e medici Emilio Chiodo.2002

Medicina legale nelle professioni sanitarie Maurizio Marasco,Stefania Zenobi,Luigi Cipolloni.2012-01-30 L'ausilio dei Tecnici in ambito medico è ormai certamente determinante. La nostra esperienza ci induce, comunque, a ritenere indispensabile, per coloro che operano in tale ambito, l'acquisizione dei principi fondamentali della Medicina Legale. L'opera da noi redatta è, pertanto, indirizzata a tutti coloro che, nel conseguimento della c.d. laurea breve nelle professioni sanitarie, intendono operare in un campo che necessita la conoscenza di aspetti non solo di pertinenza medica ma anche giuridica e, dunque, di quel punto di incontro che trova la sua vera espressione nella Medicina Legale. Abbiamo, inoltre, dedicato la nostra attenzione ad aspetti peculiari della branca medico-legale (elementi di psichiatria-forense, malattia professionale ed infortuni sul lavoro), aspetti che, oltre ad arricchire il patrimonio culturale del Tecnico, gli consentiranno di agire con conoscenza e nel rispetto della normativa vigente.

Competenza, autonomia e responsabilità dell'infermiere triagista in P.S., aspetti giuridici e deontologici Stefania Rossi.2015-12-09 Il saggio descrive le varie fasi dell'evoluzione della professione infermieristica, fino alla rivendicazione di autonomia e responsabilità.In particolar modo si descrive il ruolo dell'infermiere triagista in PS, e le responsabilità del proprio operato.Inoltre l'importanza che riveste oggi la nuova figura

dell'infermiere forense. Il saggio è particolarmente utile per studenti in scienze infermieristiche, per chi vuole conseguire master management per funzioni di coordinamento delle professioni sanitarie.

Istituzioni di medicina legale e di diritto per le professioni sanitarie Susanna Agostini, Luigi T. Marsella. 2012

Sala operatoria Luca Cozzolino. 2014-09-01 Un giorno qualunque, passato come tanti fra letti operatori, ferri chirurgici, elettromedicali e materiale per anestesia, i miei colleghi ed io ci siamo guardati negli occhi e ci siamo domandati se lavorare seguendo solo schemi preposti fosse l'effettiva mansione di un Dottore in scienze infermieristiche. Il lavoro di infermiere di sala operatoria è effettivamente molto tecnico, ma c'è grande differenza fra il compiere meccanicamente delle azioni e sapere nello specifico la precisa dinamica di ciò che si sta svolgendo e l'esatta utilità del proprio lavoro, la stessa che intercorre fra un mestiere ed una professione, ai più può sembrare che questa distinzione sia superflua ma non è così, poiché molti nostri colleghi in passato hanno lottato perché venissero riconosciute loro l'importanza e la serietà del proprio lavoro. Da questo ragionamento è nata l'idea di scrivere questo libro. Utile sia agli allievi, che agli infermieri che si avvicinano alla sala operatoria e sia per quelli, che come me non smettono mai di essere curiosi ed hanno sempre sete di conoscenza

Nozioni di medicina legale. Uno strumento per le professioni medico-sanitarie e giuridiche Jutta Maria Birkhoff. 2011-10-27T00:00:00+02:00 287.34

Medicina legale orientata per problemi Antonina Argo, Burkhard Madea, Paolo Procaccianti, Michele Zagra. 2015-10-01T00:00:00+02:00 Questo manuale tratta le questioni di interesse medico legale e le più frequenti problematiche legate all'esercizio della medicina. La struttura del testo adotta la tecnica didattica del problem solving, che più si adatta a quest'area tematica, non tralasciando tuttavia l'illustrazione degli aspetti dottrinari e l'aggiornamento della giurisprudenza in materia. Il libro presenta tre livelli di lettura: testo, note di approfondimento e tabelle sinottiche e attraverso le schede di consultazione rapida fornisce un approccio volto all'immediata risoluzione dei più frequenti interrogativi, evidenziando ciò che non deve essere dimenticato o trascurato nell'approccio medico legale al singolo problema.

Medicina legale. Per i corsi di laurea delle professioni sanitarie. Appendice. Diritto sanitario e bioetica Francesca Ventura, Andrea Molinelli. 2008

Manuale di etica per l'operatore socio-sanitario Renzo Zanon. 2010 Gli Operatori socio-sanitari (Oss), impegnati a gestire quotidianamente relazioni di aiuto con persone in situazioni di sofferenza, di disagio, di disabilità, di malattia, sono chiamati a porre sempre maggiore attenzione alla dimensione etica e deontologica della loro professione, ispirata al rispetto della persona umana e dei suoi diritti. Promozione e trasmissione di valori quali il rispetto per la persona, l'accoglienza, la giustizia, la fraternità, la solidarietà, correlati al principio primario della centralità dell'uomo, affinché le prestazioni di cura e di assistenza non siano soltanto gesti 'tecnici', freddi e razionali, ma si trasformino in un atto di compassione e di amore. Troppo spesso si dimentica che nei servizi sanitari, socio-sanitari e socio-assistenziali la centralità del cittadino utente è garantita soltanto dalla centralità (e quindi dalla formazione umana e non soltanto professionale) di chi vive e opera quotidianamente nei servizi, assicurandone la continuità e lo svolgimento. Offre elementi di conoscenza e alcuni spunti di riflessione su temi di valenza etica, che toccano aspetti della cura e dell'assistenza, per essere strumento utile nella formazione degli Operatori socio-sanitari. Non ci si può prendere cura dell'uomo senza mettere in gioco l'immagine dell'uomo, e cioè anche di noi stessi. (editore).
