Lectures on the History of Preaching John Ker.1888

Prophetic Preaching Leonora Tubbs Tisdale.2010-08-09 Where have all the prophets gone? And why do preachers seem to shy away from prophetic witness? Astute preacher Leonora Tisdale considers these vexing questions while providing guidance and encouragement to pastors who want to recommit themselves to the task of prophetic witness. With a keen sensitivity to pastoral contexts, Tisdale's work is full of helpful suggestions and examples to help pastors structure and preach prophetic sermons, considered by many to be one of the most difficult tasks pastors are called to undertake.

From and Before God Sugel Michelén.2019-11-05 Imagine this scene. You are standing in the pulpit of your church preaching on a Sunday morning. Without your knowledge, the Lord Jesus himself is sitting in the last row, listening attentively to what you're saying. How would this reality impact your preaching? The truth is that this is no mere illustration: the Lord is present in His churches every Sunday, listening to the preaching of His Word. The apostle Paul wrote in 2 Corinthians 2:17 that ministers are to preach "as from God and before God." Those who preach God's Word are commissioned by God to preach, and they do their preaching before God, for an audience of one. This, according to Sugel Michelén, is the biblical foundation for expository preaching—preaching that draws out what is in the Word of God. In this work, Michelén, regarded as one of the best preachers in the Spanish-speaking church, makes a biblical case for expository preaching and models for readers how to prepare and preach as from and before God.

God's Kingdom Preachers & Soul Winners PASTOR QUINCY MELVIN SR..2015-04-13 THE GREAT COMMISSION Jesus came and spoke unto them, saying, all power is given unto me in heaven and in earth. Go ye therefore, and teach all nations baptizing them in the name Of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you always; even unto the end of the world Amen (Matthew 28: 18-20). In addition, he said unto them go ye into the entire world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned. In addition, these signs shall follow them that believe; in my name shall they cast out devils; they shall speak with new tongues; they shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover (Mark 16: 15-18). God intended for his Church to spread His Word abroad through the whole world from the early part of his kingdom.

How to Preach a Dangerous Sermon Frank A. Thomas.2018-02-20 Learn to use four characteristics of preaching with moral imagination to proclaim freedom for all. The author describes the four characteristics using examples like Robert F. Kennedy, Dr. Martin Luther King, Jr., Prathia Hall, and the Moral Monday Movement, along with musicians and other artists of today. Moral imagination helps the hearer to see what they cannot see, to hear what they cannot hear--to inhabit the lives of others, so that they can embody Christ and true freedom for those others. This book equips and empowers preachers to transcend their basic skills and techniques, so that their proclamation of the Word causes actual turnaround in the hearts and lives of their hearers, and in their communities. Frank Thomas has written a passionate summons: amid the current destructive chaos of our society there is an urgent need for moral imagination. Such imagination is the antithesis of "diabolic" and "idolatrous" imagination that is all to the fore in our public discourse and practice. Thomas fleshes out "moral imagination" with close reflection on the practice of Robert F. Kennedy and Martin Luther King. Before he finishes Thomas shows how the urgency of "moral imagination" belongs peculiarly to the work of the preacher. This book is a welcome call for gospel-grounded courage and truth about the neighbor issued in a way that refuses the self-serving fakery that dominates our public life. --Walter Brueggemann, Columbia Theological Seminary Timely and prophetic, How to Preach a Dangerous Sermon presents a homiletic essential for our churches today. Thomas insists that it is up to the preacher to recapture and reclaim the moral imagination of our nation so that the Gospel's message of freedom is true for all people. With attention to specific figures whose witness models the qualities and characteristics of moral imagination, Thomas inspires the preacher toward powerful proclamation that both challenges and critiques any speech that subjugates or subordinates. How to Preach a Dangerous Sermon is must read for preachers to recover and reimagine the leadership role of the church for the sake of justice for all. --Karoline M. Lewis, Associate Professor of Biblical Preaching and the Marbury E. Anderson Chair of Biblical Preaching, Luther Seminary; author of She: Five Keys to Unlock the Power of Women in Ministry. In this lucid and compelling book, Frank Thomas plumbs the depths of American moral rhetoric for insights that will help preachers. How to Preach a Dangerous Sermon provides new and dramatic ways in which the moral imagination in a democratic society can be nurtured by visionary, empathic, wise, and artistic preachers.--John S. McClure, Charles G. Finney Professor of Preaching and Worship, Vanderbilt Divinity School Warning: Preachers, if you are comfortable with the status quo of white privilege, patriarchy, hetero-normativity, and classism, do not read this book. If you are comfortable with sermon series that reduce the gospel to self-help acronyms, don't read this book. But if you have the courage to look honestly at our landscape and bring the moral imagination of the Christian tradition to bear on it, open these pages and your sermons may never be the same again. But then again neither will the church--or the world--be the same anymore, if enough of us follow Thomas's advice. --O. Wesley Allen, Jr., Lois Craddock Perkins Professor of Homiletics, Perkins School of Theology, Southern Methodist University

