The Curious Incident of the Dog in the Night-Time Mark Haddon.2009-02-24 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

**Homeland** Fernando Aramburu.2019-03-26 Miren and Bittori have been best friends all their lives, growing up in the same small town in the north of Spain. With limited interest in politics, the terrorist threat posed by ETA seems to affect them little. When Bittori's husband starts receiving

threatening letters from the violent group, however – demanding money, accusing him of being a police informant – she turns to her friend for help. But Miren’s loyalties are torn: her son Joxe Mari has just been recruited to the group as a terrorist and to denounce them as evil would be to condemn her own flesh and blood. Tensions rise, relationships fracture, and events race towards a violent, tragic conclusion . . . Fernando Aramburu’s *Homeland* is a gripping story and devastating exploration of the meaning of family, friendship, what it’s like to live in the shadow of terrorism, and how countries and their people can possibly come to terms with their violent pasts.

**Perfume** Patrick Suskind.2001-02-13 INTERNATIONAL BESTSELLER • Set in eighteenth-century France, the classic novel that provokes a terrifying examination of what happens when one man’s indulgence in his greatest passion—his sense of smell—leads to murder. In the slums of eighteenth-century France, the infant Jean-Baptiste Grenouille is born with one sublime gift—an absolute sense of smell. As a boy, he lives to decipher the odors of Paris, and apprentices himself to a prominent perfumer who teaches him the ancient art of mixing precious oils and herbs. But Grenouille’s genius is such that he is not satisfied to stop there, and he becomes obsessed with capturing the smells of objects such as brass doorknobs and fresh-cut wood. Then one day he catches a hint of a scent that will drive him on an ever-more-terrifying quest to create the “ultimate perfume”—the scent of a beautiful young virgin. Told with dazzling narrative brilliance, *Perfume* is a hauntingly powerful tale of murder and sensual depravity. Translated from the German by John E. Woods.

**Defending the Land of the Jaguar** Lane Simonian.2010-07-05 Mexican conservationists have sometimes observed that it is difficult to find a country less interested in the conservation of its natural resources than is Mexico. Lane Simonian here offers the first panoramic history of conservation in Mexico from pre-contact times to the current Mexican environmental movement. He explores the origins of conservation and environmental concerns in Mexico, the philosophies and endeavors of Mexican conservationists, and the enactment of important conservation laws and programs. This heretofore untold story, drawn from interviews with leading Mexican conservationists as well as archival research, will be important reading throughout the international community of activists, researchers, and concerned citizens interested in the intertwined issues of conservation and development.

**The Colors We Share** Angélica Dass.2021 Made for young readers, five to eight years old, this book features portraits that celebrate the diverse beauty of human skin. By depicting people from all over the world against a background that matches their skin tone, Angélica Dass challenges the racially charged colors we use to describe race. What does it mean to be seen as white, black, yellow, red, or brown? The pictures show how people and humanity are much richer and more complex than these categories, rendering the labels we use absurd. This book also reveals how every conceivable skin color in the world can be recreated from a mix of only three colors, which we all share. Through Dass's words and pictures, the book celebrates diversity as humankind's most powerful resource and inspires readers to rethink how we see each other.

Collapse Jared Diamond.2013-03-21 From the author of Guns, Germs and Steel, Jared Diamond's Collapse: How Societies Choose to Fail or Survive is a visionary study of the mysterious downfall of past civilizations. Now in a revised edition with a new afterword, Jared Diamond's Collapse uncovers the secret behind why some societies flourish, while others founder - and what this means for our future. What happened to the people who made the forlorn long-abandoned statues of Easter Island? What happened to the architects of the crumbling Maya pyramids? Will we go the same way, our skyscrapers one day standing derelict and overgrown like the temples at Angkor Wat? Bringing together new evidence from a startling range of sources and piecing together the myriad influences, from climate to culture, that make societies self-destruct, Jared Diamond's Collapse also shows how - unlike our ancestors - we can benefit from our knowledge of the past and learn to be survivors. 'A grand sweep from a master storyteller of the human race' - Daily Mail 'Riveting, superb, terrifying' - Observer 'Gripping ... the book fulfils its huge ambition, and Diamond is the only man who could have written it' - Economist 'This book shines like all Diamond's work' - Sunday Times

A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Memoirs of a Geisha Arthur Golden.1999-11-09 A literary sensation and runaway bestseller, this brilliant debut novel tells with seamless authenticity and exquisite lyricism the true confessions of one of Japan's most celebrated geisha. Nominated as one of America's best-loved novels by PBS's The Great American Read Speaking to us with the wisdom of age and in a voice at once haunting and startlingly immediate, Nitta Sayuri tells the story of her life as a geisha. It begins in a poor fishing village in 1929, when, as a nine-year-old girl with unusual blue-gray eyes, she is taken from her home and sold into slavery to a renowned geisha house. We witness her transformation as she learns the rigorous arts of the geisha: dance and music; wearing kimono, elaborate makeup, and hair; pouring sake to reveal just a touch of inner wrist; competing with a jealous rival for men's solicitude and the money that goes with it. In Memoirs of a Geisha, we enter a world where appearances are paramount; where a girl's virginity is auctioned to the highest bidder; where women are trained to beguile the most powerful men; and where love is scorned as illusion. It is a unique and triumphant work of fiction—at once romantic, erotic, suspenseful—and completely unforgettable.

The Call of Cthulhu H. P. Lovecraft.2023-08-31 The Call of Cthulhu by H. P. Lovecraft is a short story by American writer H. P. Lovecraft. Written in the summer of 1926, it was first published in the pulp magazine Weird Tales in February 1928. Plot: The story consists of three interconnected parts, and is presented as notes belonging to Francis Thurston, a Boston resident investigating the ancient deity Cthulhu. The first part, The Horror in Clay, concerns a mysterious clay bas-relief depicting Cthulhu. Thurston finds the bas-relief among the belongings of his great-uncle Professor Angell. The bas-relief was created by sculptor Henry Wilcox in March 1925 while half-asleep. At the time Wilcox was haunted by mysterious visions of Cyclopean cities. Angell also discovered reports of local residents — primarily artists, sculptors, architects, and others of a sensitive psyche — experiencing similar nightmares during that period. The next morning, Wilcox was amazed by his creation and took it to Angell, who noted that the bas-relief was reminiscent of a figurine seized by police from members of a New Orleans religious sect in 1907. In the second chapter, The Tale of Inspector Legrasse, police officer John Legrasse reports at an archaeological society's symposium on his participation in a raid of a sect worshipping Cthulhu, from which the figurine was confiscated. The sect's actions were described as depraved and blasphemous. Local residents feared the sect's orgies, and claimed that human sacrifices were made at these orgies. A team of officers led by Legrasse arrived at the scene in search of several missing squatters. The police detained several sect members, but interrogation yielded little result, as the degraded and insane members stubbornly defended the truth of their cult. One sectarian, Old Castro, proclaimed that Cthulhu's time would come when the stars take a certain position. A phrase chanted by the sect turns out to have been previously used by a tribe of Eskimos, as revealed by one of the symposium's participants.
