No Place Like Home Robin Nicholas.2014-06-15 Mariah knew why she wasn't sleeping at night, why her work was lackluster, why she noticed children everywhere. She wanted a child, and a dependable man to love her. She strode to Rafe, who was nothing like her dear old dad or her brother. Take me home. And don't worry—I want nothing to do with writing your story. She gave him no chance to reply, stomping to his truck before turning. Her breath caught. Rafe stood on the highway, the incessant breeze tugging his hair, his clothes. He stared after the departing storm, clearly craving to give chase again. He was crazy. And she was crazy for wanting him.

No Place Like Home C.J. Janovy.2018-01-15 Far from the coastal centers of culture and politics, Kansas stands at the very center of American stereotypes about red states. In the American imagination, it is a place LGBT people leave. No Place Like Home is about why they stay. The book tells the epic story of how a few disorganized and politically naïve Kansans, realizing they were unfairly under attack, rolled up their sleeves, went looking for fights, and ended up making friends in one of the country's most hostile states. The LGBT civil rights movement's history in California and in big cities such as New York and Washington, DC, has been well documented. But what is it like for LGBT activists in a place like Kansas, where they face much stiffer headwinds? How do they win hearts and minds in the shadow of the Westboro Baptist Church ("Christian" motto: "God Hates Fags")? Traveling the state in search of answers—from city to suburb to farm—journalist C. J. Janovy encounters LGBT activists who have fought, in ways big and small, for the acceptance and respect of their neighbors, their communities, and their government. Her book tells the story of these twenty-first-century citizen activists—the issues that unite them, the actions they take, and the personal and larger consequences of their efforts, however successful they might be. With its close-up view of the lives and work behind LGBT activism in Kansas, No Place Like Home fills a prairie-sized gap in the narrative of civil rights in America. The book also looks forward, as an inspiring guide for progressives concerned about the future of any vilified minority in an increasingly polarized nation.

God Doesn't Live Here Anymore Michael Wood Daly.2023-01-16 The church in Canada is in trouble. Media reports suggest that nine thousand churches are likely to close over the next ten years. The United Church of Canada reports closing a congregation a week. The Anglican Church of Canada anticipates closing its last congregation by 2040, and the Roman Catholic Church, Canada's largest religious denomination, reports having closed one-fifth of the tradition's 2,500 congregations. God Doesn't Live Here Anymore traces the story of the church in Canada from its far off historical roots in biblical times, rise to dominance in medieval Europe, role in the colonization of Canada, strained relations with Canada's First Nations, twentieth-century prominence, and the church's dramatic decline and loss of influence entering the twenty-first century. Wood Daly pulls no punches in calling the church to accept responsibility for its own decline, while maintaining hope that resurrection is still possible. The church, as Canadians may know it, might disappear, but for Christians death has never been the end of the story.

No Place Like Home Todd Stone.2005-03 It's tough to solve a dead cop's murder when there's no hard evidence; it's tougher still when the cops don't want to believe the crime ever happened. It gets even more difficult when small town politicians fight scorched earth turf wars, and when a high-priced, well-connected crime consultant sets you up to take the rap for not only that crime, but a half-dozen other homicides as well, even a former FBI profiler and black Ops agent can find himself backed into a deadly corner. When a respected cop is found naked and dead in a sleazy motel, emotionally battered FBI profiler turned reluctant PI Jonathan Kraag sets out to clear the dead man's reputation. The trail leads Kraag to homicide cases hot and cold and behind wholesome façades to the dark, seamy underside of suburban life. Scorned by infighting local politicians, hunted by local law enforcement, and with no tangible evidence to support his claims, Kraag risks his life and fragile sanity as he pits his deductive skills against a vicious, manipulative killer who seems to hold all the trump cards - and to have a hold on his heart.

No Place Like Home Mary Higgins Clark.2011-11-29 Liza Barclay, aged 10, shot her mother while trying to protect her from her violent stepfather, ex-FBI agent Charley Foster. Despite her stepfather's claim that it was a deliberate act, the Juvenile Court ruled the death an accident. Many people, however, agreed with Foster and tabloids compared Liza to the infamous murderess, Lizzie Borden, pointing even to the similarity in name. Growing up with adoptive parents who tried to erase every trace of her past, her name is changed to Celia. Always, though, the fear hung over her and the family - that someday, her vengeful stepfather would reappear to harm her. Aged 25, a successful interior designer, she marries a childless sixty-year old widower and they have a son. Before their marriage, she had confided her earlier life to her husband. Two years on, on his deathbed, he tells her that he would want her to re-marry, but makes her swear never to reveal her past to anyone, so that their son would not carry the burden of this family tragedy - a promise that plunges her into a new cycle of violence. Three years later, happily re-married, Celia is shocked when her second husband presents her with a gift -- the house where she killed her mother. When the real estate agent who has made the sale recognises her and, soon after, is murdered, Celia is accused of the crime. Once again, she is home -- the place where she is stamped as a murderess.

