Drinking the Sea at Gaza Amira Hass.2014-11-04 In 1993, Amira Aass, a young Israeli reporter, drove to Gaza to cover a story - and stayed, the first journalist to live in the grim Palestinian enclave so feared and despised by most Israelis that, in the local idiom, Go to Gaza is another way to say Go to hell. Now, in a work of calm power and painful clarity, Hass reflects on what she has seen in Gaza's gutted streets and destitute refugee camps. Drinking the Sea at Gaza maps the zones of ordinary Palestinian life. From her friends, Hass learns the secrets of slipping across sealed borders and stealing through night streets emptied by curfews. She shares Gaza's early euphoria over the peace process and its subsequent despair as hope gives way to unrelenting hardship. But even as Hass charts the griefs and humiliations of the Palestinians, she offers a remarkable portrait of a people not

brutalized but eloquent, spiritually resilient, bleakly funny, and morally courageous. Full of testimonies and stories, facts and impressions, *Drinking the Sea at Gaza* makes an urgent claim on our humanity. Beautiful, haunting, and profound, it will stand with the great works of wartime reportage, from Michael Herr's *Dispatches* to Rian Malan's *My Traitor's Heart*.

The Poison Apples Lily Archer.2014-10-21 We all know the stories of Cinderella, Snow White, and Rapunzel. But have you ever heard of Alice Bingley-Beckerman, Reena Paruchuri, or Molly Miller? Of course you haven't. Not yet. What these girls have in common with their fairy tale sisters is this: they are the stepdaughters of three very evil stepmothers. And they're not happy about it. They think they are alone in their unhappiness until they arrive at Putnam Mount McKinsey, a posh boarding school located in lovely rural Massachusetts. Here is where they will plot their revenge. But first they have to meet. In her first novel, Lily Archer tells a knowing, wickedly funny story about how friendship just may turn out to be more happily-ever-after than family.

Bertha Von Suttner Brigitte Hamann.1996 Austrian writer and peace activist Bertha von Suttner was the first woman to win the Nobel Peace Prize. As founder of the Austrian and German Peace Associations and the author of a number of novels and several works on peace, von Suttner's name became synonymous worldwide with peace activism and protest against old world order. Ironically, her death eight days before the outbreak of World War I was seen by her contemporaries as a symbolic end of the possibility for world peace. In Bertha von Suttner, Brigitte Hamann has written the most comprehensive biography of the celebrated journalist - translated into English by Ann Dubsy - tracing not only von Suttner's life and work but spanning the political and social frontier of Austria on the eve of World War I. Von Suttner's novel Die Waffen Nieder! (Lay Down Your Arms!), published in 1899, was a bestseller and brought her international acclaim. Indeed, Tolstoy compared her technique of rallying readers to her cause to that of Harriet Beecher Stowe in Uncle Tom's Cabin for the emancipation of American slaves. Her lectures on peace and disarmament took her throughout Europe and the United States, where she formed close friendships with Andrew Carnegie, Alfred Nobel, Theodor Herzl, and Albert I of Monaco. As her conviction to initiate peace movements deepened, so her books became more impassioned. Her dictum, universal sisterhood is necessary before the universal brotherhood is possible, demonstrated that her concerns extended beyond the peace movement to include women's issues and many social causes, making von Suttner's work quite relevant at the close of the twentieth century.

Art & Crime Stefan Koldehoff,Tobias Timm.2022-07-12 A thrilling, eye-popping look at true crime in the billion-dollar art world. The art world is one of the most secretive of global businesses, and the list of its crimes runs long and deep. Today, with prices in the hundreds of millions for individual artworks, and billionaires' collections among the most conspicuous and liquid of their assets, crime is more rampant than ever in this largely unregulated universe. Increased prices and globalization have introduced new levels of fraud and malfeasance into the art world--everything from artnapping, in which an artwork is held hostage and only returned for a ransom, to forgery and tax fraud. However, the extent of the economic and cultural damage that results from criminality in the global art scene rarely comes to light. The stories of high-stakes, brazen art crimes told by art experts Stefan Koldehoff and Tobias Timm are by turns thrilling, disturbing, and unbelievable (the imagination for using art to commit crimes seems boundless). The authors also provide a well-founded analysis of what needs to change in the art market and at museums. From the authors of False Pictures, Real Money (about the Beltracchi art forgery case), Art and Crime includes a chapter on art owned by Donald Trump. It is a thoroughly researched, explosive, and highly topical book that uncovers the extraordinary and multifarious thefts of art and cultural objects around the world.

111 Places in Vienna that You Shouldn't Miss Peter Eickhoff.2013 Wiener Schintzel, apple strudel, the Prater, Schoebrunn, and the beautiful Blue Danube?The Viennese are proud of the fact that in Austria's capital, even the sights are really worth seeing. Beyond the well-trodden paths, however, a completely unknown, kinky, even morbid Vienna can be found -- with less icing and dreams of waltzes and more living and dying (after all, the saying goes that Vienna is the most beautiful city to die in). The city lives up to its reputation from unaccustomed perspectives as well: a slaughterhouse in which hippie idol Leonard Cohen was once a squatter; a museum with murderers; an 18th-century looney bin shaped like a UFO; a store for erotic underwear in an Archbishop's palace, Trotsky's garden; the corner on which Third Man Harry Lime supposedly died in an accident; narrow 16th-centuryalleyways and, of course, all the Kafka, coffeehouse culture, and Klimt you can eat; famous assassinations and grim reminders of the Nazi past. This guide will introduce you to a Vienna which is still alive although it's bursting with history -- the pulsating city which many consider the most beautiful city in Europe. --[original inside book jacket].
