Lippincott NCLEX-PN Alternate-Format Questions Diana Rupert.2016-06-21 LIPPINCOTT NCLEX-PN ALTERNATE-FORMAT QUESTIONS, 4E is designed to help anyone preparing to take the PN licensing examination. This 4th edition has everything needed for students to be fully prepared to answer every type of question found on the NCLEX. More than 300 questions include multiple-response, drag-and-drop, hotspot, audio, chart, graphic option, and fill-in-the blank questions. Also included is a comprehensive test with an additional 120 questions. Rationales are clear and detailed and cover correct as well as incorrect answers. Test-taking strategies help students dissect each question to its core components and provide keys to choosing the right answer. The book reviews all the topics covered on the actual NCLEX-PN. Hundreds of questions at the application level or above prompt active learning and higher-order thinking. Questions are aligned with the National Council of State Boards of Nursing (NCSBN) 2017 PN test plan and are written in the style used on the licensing examination. An accompanying PassPoint site provides an additional opportunity for students to practice for NCLEX while also giving a glimpse of the full PassPoint experience.

Fundamentals of Nursing Test Success Ruth Wittmann-Price, PhD, CNS, RN, CNE.2012-11-12 Based on a philosophy of active learning, this innovative text uses unfolding case studies as a compelling vehicle for learning fundamental nursing content. Unlike traditional vignettes, these case studies evolve over time as real-life situations, better enabling students to develop the skills they need to problem solve, actively engage, and use critical thinking techniques in new situations. The unfolding case study method also assists in the development of skills that are important for nursing students about to embark on the NCLEX-RN. The text incorporates all types of NCLEX-style questions into the unfolding case studies to facilitate exam preparation. This method offers a unique study opportunity that integrates all fundamental concepts and skills application with practice and professional role responsibilities. The patient care content areas that are needed for NCLEX-RN success--safe and effective care, health promotion, physiological and psychological integrity--are interwoven into an engaging format. References at the end of each chapter provide guidance for additional study as needed. Electronic and web resources provide quick access to valuable web-delivered information that will be useful in a clinical setting. eBook versions of this text will take the reader directly to the web resource. Key Features: Integrates core nursing concepts and content into unfolding case studies Provides engaging test review preparation for course success and NCLEX-RN test success Offers students a refreshing new study option and relief from endless Q&A format offered by other content review books Develops critical thinking skills to help students think like a nurse Incorporates all types of NCLEX-style questions into unfolding case studies

Medical-Surgical Nursing Susan C. deWit, Holly Stromberg, Carol Dallred. 2016-02-05 Providing a solid foundation in medical-surgical nursing, Susan deWit's Medical-Surgical Nursing: Concepts and Practice, 3rd Edition ensures you have the information you need to pass the NCLEX-PN® Examination and succeed in practice. Part of the popular LPN/LVN Threads series, this uniquely understandable, concise text builds on the fundamentals of nursing, covering roles, settings, and health care trends; all body systems and their disorders; emergency and disaster management; and mental health nursing. With updated content, chapter objectives, and review questions, this new edition relates national LPN/LVN standards to practice with its integration of QSEN competencies, hypertension, diabetes, and hypoglycemia. Concept Maps in the disorders chapters help you visualize difficult material, and illustrate how a disorder's multiple symptoms, treatments, and side effects relate to each other. Get Ready for the NCLEX® Examination! section includes Key Points that summarize chapter objectives, additional resources for further study, review questions for the NCLEX® Examination, and critical thinking questions. Nursing Care Plans with critical thinking questions provide a clinical scenario and demonstrate application of the nursing process with updated NANDA-I nursing diagnoses to individual patient problems. Anatomy and physiology content in each body system overview chapter provides basic information for understanding the body system and its disorders, and appears along with Focused Assessment boxes highlighting the key tasks of data collection for each body system. Assignment Considerations, discussed in Chapter 1 and highlighted in feature boxes, address situations in which the RN delegates tasks to the LPN/LVN, or the LPN/LVN assigns tasks to nurse assistants, per the individual state nurse practice act. Gerontologic nursing presented throughout in the context of specific disorders with Elder Care Points boxes that address the unique medical-surgical care issues that affect older adults. Safety Alert boxes call out specific dangers to patients and teach you to identify and implement safe clinical care. Evidence-based Practice icons highlight current references to research in nursing and medical practice. Patient Teaching boxes provide step-by-step instructions and guidelines for post-hospital care - and prepare you to educate patients on their health condition and recovery. Health Promotion boxes address wellness and disease prevention strategies that you can provide in patient teaching. NEW! Content updated with the most current health care standards, including QSEN competencies, hypertension, diabetes, and hypoglycemia, to relate national standards to LPN/LVN practice. UPDATED! Revised chapter objectives and content reflects higher-level critical thinking, communication, patient safety, and priority setting. UPDATED! Get Ready for the NCLEX®! review questions updated per the 2014 NCLEX-PN® test plan.