There's No Place Like Home Anna Lou Dehavenon.1999-01-30 This collection of essays addresses the lack of shelter—one of the most basic elements of human adaptation—now experienced by many Americans. Based on the presupposition that shelter is a basic human right in the world's richest, most advanced nation, the authors of these essays look more closely than others have yet done at the causes of the current low-income housing crisis and homelessness. Ten anthropologists and a mental health worker use participant observation and other ethnographic methods to observe and document the experiential and geographic diversity of U.S. homelessness. Each chapter focuses on a specific geographic area—urban, suburban, or rural—and a specific category of homeless people—families with children, solitary adults, or both. Based on their findings, the authors also present policy recommendations to ameliorate the housing shortage and prevent homelessness at local, state, and federal levels.

No Place Like Home? Jennifer A. Parks.2003-02-21 No Place Like Home? combines the rigorous scholarship of an academic feminist philosopher with the 'close to the ground' insights that come from bathing, feeding, and caring for older people as a home care aide. This book develops recent work in feminist philosophy that attends to both care and justice to propose a way to reform home care to reduce its exploitative qualities while assuring that it is more than 'bed and body' work. -- Martha B. Holstein, Visiting Scholar, Center for Research on Women and Gender at the University of Illinois, Chicago and co-editor, *Ethics and Community Based Elder Care* For a scathing critique of how American society abuses both those who receive home-based care as well as those who provide it, and a sophisticated vision of how we might move toward a more just future, there's no book like No Place Like Home?. -- James Lindemann Nelson, co-author of *Alzheimer's: Answers to Hard Questions for Families* [Jennifer Parks's] critique of current practices and institutions is thorough and accurate, benefiting both from her own experience as a homecare worker and the philosophically sophisticated tools she brings to bear on it. -- Laura Purdy, Professor of Philosophy, Wells College In this provocative new book, Jennifer A. Parks analyzes practices in the home health care industry and concludes that they are highly exploitative of both workers and patients.

Under the existing system, underpaid workers are expected to perform tasks for which they are inadequately trained, in unreasonably short periods of time. This situation, Parks argues, harms workers and puts home health care patients at risk. To the extent that the majority of patients and workers in home health care are women, she turns to feminist ethics for an alternative approach. Through an understanding of individuals as social beings with obligations to others, and of home health care as a public good, Parks explains how to develop the social benefits of good home health care and increase the role of government in providing financial support and regulatory oversight.

No Place Like Home Sonja Dechian,Jenni Devereux,Heather Millar,Eva Sallis.2006 This extraordinarily wide-ranging collection of stories and essays by young writers about being refugees in Australia creates a strong narrative picture of Australians past and present. No Place Like Home Suzanna Myatt Harvill.2021-10-29 Chrissy Landress and four of her friends are the victims of a buyout of their local telephone company in the small town of Chinquapin, Fl. They lost their jobs and are quickly running out of money. They've all moved into Chrissy's ancestral home, Magnolia Hall. The friends have their backs to the wall and must think outside the box...extremely outside the box...in order to survive. They decide to open a high class gentlemen's club. They must keep the operation of the brothel under the radar, but even with all the clandestine machinations, word spreads, and the club prospers. Everything is copacetic until a local VIP dies in the bordello. The club workers must cover up the death of the guest by making his demise appear the result of a car accident. Chrissy's boyfriend, the local sheriff Hank Albritton, has turned a blind eye to his lady love's business endeavor, but he discovers the guest was murdered. Where, how, and by whom is a mystery. Could the killer be a member of the Magnolia Hall staff...or another guest? The killing attracts national attention to the plight of many American workers who lost their

jobs during the Great Recession, and the women and men of Magnolia Hall attain celebrity status, but more scandals loom on the horizon for Chrissy and her friends.

There's No Place Like Home: Place and Care in an Ageing Society Christine Milligan. 2016-02-17 Against a background of debate around global ageing and what this means in terms of the future care need of older people, this book addresses key concerns about the nature and site of care and care-giving. Following a critical review of research into who cares, where and how, it uses geographical perspectives to present a comprehensive analysis of how the intersection of informal care-giving within domestic, community and residential care homes can create complex landscapes and organizational spatialities of care. Drawing on contemporary case studies largely, but not exclusively from the UK, the book reviews and develops a theoretical basis for a geographical analysis of the issue of care. By relating these theoretical concepts to empirical data and case studies it illustrates how formal and informal care-giver responses to the changing landscape of care can act to facilitate or constrain the development of inclusionary models of care.
