

Stendhal Correspondance Tome Ii 1821 1834

Metamorphoses of Passion and the Heroic in French Literature-Corneille, Stendhal, Claudel Moya Longstaffe.1999 Through the works of Corneille, Stendahl, and Claudel, this work traces the literary evolution of France of the dual ideals of love and heroism, the inspiration of great literature since the medieval courtly epics.

To the Happy Few Stendhal.1986 Stendhal's life resembled that of his novels. If his heroes were on the whole younger and better looking than he was, they were less mature; in many of these letters it is the poet who did not die young who writes, in a poetry of ideas. The three persistent themes of the novels, the love affairs, the life of action, and the precise analysis of the various forms of passion he distilled from these, are also the persistent themes of his correspondence. Here Stendhal courts Metilde, delineates the anatomy of love and struggles through the snow, retreating from Russia.

Paris au bal Alain Montandon. 2000 Ces physiologies rendent compte d'un morceau oublié de la vie parisienne : l'extraordinaire engouement dans les années 1840 pour la danse, véritable phénomène social qui toucha toutes les classes, du grand bal mondain ou bourgeois au bal public populaire. C'est aussi un témoignage sur l'histoire de la danse en France.

Théâtre oublié Michel de Ghelderode. 2004 Réunit des pièces écrites par le dramaturge belge M. de Ghelderode de sa vingtième à sa trente-troisième année, certaines inédites et non représentées, d'autres éditées et oubliées, ou encore représentées mais non publiées.

Talma Bruno Villien. 2001 François-Joseph Talma (1763-1826) fut l'un des acteurs les plus prodigieux et les plus adulés de tous les temps. Napoléon Ier l'admira si fort qu'il désira en faire son ami, et presque son confident, en l'entretenant de sa passion pour l'Histoire et la tragédie. Ce comédien extraordinaire vécut à la charnière de deux mondes, de l'Ancien Régime à la Restauration, en pleine aube du romantisme. Chef de file des révolutionnaires de la Comédie-Française, il fut idolâtré par ses contemporains et sa gloire égala celle des monarques. Pour Chateaubriand, il allia le beau, idéal de l'antiquité, à la modernité, portant le jeu dramatique à une intensité et à une simplicité exemplaires. Qui fut ce monstre sacré aussi passionné dans sa vie privée, où il se montra un séducteur insatiable, que sur les planches où il joua les plus grands rôles, du Cid à Oreste, Hamlet, Néron et Richard III, créant d'innombrables pièces de son temps ? Après des recherches minutieuses dans les archives et au cœur de nombreuses sources originales, notamment sa correspondance inédite, Bruno Villien ressuscite sa vie tumultueuse, en plein âge d'or du théâtre, au carrefour de l'art et de la politique.
