Anarchy for the Masses Patrick Neighly, Kereth Cowe-Spigai. 2003 An in-depth look at the most groundbreaking and controversial comic book series of the last decade.

Beyond Memory Max Mojapelo. 2008 South Africa possesses one of the richest popular music traditions in the world - from marabi to mbaqanga, from boeremusiek to bubblegum, from kwela to kwaito. Yet the risk that future generations of South Africans will not know their musical roots is very real. Of all the recordings made here since the 1930s, thousands have been lost for ever, for the powers-that-be never deemed them worthy of preservation. And if one peruses the books that exist on South African popular music, one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed. Yet the fault lies not with them, rather in the fact that there has been precious little documentation in South Africa of who played what, or who recorded what, with whom, and when. This is true of all music-making in this country, though it is most striking in the musics of the black communities. *Beyond Memory: Recording the History, Moments and Memories of South African Music* is an invaluable publication because it offers a first-hand account of the South African music scene of the past decades from the pen of a man, Max Thamagana Mojapelo, who was situated in the very thick of things, thanks to his job as a deejay at the South African Broadcasting Corporation. This book - astonishing for the breadth of its coverage - is based on his diaries, on interviews he conducted and on numerous other sources, and we find in it not only the well-known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries.

The Conservation of Wall Paintings Sharon Cather.1992-01-16 This publication is the result of a symposium organized by the GCI and the Courtauld Institute of Art in London in 1987. Because the conservation of wall paintings requires an interdisciplinary approach, the purpose of the symposium was to facilitate the exchange of information among international conservators, scientists, and historians involved in major wall paintings conservation projects. The interdisciplinary nature of contemporary wall paintings conservation is reflected in this volume which contains the symposium's papers. The Sistine Chapel, the Brancacci Chapel, and the Tomb of Nefertari are among the well-known wall paintings discussed in this book by international experts in wall paintings conservation. The special problems associated with the protection of works such as these are explored from the perspective of diagnosis, documentation, treatment, and monitoring. A definitive paper on the effects of salts on wall paintings is also included.

Mother Land Leah Franqui.2020-07-14 "Lively and evocative, *Mother Land* is a deftly crafted exploration of identity and culture, with memorable and deeply human characters who highlight how that which makes us different can ultimately unite us."—Amy Myerson, author of *The Bookshop of Yesterdays* and *The Imperfects* From the critically acclaimed author of *America for Beginners*, a wonderfully insightful, witty, and heart-piercing novel, set in Mumbai, about an impulsive American woman, her headstrong Indian mother-in-law, and the unexpected twists and turns of life that bond them. When Rachel Meyer, a thirtysomething foodie from New York, agrees to move to Mumbai with her Indian-born husband, Dhruv, she knows some culture shock is inevitable. Blessed with a curious mind and an independent spirit, Rachel is determined to learn her way around the hot, noisy, seemingly infinite metropolis she now calls home. But the ex-pat American's sense of adventure is sorely tested when her mother-in-law, Swati, suddenly arrives from Kolkata—a thousand miles away—alone, with an even more shocking announcement: she's left her husband of more than forty years and moving in with them. Nothing the newlyweds say can budge the steadfast Swati, and as the days pass, it becomes clear she is here to stay—an uneasy situation that becomes more difficult when Dhruv is called away on business. Suddenly these two strong-willed women from such very different backgrounds, who see life so differently, are alone together in a home that each is determined to run in her own way—a situation that ultimately brings into question the very things in their lives that had seemed perfect and permanent . . . with results neither of them expect. Heartfelt, charming, deeply insightful and wise, *Mother Land* introduces us to two very different women from very different cultures . . . who maybe aren't so different after all.

Cassandra's Daughters Roger Whitlow.1984-09-21 Roger Whitlow demonstrates that the negative criticism about the women characters in Ernest Hemingway's fiction is often misguided, perhaps entirely wrong. He argues that most of Hemingway's female characters have strengths that have been consistently overlooked by critics prejudiced by earlier Hemingway criticism or influenced in their evaluations by the male characters with whom Hemingway's women often associate. For example, Catherine Barkley in *A Farewell to Arms* and Maria in *For Whom the Bell Tolls* have been uniformly typed passive sex kittens, when, in fact, each is engaged in a serious struggle to retain her mental balance. Whitlow reexamines Hemingway's critically acclaimed bitches such as Brett Ashley and Margot Macomber. He ends his reassessment with a chapter devoted to the minor women in Hemingway's *Up in Michigan* series and other short stories.

