It's a Jungle Out There: Animal Poems for Adult Children Larry Burgdorf. 2013-01-29 This book had its beginnings at an altitude of about 35,000 feet. The Author served for thirty-five years in the ministry, following which he became Director of a charitable foundation with interests in many parts of the world. As such, he spent a lot of time in airplanes. He discovered that writing light poetry was a challenging and enjoyable way to use the time spent in the air. The initial impetus for poems having to do with animals came from a grandchild who wanted a poem about a hippopotamus. When the author discovered that there were not many readily available on demand, he simply wrote one. The poems in this little volume are mostly whimsical, occasionally offering a homey moral for the reader to take or leave as he sees fit.

Find Tropical Rainforest Poems For Kids

Since it's a search engine, browsing for books is almost impossible. The closest thing you can do is use the Authors dropdown in the navigation

bar to browse by authors—and even then, you'll have to get used to the terrible user interface of the site overall. Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback. You'll be able to download the books at Project Gutenberg as MOBI, EPUB, or PDF files for your Kindle. The Kindle Owners' Lending Library has hundreds of thousands of free Kindle books available directly from Amazon. This is a lending process, so you'll only be able to borrow the book, not keep it. If you are looking for Indie books, Bibliotastic provides you just that for free. This platform is for Indie authors and they publish modern books. Though they are not so known publicly, the books range from romance, historical or mystery to science fiction that can be of your interest. The books are available to read online for free, however, you need to create an account with Bibliotastic in order to download a book. The site they say will be closed by the end of June 2016, so grab your favorite books as soon as possible. The legality of Library Genesis has been in question since 2015 because it allegedly grants access to pirated copies of books and paywalled articles, but the site remains standing and open to the public. It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator – a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser. BookGoodies has lots of fiction and non-fiction Kindle books in a variety of genres, like Paranormal, Women's Fiction, Humor, and Travel, that are completely free to download from Amazon. The time frame a book is available as a free download is shown on each download page, as well as a full

description of the book and sometimes a link to the author's website.
