The Egg Britta Teckentrup.2017-04-02 Beautiful, whimsical, and entertaining, this book of illustrations by Britta Teckentrup shows eggs in all their fragility, complexity, and variety. Is there anything as simple as an egg? Is there anything as complex? In this gorgeous picture book, Britta Teckentrup portrays eggs through the eyes of an artist. From hummingbirds to the extinct elephant bird, illustrations of the avian world's smallest and largest eggs demonstrate the variety present in nature. Pastel studies explore the rainbow of soft colors and intricate patterns that make eggs of common birds seem incredibly striking. In Teckentrup's hands, a scattering of broken egg shells become abstract art; a nest of unhatched eggs suggest the possibility and promise of life. Her studies of songbirds and nests are themselves beautifully composed works of color and line. A lovely meditation on the diversity of eggs, this magnificent book offers hours of lingering pleasure, and becomes fertile ground for conversation and imagination.

The Boy and the Gorilla Jackie Azúa Kramer.2020-10-13 This profoundly moving tale about a grieving boy and an imaginary gorilla makes real the power of talking about loss. Yet with the gorilla's friendship, the boy slowly begins to discover moments of comfort in tending flowers, playing catch, and climbing trees. Most of all, the gorilla knows that it helps to simply talk about the loss—especially with those who share your grief and who may feel alone, too. Author Jackie Azúa Kramer's quietly thoughtful text and illustrator Cindy Derby's beautiful impressionistic artwork depict how this tender relationship leads the boy to open up to his father and find a path forward. The Smile at the Foot of the Ladder Henry Miller.1974-01-17 Henry Miller called *The Smile at the Foot of the Ladder* his “most singular story.” First published in 1959, this touching fable tells of Auguste, a famous clown who could make people laugh but who sought to impart to his audiences a lasting joy. Originally inspired by a series of circus and clown drawings by the cubist painter Fernand Léger, Miller eventually used his own decorations to accompany the text in their stead. “Undoubtedly, he says in his explanatory epilogue, °it is the strangest story I have yet written. . . . No, more even than all the stories which I based on fact and experience is this one the truth. My whole aim in writing has been to tell the truth, as I know it. Heretofore all my characters have been real, taken from life, my own life. Auguste is unique in that he came from the blue. But what is this blue which surrounds and envelopes us if not reality itself? . . . We have only to open our eyes and hearts, to become one with that which is.

Naturally, every animal is convinced that its particular trait is the most important one and that everyone should have it. But when the double pages open to show all the animals with the quills of a porcupine, the long neck of a giraffe, or the trunk or the elephant, everyone must agree that the true importance lies precisely in their collective 'diversity'. It is that which makes them all unique and essential to life of the forest. *The Most Important Thing* received a UNESCO honorable mention for peace and collaboration. An important message of diversity and inclusion delivered in the form of a charming modern fable.
