Scott Stamp Checklist: India .2021-10 Many collectors enjoy their philatelic journey through collecting stamps country by country. The Scott Postage Stamp Checklist series is designed to aid collectors in forming such collections. These checklists provide collectors with basic information about postage stamps listed with major numbers in the Scott Standard Postage Stamp Catalogue. The country name appears at the top of each page, and each row provides the issue date or year, the Scott number, a description and four checkboxes. The first two boxes are labeled at the top of the page as unused and used. The other two boxes are for collectors to label for other collectible options that can be written in, such as never-hinged or on cover. The first in the series of checklists features the stamps of the British Islands through the year 2020. Additional checklists will be offered in the future. This checklist includes the follow: India, India-Convention States, & India-Feudatory States *BANGLADESH BURMA PAKISTAN & SRI LANKA* STANLEY GIBBONS.2015-03-01

illustrated, this is the world-recognised catalogue covering Great Britain and the British Commonwealth countries and is accepted as the standard guide to postage stamps value. British and Commonwealth Revenue Stamps Martin P Nicholson.2014-03-19 I have been a stamp collector for over 40 years, a postal historian and a philatelist for about 15 of those years and a specialist collector of revenue stamps and documents for the last 5 years. I've been a member of some the most friendly and well-run groups you could ever imagine - the State Revenue Society and the American Philatelic Society are both examples of best practice - and I even flirted briefly with philatelic exhibiting. Despite having served such a lengthy apprenticeship I still don't have an answer to a really basic question: Why are postage stamps catalogued, collected and researched with so much more energy and enthusiasm than revenue stamps? There are many countries where there doesn't seem to be a reliable and up-to-date catalogue of revenue stamps - certainly not one accessible to a virtual monoglot such as myself. I think it comes down to what I call "critical mass". Without enough revenue stamp collectors it is hard for dealers to establish a viable business but without dealers generating catalogues and generally raising the profile of this branch of the hobby I suspect that prospective revenue stamp collectors tend to wander off into the sunset searching for easier pickings. The Revenue Society has defined revenue stamps as ...stamps, whether impressed, adhesive or otherwise, issued by or on behalf of International, National or Local Governments, their Licensees or Agents, and indicate that a tax, duty or fee has been paid or prepaid or that permission has been granted. This small study is intended to bring to the attention of the collecting public the sheer diversity of revenue stamps.
