Searching for a particular educational textbook or business book? BookBoon may have what you're looking for. The site offers more than 1,000 free e-books, it's easy to navigate and best of all, you don't have to register to download them. Once you find something you're interested in, click on the book title and you'll be taken to that book's specific page. You can choose to read chapters within your browser (easiest) or print pages out for later. You won't find fiction here - like Wikipedia, Wikibooks is devoted entirely to the sharing of knowledge. Feedbooks is a massive collection of downloadable ebooks: fiction and non-fiction, public domain and copyrighted, free and paid. While over 1 million titles are available, only about half of them are free. If you want to stick to PDFs only, then you'll want to check out PDFBooksWorld. While the collection is small at only a few thousand titles,

they're all free and guaranteed to be PDF-optimized. Most of them are literary classics, like *The Great Gatsby*, *A Tale of Two Cities*, *Crime and Punishment*, etc. There aren't a lot of free Kindle books here because they aren't free for a very long period of time, though there are plenty of genres you can browse through. Look carefully on each download page and you can find when the free deal ends. It's worth remembering that absence of a price tag doesn't necessarily mean that the book is in the public domain; unless explicitly stated otherwise, the author will retain rights over it, including the exclusive right to distribute it. Similarly, even if copyright has expired on an original text, certain editions may still be in copyright due to editing, translation, or extra material like annotations.