Preaching and Public Speaking Among Latterday Saints Nels Lars Nelson.1910

A Reader on Preaching David Day.2017-09-08 Every Sunday all over the world people rise up and claim to speak in the name of God. It is an astonishing thing to do and an astonishing claim to make. It is small wonder that the sermon has been the focus of debate, discussion and investigation. It has been dismissed as irrelevant in today's culture and has become the butt of numerous jokes and caricatures. Yet the claim persists that these human words in some way can become God's message to these hearers. This collection of twenty-nine articles by international experts in the area of homiletics coincides with the revival of interest in preaching over the last twenty-five years. It is practical without being merely tips for preachers; and it offers the necessary theoretical discussion for anyone who wants to take the art of preaching seriously. No important issue has been omitted and, taken as a whole, the book constitutes a first class introduction to the principles, processes, context and theology of preaching. Contributors include: Walter Brueggemann, David Buttrick, Fred Craddock, Edward Farley, John Killinger, Richard Lischer, Thomas Long, Elaine Lawless, Jolyon Mitchell, Cheryl Sanders and Thomas Troeger.

A History of Preaching Volume 2 Rev. O.C. Edwards JR..2016-04-25 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation. Bringing together an impressive array of familiar and lesser-known figures, Edwards paints a detailed, compelling picture of what it has meant to preach the gospel. Pastors, scholars, and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching. Ecumenical in scope, fair-minded in presentation, appreciative of the contributions that all the branches of the church have made to the story of what it means to develop, deliver, and listen to a sermon, A History of Preaching will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel. Volume 2 contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. The author has written an introduction to each selection, placing it in its historical context and pointing to its particular contribution. Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history. Volume 1, available separately as 9781501833779, contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament, through the late-twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way the author introduces us to the complexities and contributions of preachers, both with whom we are already acquainted, and to whom we will be introduced here for the first time. Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth; all of their distinctive contributions receive careful attention. Yet lesser-known figures and developments also appear, from the ninth-century reform of preaching championed by Hrabanus Maurus, to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members' preaching, to Howell Harris and Daniel Rowlands, preachers of the eighteenth-century Welsh revival, to Helen Kenyon, speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew. ...'This work is expected to be the standard text on preaching for the next 30 years,' says Ann K. Riggs, who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury-Western Theological Seminary, is co-moderator of the commission, which studies church-uniting and church-dividing issues. 'A History of Preaching is ecumenical in scope and will be relevant in all our churches; we all participate in this field,' says Riggs.... from EcuLink, Number 65, Winter 2004-2005 published by the National Council of Churches

Give Me this Mountain Clarence LaVaughn Franklin.1989 C.L. Franklin, the most imitated soul preacher in history, was a combination of soul and science and substance and sweetness.--Reverend Jesse L. Jackson, from

the Foreword Few black preachers have been better known than the Reverend C. L. Franklin; none has been considered a better preacher. This collection of twenty of Franklin's best sermons shows the development of his style. A learned man, Franklin had attended both seminary and college, yet in his sermons used the old-fashioned, extemporaneous style of preaching, whooping or chanting, combining oratory and intoned poetry to reach both head and heart. Dozens of Franklin's sermons were released on record albums, and he went on preaching tours with gospel groups that included his daughter, Aretha Franklin, reaching virtually every corner of the United States. This volume begins with Franklin's life history, told in his own words. In an afterword, Jeff Titon reviews the African-American sermon tradition and Franklin's place in it.

Various Sermons Bernard of Clairvaux. 2020-04-15 This last small group of Bernard's sermons to be published in translation by Cistercian Publications rightly goes by the title *De variis* in the critical edition. While most of them treat feasts on the church calendar, they do so in a somewhat hit-or-miss fashion. Three sermons also deal with God's will, God's mercies, and the gifts of the Holy Spirit. Two sermons for the feast of Saint Victor are a response to a request to Bernard from the monks of Montieramey; the Bollandist Life of Saint Victor appears here as a complement to those sermons. Besides the nine sermons normally assigned to the *De variis*, this volume also includes a sermon on the feast of Saint Benedict that was recently added to the collection in *Sources Chrétiennes*. The survival of this loose assemblage of sermons outside of the organized collections of Bernard's sermons provides a reminder of Bernard as preacher and writer, able despite all his other activities to turn his hand to preaching when called upon. While they treat of disparate themes, they allow us to encounter the quintessential Bernard-speaking of the life of desire, the true meaning of holiness, and the awakening of the spiritual senses in the search for God.