Popular Music Simon Frith.2004 Popular music studies is a rapidly expanding field with changing emphases and agendas. The music industry has changed in recent years, as has governmental involvement in popular music schemes as part of the culture industry. The distinction between the major record labels and the outsider independents has become blurred over time. Popular music, as part of this umbrella of the culture industry, has been progressively globalized and globalizing. The tensions within popular music are now no longer between national cultural identity and popular music, but between the local and the global. This four volume collection examines the changing status of popular music against this background. Simon Frith examines the heritage of popular music, and how technology has changed not only the production but the reception of this brand of sound. The collection examines how the traditional genres of rock, pop and soul have broken down and what has replaced them, as well as showing how this proliferation of musical styles has also splintered the audience of popular music.

The Psychology of Ageing Ian Stuart-Hamilton.2012-05-15 This well-established and accessible text has been completely revised in this expanded fifth edition. Each chapter has been updated, often extensively, to reflect current thinking, and an important new chapter on death, dying and bereavement has been added. Providing a comprehensive overview of the psychological processes of ageing, the text examines what constitutes older age, and presents the latest theory and research in a variety of domains, including intellectual change in later life; ageing and memory; ageing and language; ageing, personality and lifestyle; and mental health and ageing. Consideration is given to the problems inherent in measuring the psychological status of older people, and the author looks to the future to answer the question "what will constitute 'being old'?" This new edition is essential reading for all those working or training to work with older people, and a key text for students.

Ugly Feelings Sianne Ngai.2009-07-01 Envy, irritation, paranoia—in contrast to powerful and dynamic negative emotions like anger, these non-cathartic states of feeling are associated with situations in which action is blocked or suspended. In her examination of the cultural forms to which these affects give rise, Sianne Ngai suggests that these minor and more politically ambiguous feelings become all the more suited for diagnosing the character of late modernity. Along with her inquiry into the aesthetics of unprestigious negative affects such as irritation, envy, and disgust, Ngai examines a racialized affect called "animatedness," and a paradoxical synthesis of shock and boredom called "stuplimity." She explores the politically equivocal work of these affective concepts in the cultural contexts where they seem most at stake, from academic feminist debates to the Harlem Renaissance, from late-twentieth-century American poetry to Hollywood film and network television. Through readings of Herman Melville, Nella Larsen, Sigmund Freud, Alfred Hitchcock, Gertrude Stein, Ralph Ellison, John Yau, and Bruce Andrews, among others, Ngai shows how art turns to ugly feelings as a site for interrogating its own suspended agency in the affirmative culture of a market society, where art is tolerated as essentially unthreatening. Ngai mobilizes the aesthetics of ugly feelings to investigate not only ideological and representational dilemmas in literature—with a particular focus on those inflected by gender and race—but also blind spots in contemporary literary and cultural criticism. Her work maps a major intersection of literary studies, media and cultural studies, feminist studies, and aesthetic theory.

Extended Play John Corbett.1994 In *Extended Play*, one of the country's most innovative music writers conducts a wide-ranging tour through the outer limits of contemporary music. Over the course of more than twenty-five portraits, interviews, and essays, John Corbett engages artists from lands as distant as Sweden, Siberia, and Saturn. With a special emphasis on African American and European improvisers, the book explores the famous and the little known, from John Cage and George Clinton to Anthony Braxton and Sun Ra. Employing approaches as diverse as the music he celebrates, Corbett illuminates the sound and theory of funk and rap, blues and jazz, contemporary classical, free improvisation, rock, and reggae. Using cultural critique and textual theory, Corbett addresses a broad spectrum of issues, such as the status of recorded music in postmodern culture, the politics of self-censorship, experimentation, and alternativism in the music industry, and the use of metaphors of space and madness in the work of African American musicians. He follows these more theoretically oriented essays with a series of extensive profiles and in-depth interviews that offer contrasting and complementary perspectives on some of the world's most creative musicians and their work. Included here are more than twenty original photographs as well as a meticulously annotated discography. The result is one of the most thoughtful, and most entertaining, investigations of contemporary music available today.

