The Elements of Mercantile Law (Classic Reprint) Thomas Moffitt Stevens.2018-02-21 Excerpt from The Elements of Mercantile Law As I have stated before, I have not attempted any original research, thinking my duty to the reader to be better performed if I made statements only on the authority of recognized writers. My indebtedness to these will be apparent, and I have referred to so great a number that it would be inadvisable to mention them here. I may state, however, that on all points connected with Contracts generally I have steadily followed the opinions of, and have referred constantly to that great work, Benjamin on Sales and I have much used Lord Justice Lindley's work on Partnership, and Maude and Pollock on Shipping.
