About Phoenix Nastasia Rugani.2016 How can the handsome, congenial Mr. Smith be the same man who terrorizes Phoenix and her sister? Why Are Our Pictures Puzzles? James Elkins.2004-11-23 With bracing clarity, James Elkins explores why images are taken to be more intricate and hard to describe in the twentieth century than they had been in any previous century. Why Are Our Pictures Puzzles? uses three models to understand the kinds of complex meaning that pictures are thought to possess: the affinity between the meanings of paintings and jigsaw-puzzles; the contemporary interest in ambiguity and 'levels of meaning'; and the penchant many have to interpret pictures by finding images hidden within them. Elkins explores a wide variety of examples, from the figures hidden in Renaissance paintings to Salvador Dali's paranoiac meditations on Millet's *Angelus*, from Persian miniature paintings to jigsaw-puzzles. He also examines some of the most vexed works in history, including Watteau's meaningless paintings, Michelangelo's Sistine Ceiling, and Leonardo's Last Supper.

Traveling with Che Guevara Alberto Granado.2010-05-21 Published for the first time in the U.S. - one of the two diaries on which the upcoming movie *The Motorcycle Diaries* is based - the moving and at times hilarious account of Che Guevara and Alberton Granado's eight-month tour of South America in 1952. In 1952 Alberto Granado, a young doctor, and his friend Ernesto Guevara, a 23-year-old medical student from a distinguished Buenos Aires family, decided to explore their continent. They set off from Cordoba in Argentina on a Norton 500cc motorbike traveled through Chile, Peru, Colombia, and Venezuela. The duo's adventures vary from the suspenseful (stowing away on a cargo ship, exploring Incan ruins) to the comedic (falling in love, drinking, fighting...) to the serious (volunteering as firemen and at a leper colony). They worked as day laborers along the way - as soccer coaches, medical assistants, and furniture movers. The poverty and exploitation of the native population started the process that was to turn Ernesto - the debonair, fun-loving student - into Che, the revolutionary who had a profound impact on the history of several nations. Originally published in Spanish in Cuba in 1978, the first English translation was published by Random House UK in 2003. The movie, based on Granado's and Che's diaries, directed by Walter Salles (*Central Station*, *Behind the Sun*), was produced by Robert Redford and others. Shown at the Sundance Film

Festival, it generated great reviews and a frenzied auction for distribution rights, which was won by Focus Features. Granado, now 82, was a consultant to Salles during the production.

Mary Who Wrote Frankenstein Linda Bailey.2018-08-28 The inspiring story of the girl behind one of the greatest novels -- and monsters -- ever, perfectly timed for the 200th anniversary of the publication of Frankenstein. For fans for picture book biographies such as *I Dissent* or *She Persisted*. How does a story begin? Sometimes it begins with a dream, and a dreamer. Mary is one such dreamer, a little girl who learns to read by tracing the letters on the tombstone of her famous feminist mother, Mary Wollstonecraft, and whose only escape from her strict father and overbearing stepmother is through the stories she reads and imagines. Unhappy at home, she seeks independence, and at the age of sixteen runs away with poet Percy Bysshe Shelley, another dreamer. Two years later, they travel to Switzerland where they meet a famous poet, Lord Byron. On a stormy summer evening, with five young people gathered around a fire, Byron suggests a contest to see who can create the best ghost story. Mary has a waking dream about a monster come to life. A year and a half later, Mary Shelley's terrifying tale, *Frankenstein: or, the Modern Prometheus*, is published -- a novel that goes on to become the most enduring monster story ever and one of the most popular legends of all time. A riveting and atmospheric picture book about the young woman who wrote one of the greatest horror novels ever written and one of the first works of science fiction, *Mary Who Wrote Frankenstein* is an exploration of the process of artistic inspiration that will galvanize readers and writers of all ages.

Ophelia Charlotte Gingras.2018-03-01 "...explore how painting, writing, and building things with your hands can be the outlet that helps a person get through the hell that is high school." — Quill & Quire The kids at school call her rag girl because she hides under layers of oversized clothing, but she calls herself Ophelia. She hardly speaks to anyone — until one day a visiting author comes to give a talk in the school library. The writer speaks about what it means to create art, and at the end of her talk, she thanks Ophelia for asking the first question by giving her a blue notebook with her address on it. Ophelia starts to write to the author in the notebook — letters that become a kind of lifeline. The idea that someone, somewhere, might care, is enough for her to keep writing, an escape from her real life. By day she goes to school and works at the dollar store before returning home to her mother, a former addict who once had to put her daughter in care. At night she creates graffiti around town, leaving little broken hearts as her tag. One night she finds an abandoned building that she decides to use as her workshop, where she can make larger-than-life art. When she finds that a classmate, an overweight boy named Ulysses, is also using the space to repair an old van, the two form an uneasy truce, with a chalk line drawn down the middle to mark their separate territories. As time passes, Ophelia and Ulysses forge a fraught but growing friendship, but their cocooned existence cannot last forever. One night, intruders invade their sanctuary, and their shared bond and individual strength are sorely tested. The Secret History of Costaguana Juan Gabriel Vásquez.2011-06-06 London, 1903. Joseph Conrad is struggling with his new novel ('I am placing it in South America in a Republic I call Costaguana'). Progress is slow and the great writer needs help from a native of the Caribbean coast of South

