*Promise at Dawn* Romain Gary.2017-10-31 A classic of modern French literature, the thrilling real-life story of the military hero, ambassador, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love. *Promise at Dawn* begins as the story of a mother's sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland “born out of a mother's murmur into a child's ear, a promise whispered at dawn of future triumphs and greatness, of justice and love.”

*Music of a Life* Andreï Makine.2011-10-28 A brief but extraordinarily powerful novel by the author of *Dreams of My Russian Summers* and *Requiem for a Lost Empire*, *Music of a Life* is set in the period just before, and two decades after, World War II. Alexei Berg's father is a well-known dramatist, his mother a famous opera singer. But during Stalin's reign of terror in the 1930s they, like millions of other Russians, come under attack for their presumed lack of political purity. Harassed and proscribed, they have nonetheless, on the eve of Hitler's war, not yet been arrested. And young Alexei himself, a budding classical pianist, has been allowed to continue his musical studies. His first solo concert is scheduled for May 24, 1941. Two days before the concert, on his way home from his final rehearsal, he sees his parents being arrested, taken from their Moscow apartment. Knowing his own arrest will not be far behind, Alexei flees to the country house of his fiancée, where again betrayal awaits him. He flees, one step ahead of the dreaded secret police until, taking on the identity of a dead soldier, he enlists in the Soviet army. Thus begins his seemingly endless journey, through war and peace, until he lands, two decades later, in a snowbound train station in the Urals, where he relates his harrowing saga to the novel's narrator. An international bestseller, *Music of a Life* is, in the words of *Le Monde*, “extremely powerful . . . a gem.”

**A Void** Georges Perec.2005 ...a daunting triumph of will pushing its way through imposing roadblocks to a magical country, an absurdist nirvana of humor, pathos, and loss.--Time magazine *A Void* is a metaphysical whodunit, a story chock-full of plots and subplots, of trails in pursuit of trails, all of which afford Perec occasion to display his virtuosity as a verbal magician. It is also an outrageous verbal stunt: a 300-page novel that never once employs the letter E. The year is 1968, and as France is torn apart by social and political anarchy, the noted eccentric and insomniac Anton Vowl goes missing. Ransacking his Paris flat, his best friends scour his diary for clues to his whereabouts. At first glance these pages reveal nothing but Vowl's penchant for word games, especially for lipograms, compositions in which the use of a particular letter is suppressed. But as the friends work out Vowl's verbal puzzles, and as they investigate various leads discovered among the entries, they too disappear, one by one by one, and under the most mysterious circumstances . . .

*Anne-Marie the Beauty* Yasmina Reza.2021-05-04 Another thought-provoking master class in how we perform life by the award-winning novelist and playwright Yasmina Reza. I was bored with my husband, says Anne-Marie, the irrepressible voice of Anne-Marie la Beauté, but you know, boredom is part of love. Mostly she is speaking here of her more famous friend and colleague, the French actress Giselle Fayolle, in whose shadow she has spent her career. My life was a near miss, she adds, before explaining that she enunciated well because I loved to say the words. A very short novel with the power and resonance of a much longer one, *Anne-Marie la Beauté* is a profound and moving act of remembrance, a clear-eyed assessment of the hard-edged nature of fame, a meditation on aging--and a wonderfully observant and comic exploration of human foibles. In short, another thought-provoking master class in how we perform life by the peerless Yasmina Reza.

**The Life and Works of Lili Boulanger** Léonie Rosenstiel.1978 Despite her chronic illness, the French composer Lili Boulanger (1893-1918) was able to overcome great obstacles and to achieve an unusual degree of both artistic success and public acclaim during her very short lifetime. This phenomenon is the more remarkable in that her chosen field is one in which, even today, women find it difficult to be evaluated solely on artistic merits. At the age of nineteen she was the first woman to win the prestigious Premier Grand Prix de Rome in composition, an award carrying with it extended residence at the famous Villa Medici in Rome. Even before this recognition was accorded her, some of her compositions had been performed by outstanding artists of the day and had received critical praise. This first full-length study of the life and works of Lili Boulanger is based almost entirely on sources that have hitherto been unavailable, such as family photographs, records, and documents in the possession of her only surviving relative, the eminent music pedagogue Mlle Nadia Boulanger, as well as on personal reminiscences both of Nadia Boulanger and of friends of the Boulanger family. Further information was secured from newly discovered library and archival sources in addition to the young composer's personal memorabilia, correspondence, and manuscript scores, which have never before been made available for study. In order to describe accurately the ambience of the places visited by Lili Boulanger during her life, the author not only undertook the necessary archival research, but also personally retraced the travels of the composer through six European countries, using the same means of transportation that the young composer had used. Born into a family with a long tradition of artistic accomplishment, surrounded during her twenty-four years by a devoted family and friends, Lili Boulanger became a creative, productive human being. The best of her works--especially those she wrote after winning the Prix de Rome in 1913--display firmness, delicacy, strength, and mastery of compositional technique. Lili Boulanger's musical style ranges from impressionism, to a Wagnerian vocabulary, to post-impressionism and growing chromaticism in her last compositions. As Debussy observed, her music undulates with grace. The author's analysis of the 91 musical examples from the oeuvre of Lili Boulanger, and the 53 illustrations, many drawn from among old family photographs and other privately held manuscript sources, provide two of the many highlights of this superior biography.

