The Most Precious of Cargoes Jean-Claude Grumberg.2020-09-29 Set during the height of World War II, a powerful and unsettling tale about a woodcutter and his wife, who finds a mysterious parcel thrown from a passing train. Once upon a time in an enormous forest lived a woodcutter and his wife. The woodcutter is very poor and a war rages around them, making it difficult for them to put food on the table. Yet every night, his wife prays for a child. A Jewish father rides on a train holding twin babies. His wife no longer has enough milk to feed both children. In hopes of saving them both, he wraps his daughter in a shawl and throws her into the forest. While foraging for food, the wife finds a bundle, a baby girl wrapped in a shawl. Although she knows harboring this baby could lead to her death, she takes the child home. Set against the horrors of the Holocaust and told with a fairytale-like lyricism, *The Most Precious of Cargoes* is a fable about family and redemption which reminds us that humanity can be found in the most inhumane of places. Translated from the French by Frank Wynne