America. José Altamirano, Colombian at birth, who has just arrived in London, answers the great writer's advertisement and tells him his life story. José has been witness to the most horrible things that a person or a country could suffer, and drags with him not just a guilty conscience but a story that has almost destroyed him. But when *Nostromo* is published the following year José is outraged by what he reads: 'You've eliminated me from my own life. You, Joseph Conrad, have robbed me.' I waved the Weekly in the air again, and then threw it down on his desk. 'Here,' I whispered, my back to the thief, 'I do not exist.' The Secret History of Costaguana, the second novel by Juan Gabriel Vásquez to be published in English, is José Altamirano's riposte to Joseph Conrad. It is a big novel, tragic and despairing, comic and insightful by turns, told by a bumptious narrator with a score to settle. It is Latin America's post-modern answer to Europe's modernist vision. It is a superb, joyful, thoughtful and rumbustious novel that will establish Juan Gabriel Vásquez's reputation as one of the leading novelists of his generation.

His inspiration came from a visit to Ypres where he was shocked to discover how many young soldiers were court-martialled and shot for cowardice during the First World War. This edition also includes introductory essays by Michael Morpurgo, Associate Director of *Private Peaceful* production Mark Leipacher, as well as an essay from Simon Reade, adaptor & director of this stage adaptation of *Private Peaceful*.

Tourism in Peripheral Areas Frances Brown, Derek Hall. 2000-08-31 There has been little research on tourism in those European countries or regions which lie outside the continent's main centres of production and population, even though tourism may be one of the few economic options open to them. This volume aims to fill a gap by presenting a range of case studies - including northern Sweden, the Orkneys, the tip of Norway and northern Cyprus - on tourism in the peripheral areas of Europe. Taking as a leitmotiv the paradoxes inherent in developing places whose very attraction may lie in their lack of development, the case studies investigate and illustrate both the opportunities and the threats that tourism presents to peripheral areas. Although they share certain similarities, the cases also demonstrate differing approaches to tourism development and varying outcomes over time. They suggest solutions for dealing with, for example, community participation as well as providing practical insights into visitor perceptions of peripheral areas and into ways of marketing such areas in a sensitive manner. Together they provide a picture of the needs of peripheral areas and of how far and how best tourism can fulfil those needs.

Culture in Practice Marshall Sahlins. 2000 Essays that span the career of a prominent anthropologist and address the fundamental questions of the field. *Culture in Practice* collects the academic and political writings from the 1960s through the 1990s of anthropologist Marshall Sahlins. More than a compilation, *Culture in Practice* unfolds as an intellectual autobiography. The book opens with Sahlins's early general studies of culture, economy, and human nature. It then moves to his reportage and reflections on the war in Vietnam and the antiwar movement, the event that most strongly affected his thinking about cultural specificity. Finally, it offers his more historical and globally aware works on indigenous peoples, especially those of the Pacific islands. Sahlins exposes the cultural specificity of the West, developing a critical account of the distinctive ways that we act in and understand the world. The book includes a play/review of Robert Ardrey's sociobiology, essays on native consumption patterns of food and clothes in America and the West, explorations of how two thousand years of Western cosmology affect our understanding of others, and ethnohistorical accounts of how cultural orders of Europeans and Pacific islanders structured the historical experiences of both. Throughout, Sahlins offers his own way of thinking about the anthropological project. To transcend critically our native categories in order to understand how other peoples have historically constructed their modes of existence--even now, in the era of globalization--is the great challenge of contemporary anthropology.

Translation Is a Love Affair Jacques Poulin. 2009-10-30 A quietly affecting modern fairy tale told with humor and warmth, *Translation Is a Love Affair* is a slender novel of immense humanity. The world Poulin creates is haunted by dark memories, isolation, and tragedy, yet it is a world in which language - and love - are the most immediate and vital forces, where one human being hearing a cry of distress of another is compelled to shed one's own inhibitions to respond.

Country Dark Chris Offutt. 2018-04-10 "A smart, rich country noir" from the acclaimed author *Kentucky Straight* and *The Good Brother* (Stewart O'Nan, bestselling author of *Henry, Himself*). Chris Offutt is an outstanding literary talent, whose work has been called "lean and brilliant" (*The New*

York Times Book Review) and compared by reviewers to Tobias Wolff, Ernest Hemingway, and Raymond Carver. He's been awarded the Whiting Writers Award for Fiction/Nonfiction and the American Academy of Arts and Letters Fiction Award, among numerous other honors. His first work of fiction in nearly two decades, *Country Dark* is a taut, compelling novel set in rural Kentucky from the Korean War to 1970. Tucker, a young veteran, returns from war to work for a bootlegger. He falls in love and starts a family, and while the Tuckers don't have much, they have the love of their home and each other. But when his family is threatened, Tucker is pushed into violence, which changes everything. The story of people living off the land and by their wits in a backwoods Kentucky world of shine-runners and laborers whose social codes are every bit as nuanced as the British aristocracy, *Country Dark* is a novel that blends the best of Larry Brown and James M. Cain, with a noose tightening evermore around a man who just wants to protect those he loves. It reintroduces the vital and absolutely distinct voice of Chris Offutt, a voice we've been missing for years. "[A] fine homage to a pocket of the country that's as beautiful as it is prone to tragedy."—The Wall Street Journal "A pleasure all around."—Daniel Woodrell, author of *Winter's Bone*