*Salvator Rosa in French Literature* James Patty.2005-01-31 Salvator Rosa (1615-1673) was a colorful and controversial Italian painter, talented musician, a notable comic actor, a prolific correspondent, and a successful satirist and poet. His paintings, especially his rugged landscapes and their evocation of the sublime, appealed to Romantic writers, and his work was highly influential on several generations of European writers. James S. Patty analyzes Rosa's tremendous influence on French writers, chiefly those of the nineteenth century, such as Stendhal, Honoré de Balzac, Victor Hugo, George Sand, and Théophile Gautier. Arranged in chronological order, with numerous quotations from French fiction, poetry, drama, art

criticism, art history, literary history, and reference works, *Salvator Rosa in French Literature* forms a narrative account of the reception of Rosa's life and work in the world of French letters. James S. Patten, professor emeritus of French at Vanderbilt University, is the author of *Dürer in French Letters*. He lives in Nashville, Tennessee.

Literary Figures in French Drama (1784-1834) Eric H. Kadler.2012-12-06 The general aim of this book is to present a study of a dramatic genre which was a significant facet of French drama in the period from 1784 to 1834 and has never before been singled out or analyzed. The striking feature of the plays of this genre is that the protagonists represent French literary figures. A casual examination of a collection of late eighteenth-and early nineteenth-century plays, many of which concern literary figures, led to the initial idea for this study. Conscientious cross-checking was subsequently done in a number of reference works and contemporary newspapers to obtain complete coverage and to draw up a list of all the plays in which French literary figures appeared as characters. From the total number of such plays, 153 have been used as the primary source of information. They were found scattered either in different collections or as separate copies in various libraries. This source has been supplemented by use of theatrical journals and almanacs giving reviews of some of the plays which were not published.

**Ecological Psychoacoustics** John Neuhoff.2021-10-01 Ecological Psychoacoustics outlines recent advances in dynamic, cognitive, and ecological investigations of auditory perception and ties this work to findings in more traditional areas of psychoacoustics. The book illuminates some of the converging evidence that is beginning to emerge from these traditionally divergent fields, providing a scientifically rigorous, real world perspective on auditory perception, cognition, and action. In a natural listening environment almost all sounds are dynamic, complex, and heard concurrently with other sounds. Yet, historically, traditional psychoacoustics has examined the perception of static, impoverished stimuli presented in isolation. Ecological Psychoacoustics examines recent work that challenges some of the traditional ideas about auditory perception that were established with these impoverished stimuli and provides a focused look at the perceptual processes that are more likely to occur in natural settings. It examines basic psychoacoustics from a more cognitive and ecological perspective. It provides broad coverage including both basic and applied research in auditory perception; and coherence and cross referencing among chapters.

*Rocambole and the Mysterious Inheritance* Ponson Du Terrail.2012-08-01 A new translation of Ponson du Terrail's *Rocambole* by his great grandnephew, Jean de Ponson du Terrail. Ponson du Terrail (1829 -1871) was the most famous French writer of his time, the most read, the most sought after by newspapers and readers, and the first of his generation to become wealthy through sales of his novels. Those feats must be measured in terms of his contemporaries, which included Alexandre Dumas, Eugene Sue, Victor Hugo, Paul Feval, Gustave Flaubert, and George Sand. Ponson du Terrail's novels captivated an immense audience more than twenty years in France, and throughout the world. He reached fame at age 27 and remained the most popular writer of his time, overshadowing all of his colleagues in terms of sales and fans. Gifted with a virtuous imagination and the ability to write very fast, he wrote over 200 literary works in a span of only 20 years. This new translation by his great grandnephew, Jean de Ponson du Terrail, takes us to the start of the *Rocambole* series: Two brothers, born of the same mother but different fathers, become mortal enemies and fight each other on the streets of mid-19th century Paris. One dedicates his life to defend the weak and the helpless; the other spends his time creating evil plans to defraud others. A battle of wills and wits ensues in a fast-moving, complex plot.

*Queer Theory in Education* William F. Pinar.2012-10-02 Theoretical studies in curriculum have begun to move into cultural studies--one vibrant and increasingly visible sector of which is queer theory. *Queer Theory in Education* brings together the most prominent and promising scholars in the field of education--primarily but not exclusively in curriculum--in the first volume on queer theory in education. In his perceptive introduction, the editor outlines queer theory as it is emerging in the field of education, its significance for all scholars and teachers, and its relation to queer theory in literacy theory and more generally, in the humanities.