Thoroughly revised and updated, the Rau's workbook is part of the complete learning package for your continued success! Answers reference back to the objectives in the core text to help you easily review your areas of weakness. Case studies and critical-thinking questions promote the application of clinical skills. Key illustrations from the text provide a visual review to enhance your study of important concepts. Engaging pharmacology exercises reinforce foundational content, such as key terms and definitions. NEW! Updated content reflects changes to drug approval, aerosol medication devices and associated issues related to COVID-19, FDA-approved medications, and asthma and COPD treatment protocols.

deWit's Medical-Surgical Nursing E-Book Holly K. Stromberg. 2020-01-09 Get the solid foundation you need to pass the NCLEX-PN® exam and succeed in practice! deWit's Medical-Surgical Nursing: Concepts and Practice, 4th Edition builds on the fundamentals of nursing with complete coverage of adult medical-surgical conditions, including roles, settings, health care trends, and all body systems and their disorders. It provides special attention to care of older adults, those with chronic illnesses, and residents in long-term care settings. Written by nursing educator Holly Stromberg, deWit's Medical-Surgical Nursing makes exam prep easier with NCLEX-PN® review questions, and reflects national LPN/LVN standards with an emphasis on evidence-based practice and patient safety. Safety alerts emphasize safety precautions to protect patients, family, health care providers, and the public from accidents, spread of disease, and medication-related accidents. Older Adult Care Points address the unique care issues of gerontologic nursing, and describe assessment and interventions for long-term care patients. Nursing care plans show plans of care based on patient history, including patient goals and outcomes, with critical thinking questions allowing you to assess your understanding of nursing care concepts. Assignment Considerations cover task delegation from the RN to the LPN/LVN and from the LPN/LVN to unlicensed assistive personnel, as allowed by each state's nurse practice act. Get Ready for the NCLEX® Examination! section at the end of each chapter covers key points and includes review questions to help you prepare for class tests and the NCLEX-PN examination. Focused Assessment boxes show how to collect patient data, including history, physical, and psychosocial assessment. Home Care Considerations focus on adapting medical-surgical nursing care to the home environment after discharge. Cultural Considerations promote understanding of various ethnic groups and sensitivity to differing beliefs and practices. Communication boxes help in developing therapeutic communication skills in realistic patient care situations. Patient Teaching boxes provide instructions and guidelines for educating patients on post-hospital care. Legal and Ethical Considerations describe legal issues and ethical dilemmas that may face the practicing nurse. Think Critically encourages you to synthesize information and apply concepts to practice. Nutrition Considerations emphasize the role nutrition plays in disease and nursing care. Medication tables provide quick access to dosages and side effects of commonly used medications. Key terms include phonetic pronunciations and text page references, making learning easier with terms listed at the beginning of each chapter, appearing in blue at first mention or where defined in the text, and defined in the glossary.

Respiratory Study Guide Content Breakdown + 100 NCLEX Review Practice Questions Russell.2015-05-20 Respiratory Study Guide | NCLEX Review | Nursing School Content Breakdown In this book, I breakdown the RESPIRATORY content for easy understanding, provide strategies and tips every nursing student should know, and then discuss 100 NCLEX review questions and provide solid rationales to really help your understanding. This book is meant to act as a supplement to boost your learning, go hand in hand with your studying, and help increase your test scores! * PLEASE NOTE * The NCLEX will be the weirdest exam you will ever take. No matter how much you prepare, you will feel like you are just making the best guess... this is normal. This is because the NCLEX doesn't test you on your ability to regurgitate content but rather the basics and

mainly your critical thinking ability. For this reason, the content breakdown only covers the absolute must know core content that you are required to know and most likely see on the NCLEX. There is no way to know EVERYTHING and that is why it is not all covered. This book will provide you with the core must know knowledge and the questions & rationales will help develop your critical thinking. Thank you and all the best!

FeedBooks: Select the Free Public Domain Books or Free Original Books categories to find free ebooks you can download in genres like drama, humorous, occult and supernatural, romance, action and adventure, short stories, and more. Bookyards: There are thousands upon thousands of free ebooks here. Amazon's star rating and its number of reviews are shown below each book, along with the cover image and description. You can browse the past day's free books as well but you must create an account before downloading anything. A free account also gives you access to email alerts in all the genres you choose. Since it's a search engine, browsing for books is almost impossible. The closest thing you can do is use the Authors dropdown in the navigation bar to browse by authors—and even then, you'll have to get used to the terrible user interface of the site overall. Ebooks are available as PDF, EPUB, Kindle and plain text files, though not all titles are available in all formats. Scribd offers a fascinating collection of all kinds of reading materials:

presentations, textbooks, popular reading, and much more, all organized by topic. Scribd is one of the web's largest sources of published content, with literally millions of documents published every month. If you want to stick to PDFs only, then you'll want to check out PDFBooksWorld. While the collection is small at only a few thousand titles, they're all free and guaranteed to be PDF-optimized. Most of them are literary classics, like *The Great Gatsby*, *A Tale of Two Cities*, *Crime and Punishment*, etc. Bibliomania: Bibliomania gives readers over 2,000 free classics, including literature book notes, author bios, book summaries, and study guides. Free books are presented in chapter format. For all the Amazon Kindle users, the Amazon features a library with a free section that offers top free books for download. Log into your Amazon account in your Kindle device, select your favorite pick by author, name or genre and download the book which is pretty quick. From science fiction, romance, classics to thrillers there is a lot more to explore on Amazon. The best part is that while you can browse through new books according to your choice, you can also read user reviews before you download a book. Authorama.com features a nice selection of free books written in HTML and XHTML, which basically means that they are in easily readable format. Most books here are featured in English, but there are quite a few German language texts as well. Books are organized alphabetically by the author's last name. Authorama offers a good selection of free books from a variety of authors, both current and classic.