Bonfire of Roadmaps Joe Ely. 2010-01-01 Since he first hitched a ride out of Lubbock, Texas, at the age of sixteen, singer-songwriter and Flatlanders band member Joe Ely has been a road warrior, traveling highways and back roads across America and Europe, playing music for 2 hours of ecstasy out of 22 hours of misery. To stay sane on the road, Ely keeps a journal, penning verses that sometimes morph into songs, and other times remain snapshots of what was flying by, just out of reach, so to savor at a later date when the wheels stop rolling, and the gears quit grinding, and the engines shut down. In *Bonfire of Roadmaps*, Ely takes readers on the road with him. Using verse passages from his road journals and his own drawings, Ely authentically re-creates the experience of a musician's life on tour, from the hard goodbyes at home, to the long hours on the road, to the exhilaration of a great live show, to the exhaustion after weeks of touring. Ely's road trips begin as he rides the rails to Manhattan in 1972 and continue up through recent concert tours with fellow Flatlanders Jimmie Dale Gilmore and Butch Hancock. While acknowledging that it is not the nature of a gypsy to look in the rearview mirror, Joe Ely nevertheless offers his many fans a revelatory look back over the roads he's traveled and the wisdom he's won from his experiences. And for those who want to venture beyond the horizon just to see what is there... to those, I hope these accounts will give a glint of inspiration...

Twelve Years a Slave Solomon Northup. 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

More Than the Truth Ian Ward, Suzanne Richter. 2019-08-07 The inspirational success story of the first 100 years of Hutchinson Builders. What started out as a one-man band in 1912, when an English immigrant builder arrived with his family to start a new life in Australia, has grown into the country's largest privately owned construction company. The Hutchies' story straddles a century that witnessed two world wars, the great depression and tumultuous cycles of financial crises against the backdrop of the rough and tumble world of construction. As well as tracking the survival and eventual growth of Hutchies into the dynamic and well respected company of today, the book outlines its evolution through successive generations of

Jack Hutchinsons at the helm with a fifth generation poised to take on that role. That story is told by way of a historical account as well as captured through the republication and inclusion of every back issue of Hutchies' Truth, the company's colourful, tabloid-style newsletter covering those years.

A Skeleton Key to Finnegans Wake Joseph Campbell, Henry Morton Robinson. 2005 Since its publication in 1939, countless would-be readers of Finnegans Wake - James Joyce's masterwork, which consumed a third of his life - have given up after a few pages, dismissing it as a perverse triumph of the unintelligible. In 1944, a young professor of mythology and literature named Joseph Campbell, working with Henry Morton Robinson, wrote the first key or guide to entering the fascinating, disturbing, marvelously rich world of Finnegans Wake. The authors break down Joyce's unintelligible book page by page, stripping the text of much of its obscurity and serving up thoughtful interpretations via footnotes and bracketed commentary. They outline the book's basic action, and then simplify -- and clarify -- its complex web of images and allusions. A Skeleton Key to Finnegans Wake is the latest addition to the Collected Works of Joseph Campbell series.

Henry Mancini John Caps. 2012-02-15 Henry Mancini, the first publicly successful and personally recognizable film composer in history, has practically become a Hollywood brand name. In his lifetime, he sold thirty million albums and won four Oscars and twenty Grammy awards. Through Mancini, mere background music in movies became part of pop culture--an expression of sophistication and wit with a modern sense of cool and a lasting lyricism that has not dated. The first comprehensive study of Mancini's music, *Henry Mancini: Reinventing Film Music* describes how the composer served as a bridge between the Big Band period of World War II and the impatient eclecticism of the Baby Boomer generation, between the grand formal orchestral film scores of the past and a modern American minimalist approach. Mancini's sound seemed to capture the bright, confident, welcoming voice of the middle class's new efficient life: interested in pop songs and jazz, in movies and television, in outreach politics but also conventional stay-at-home comforts. As John Caps shows, Mancini easily combined it all in his music. Mancini wrote his first dramatic music for

a radio series in 1950. By the mid-1960s, he wielded influence in Hollywood and around the world with his iconic scores: dynamic jazz for the noirish detective TV show Peter Gunn, the sly theme from The Pink Panther, and his wistful folk song Moon River from Breakfast at Tiffany's. Following the evolution of Mancini's style, Caps traces the history of movie scoring in general: from the jazz-pop of the 1960s to the edgier, electro-funk harmonies of the Watergate 1970s, from the revisionist 1980s marked by New Age trends and new jazz chords to the frustrating New Hollywood of the 1990s when films were made by committees of lawyers rather than by artisans. Through insightful close readings of key films, Caps traces Mancini's collaborations with important directors and shows how he homed in on specific dramatic or comic aspects of each film to create musical effects through clever instrumentation, eloquent melodies, and the strong narrative qualities of his scores. Accessible and engaging, this fresh view of Mancini's oeuvre and influence will delight and inform fans of film and popular music.