*My Blue Notebooks* Liane de Pougy.2002 Liane de Pougy, known as Paris's most beautiful and notorious courtesan, was a Folies-Berg&egravere dancer who became a princess and died a nun. Between 1919 and 1941 she wrote her intimate memoir, *My Blue Notebooks*. Making modern tell-alls seem downright tepid by comparison, this long-out-of-print classic is a fascinating look into the mind of an audacious woman of great intelligence and humor. In *My Blue Notebooks*, de Pougy describes hosting the likes of Jean Cocteau and the poet Max Jacob, her best friend (Never again. Never more than one writer at a time). She shares her literary critiques of her friend Colette (I look down on her with a grimace of disgust), recalls the funeral of Nicholas I (she happened to be in St. Petersburg at the time), and reports the sad early death of her acquaintance Marcel Proust. She writes graphically of her many sexual liaisons with both men and women, including her complex marriage to the too handsome Prince Georges Ghika of Romania and her difficult relationship with Nathalie Clifford Barney, perhaps the real love of her life. Here is a voyeuristic feast of high society living during the first decades of the twentieth century.

*Music in Cinema* Michel Chion.2021-10-12 Michel Chion is renowned for his explorations of the significance of frequently overlooked elements of cinema, particularly the role of sound. In this inventive and inviting book, Chion considers how cinema has deployed music. He shows how music and film not only complement but also transform each other. The first section of the book examines film music in historical perspective, and the second section addresses the theoretical implications of the crossover between art forms. Chion discusses a vast variety of films across eras, genres, and continents, embracing all the different genres of music that filmmakers have used to tell their stories. Beginning with live accompaniment of silent films in early movie houses, the book analyzes Al Jolson's performance in *The Jazz Singer*, the zither in *The Third Man*, Godard's patchwork sound editing, the synthesizer welcoming the flying saucer in *Close Encounters of the Third Kind*, and the Kinshasa orchestra in *Félicité*, among many more. Chion considers both original scores and incorporation of preexisting works, including the use and reuse of particular composers across cinematic traditions, the introduction of popular music such as jazz and rock, and directors' attraction to atonal and dissonant music as well as *musique concrète*, of which he is a composer. Wide-ranging and original, *Music in Cinema* offers a welcoming overview for students and general readers as well as refreshingly new and valuable perspectives for film scholars.

Deaf Sentence David Lodge.2009-09-29 The subject of enthusiastic and widespread reviews, David Lodge's fourteenth work of fiction displays the humor and shrewd observations that have made him a much-loved icon. *Deaf Sentence* tells the story of Desmond Bates, a recently retired linguistics professor in his mid-sixties. Vexed by his encroaching deafness and at loose ends in his personal life, Desmond inadvertently gets involved with a seemingly personable young American female student who seeks his support in matters academic and not so academic, who finally threatens to

destabilize his life completely with her unpredictable-and wayward-behavior. What emerges is a funny, moving account of one man's effort to come to terms with aging and mortality-a classic meditation on modern middle age that fans of David Lodge will love.

**Gender in Translation** Sherry Simon.2003-09-02 Gender in Translation is a broad-ranging, imaginative and lively look at feminist issues surrounding translation studies. Students and teachers of translation studies, linguistics, gender studies and women's studies will find this unprecedented work invaluable and thought-provoking reading. Sherry Simon argues that translation of feminist texts - with a view to promoting feminist perspectives - is a cultural intervention, seeking to create new cultural meanings and bring about social change. She takes a close look at specific issues which include: the history of feminist theories of language and translation studies; linguistic issues, including a critical examination of the work of Luce Irigaray; a look at women translators through history, from the Renaissance to the twentieth century; feminist translations of the Bible; an analysis of the ways in which French feminist texts such as De Beauvoir's *The Second Sex* have been translated into English.

**Moi, Armand, né sourd et muet** Armand Pelletier,Yves Delaporte.2002 Né dans une période sombre de l'histoire des sourds, Armand, menuisier bressan, aujourd'hui père de quatre enfants sourds et grand-père de sept petits-enfants sourds, construit une vie d'homme libre. Ce récit s'inscrit dans un tragique destin : en 1880, charité chrétienne et science se sont liguées pour interdire aux sourds leur langue. L'ombre de ce crime s'étend sur la majeure partie du siècle suivant. Pendant cent années s'accumulent les preuves de leur infériorité linguistique. Infériorité anthropologiquement fautive. Les signes qu'ils continuent, envers et contre tout, à se transmettre sont décrits comme pauvres, ambigus, incapables d'abstraction. Ce qui linguistiquement est absurde. La pensée scientifique devient paranoïaque. Au nom de la science, un terrifiant obscurantisme a nié leur humanité et a prétendu résoudre la question par la chirurgie. Que fait donc la science aux hommes ? s'est exclamé un sourd-muet : c'est à une réflexion critique sur la raison scientifique qu'est aussi convié le lecteur.
