Grimoires Owen Davies.2010-09-23 What is a grimoire? The word has a familiar ring to many people, particularly as a consequence of such popular television dramas as Buffy the Vampire Slayer and Charmed. But few people are sure exactly what it means. Put simply, grimoires are books of spells that were first recorded in the Ancient Middle East and which have developed and spread across much of the Western Hemisphere and beyond over the ensuing millennia. At their most benign, they contain charms and remedies for natural and supernatural ailments and advice on contacting spirits to help find treasures and protect from evil. But at their most sinister they provide instructions on how to manipulate people for corrupt purposes and, worst of all, to call up and make a pact with the Devil. Both types have proven remarkably resilient and adaptable and retain much of their relevance and fascination to this day. But the grimoire represents much more than just magic. To understand the history of grimoires is to understand the spread of Christianity, the development of early science, the cultural influence of the print revolution, the growth of literacy, the impact of colonialism, and the expansion of western cultures across the oceans. As this book richly demonstrates, the history of grimoires illuminates many of the most important developments in European history over the last two thousand years.

Words of Power Michael Kelly. 2013-09-14 Words of Power is the latest in Michael Kelly's series of Draconian titles. Its purpose is to reveal the Mysteries of the spoken and written word, and how the precise use of words is essential to magic. The book is divided into three sections: In the first section, historical traditions of magic are studied with specific reference to the ways in which they use Words and Names of power. The Graeco-Egyptian magical papyri; Qabalism; the grimoire

traditions; runes; ogham; Enochian; Satanism: all are examined closely and their techniques dissected. This demonstrates how the entirety of magical practice is founded upon words and their correct use. In the second section, attention is turned to the use of our own contemporary language as a tool to influence and persuade others, utilising the skills of Lesser Magic. The secrets of persuasion are laid bare, with a full discussion of how to choose the right words to convey the precise meanings and emotions which will persuade others to do what you want, whether you are talking to an individual, addressing a crowd, or using the written word. The third section looks at the Draconian characters created and used by The Apophis Club, demonstrating a method of drawing forth your own personal sound keys by accessing the qualities associated with various letters in your own subconscious. These words and letters are then explored further through three levels of numerological analysis. The reader of this book can expect to come away with not only increased knowledge of the power of applied language, but the skills and techniques to choose the right words to create the changes he or she most desires. For magic is the fulfilment of desires, and this book will show you how to fulfil yours.

Success Magick Damon Brand.2020-03-11 There is no such thing as a simple ritual to make you an overnight success. This is a system of magick. It is far more than a list of rituals that solve problems. You integrate a successful pathway into your life. The great secrets of magick were delivered to a genius mathematician in the sixteenth century. After that, the magick was locked away for many years, then found again and shared in secret. Occultists are beginning to unravel these secrets to the point where they have become practical. The methods described here are based on a lifetime studying and exploring success, combined with the wisdom of the Enochian Angels. Whether you are tired of the struggle, battling against competitors, finding it difficult to start or finish a project, uncertain of what to do with your life, or straining to get where you want to be, this book presents a form of magick that can unlock your dreams. Whatever your age or experience, and no matter what

you have gone through before, it is never too early or too late to find success. From this point on, you can choose the life you have always wanted. With this magick, you can compress time, improve fortune, and open opportunity in a way that cannot happen without magick. Enochian Magick reveals an underlying power in the universe that can bring you the success you desire. This book shows every step you need to take. People may tell you that you cannot use Enochian Magick, but the angels said otherwise. They said that magick should be used. We were told to use this magick to understand and experience its power. That is what you can do now. You don't need any equipment or special magickal skills. You only need a private space where you can perform the magick. Centuries ago, in a set of strange and fascinating circumstances, the angels revealed an encoded magickal system to Doctor John Dee, a friend and advisor to Queen Elizabeth I. This secret magick was nearly taken by the flames of the Great Fire of London. It survived, and has slowly been recovered, examined, explored, and experienced. Enochian Magick is no longer a historical curiosity but the essence of practical magick. Give it your attention, and it can open you up to a life of success.

Becoming Dangerous Katie West, Jasmine Elliott. 2019-04 At the crossroads of #MeToo, #HexthePatriarchy, and the increasingly vocal feminist and LGBTQ+ movements comes a highly readable and moving collection of writings. The difference between the witch and the layperson is that a witch already knows they are powerful. The layperson may only suspect. *Becoming Dangerous* is a collection of deeply personal essays by marginalized people operating at the intersection of feminism, witchcraft, and resistance about summoning power and becoming fearsome in a world that would prefer them to be afraid. Written by women artists, authors, columnists, comic book writers, fashionistas, performers, and video game designers, these essays are personal explorations about how and why rituals of resistance work for them. Their goal is to help readers summon their

own power to resist, survive, and thrive.

by shaping our inner thoughts. Instead of being controlled by circumstances, we can become architects of our reality by harnessing the power of consciousness itself. Throughout the book, U. S. Andersen illustrates this principle with meditations to help you reframe difficult situations and cultivate liberating thoughts. He also empowers you to: • understand the true relationship between mind and matter • free yourself from limiting beliefs • program your thoughts for success • tap the power of the subconscious mind • develop your innate intuitive abilities As Andersen puts it, this book is “aimed at revealing to you your power over all things. Black Magic Yvonne P. Chireau. 2006-11-20 Chireau has written a marvelous text on an important dimension of African American religious culture. Expanding beyond the usual focus of scholarship on Christianity, she describes and analyzes the world of magical-medical-religious practice, challenging hallowed distinctions among religion and magic. Anyone interested in African American religion will need to reckon seriously with Chireau's text on conjure.—Albert J. Raboteau, Princeton University Deprived of their own traditions and defined as chattel, enslaved Africans formed a new orientation in America. Conjuring—operating alongside of and within both the remnants of African culture and the acquired traditions of North America—served as a theoretical and practical mode of deciphering and divining within this, enabling them to create an alternate meaning of life in the New World. Chireau's is the first full-scale treatment of this important dimension of African American culture and religion. A wonderful book!—Charles H.