The Preacher's Edge Jerry L. Schmalenberger. 1996 *The Preacher's Edge* puts to work the basic principles of oratory and persuasive speaking with creative pulpit techniques. It is written to be used by preachers for a revival and renewal of their preaching. From this book one can learn how to reach and hold the attention of this channel surfing generation of congregational members. This book is a celebration and affirmation of the role of preaching as the church moves into the 21st century. Reading it will modify the way in which the preacher delivers his message. And it will improve the attention span of those who hear the Good News in new and exciting ways. In tune with the communication patterns of the baby boomer and buster generations, Dr. Schmalenberger advocates preaching in an imagistic, earthy, and rhetorically musical style, and urges us to meet head-on the demand that the church respond to the difficult questions of our society. Both chapters and sample sermons present examples of the techniques he describes, and the book concludes with a clear, step-by-step program for improving one's preaching that could profitably be followed by preachers at any stage in their ministry. The Rev. Linda L. Clader, Ph.D. Associate Professor of Homiletics The Church Divinity School of the Pacific Berkeley, California Years in demanding pulpits and classrooms have given Jerry Schmalenberger an edge that he shares with candor and power. If you are looking for suggestions and possibilities, even a ten-week strategy for improving your preaching, this book is for you. Richard L. Thulin, Th.D. Dean and Professor of the Art of Preaching Lutheran Theological Seminary Gettysburg, Pennsylvania This volume is a plea and a plan for preaching close to the ground, using the very best speech techniques that have been discovered over the years. Schmalenberger strongly believes that paying attention to listeners' reactions is a keystone to effective preaching. Building on the extended narrative metaphor, he shows how local history can be a source of gospel parable and how it will more effectively lead to reaching the Baby Boomer and Baby Buster generations. Jerry Schmalenberger is president and professor of parish ministry at Pacific Lutheran Theological Seminary in Berkeley, California. He teaches introductory and advanced preaching courses in addition to practical theology. Professor Schmalenberger has been senior pastor in some of the largest Lutheran congregations in the United States and has appeared regularly on television and radio programs. He is a graduate of Wittenberg University and Hamma School of Theology in Springfield, Ohio. He has received Doctor of Ministry and Doctor of Divinity degrees from Wittenberg and Hamma. Schmalenberger has taught speech and communication at Wittenberg University and Urbana College in Ohio and was a parish pastor for 29 years.

Introduction to the Practice of African American Preaching Frank A. Thomas. 2016-11-15 *The Introduction to African American Preaching* is an important, groundbreaking book. This book acknowledges African American preaching as an academic discipline, and invites all students and preachers into a scholarly, dynamic, and useful exploration of the topic. Author Frank Thomas opens with a "bus tour" study of African American preaching. He shows how African American preaching has gradually moved from an almost exclusively oral to an oral/written tradition. Readers will gain insight into the history of the study of the African American preaching tradition, and catch the author's enthusiasm for it. Next Thomas traces the relationship between homiletics and rhetoric in Western preaching, demonstrating how African American preaching is inherently theological and rhetorical. He then explores the question, "what is black preaching?" Thomas introduces the reader to methods of "close reading" and "ideological criticism." And then demonstrates how to use these methods, using a sermon by Gardner Calvin Taylor as his example. The next chapter considers the question, "what is excellence in black preaching?" The next chapter seeks to create bridges and dialogue within the field of homiletics, and in particular, the Euro-American homiletic tradition. The goal of this chapter is to clearly demonstrate connections between the African American preaching tradition and the field of

homiletics. Thomas next turns to questions about the relevancy of the church to the Millennial generation. Specifically, how will the African American church remain relevant to this generation, which is so deeply concerned with social justice?

Graceful Speech Lucy Lind Hogan.2006-01-01 In this introductory text, Lucy Lind Hogan helps the reader understand the theological task of becoming a preacher, the craft of writing the sermon, and the importance of communicating the gospel in the present world. In doing so, she creates a book that is more holistic than any other homiletics text currently on the market. Hogan begins with a theological rationale for preaching, which serves as a basis for understanding the identity of the preacher. She then explores the context for preaching, showing how to interpret a scriptural text, design a sermon, and use illustrations and examples. She also discusses preaching for special occasions, the use of different technologies in preaching, and the importance of delivery. This book includes questions for reflection.
