We Want to Do More Than Survive Bettina L. Love. 2019-02-19 Winner of the 2020 Society of Professors of Education Outstanding Book Award Drawing on personal stories, research, and historical events, an esteemed educator offers a vision of educational justice inspired by the rebellious spirit and methods of abolitionists. Drawing on her life's work of teaching and researching in urban schools, Bettina Love persuasively argues that educators must teach students about racial violence, oppression, and how to make sustainable change in their communities through radical civic initiatives and movements. She argues that the US educational system is maintained by and profits from the suffering of children of color. Instead of trying to repair a flawed system, educational reformers offer survival tactics in the forms of test-taking skills, acronyms, grit labs, and character education, which Love calls the educational survival complex. To dismantle the educational survival complex and to achieve educational freedom—not merely reform—teachers, parents, and community leaders must approach education with the imagination, determination, boldness, and urgency of an abolitionist. Following in the tradition of activists like Ella Baker, Bayard Rustin, and Fannie Lou Hamer, *We Want to Do More Than Survive* introduces an alternative to traditional modes of educational reform and expands our ideas of civic engagement and intersectional justice.

Trust Me Nick Morgan.2008-12-16 Nick Morgan shows how anyone can be an effective speaker by presenting an image of authenticity and respect for their audience, whether in a group presentation or a one-on-one conversation. He presents a four-step process, perfected in his teaching at Harvard, that enables the reader to use their own personal speaking style while becoming a more persuasive and charismatic communicator and leader. The basis of this process is the fact that when words and body language are in conflict, body language wins every time. This isn't easy to overcome, because normally body language is immediate, while the words lag slightly behind, and even a momentary conflict is perceptible to the audience. The key to success is to train your body language to unconsciously align with your message. The four steps: Form the attitude and intent to be open, and then let your body naturally express that intent. This feeling of openness will naturally affect the content of what you are saying, and it's that natural evolution that is at the heart of the process. Become connected to your audience. This creates a mutual energy, and you will naturally begin to think in terms of what the audience wants and needs in shaping your content. Ask yourself, what's my underlying emotion? Why does this matter to me? Becoming passionate about what you have to say naturally makes your audience care about it too. Really listen to the audience. Understanding their needs and reactions will enable you to direct your communication in mutually beneficial ways.

Dare to Lead Brené Brown.2018-10-09 #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart!

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

The Burnout Epidemic Jennifer Moss.2021-09-28 Named one of 10 Best New Management Books for 2022 by Thinkers50 Named to the shortlist for the 2021 Outstanding Works of Literature (OWL) Award in the Management & Culture Category In this important and timely book, workplace well-being expert Jennifer Moss helps leaders and individuals prevent burnout and create healthier, happier, and more productive workplaces. We tend to think of burnout as a problem we can solve with self-care: more yoga, better breathing techniques, and more resilience. But evidence is mounting that applying personal, Band-Aid solutions to an epic and rapidly evolving workplace phenomenon isn't enough—in fact, it's not even close. If we're going to solve this problem, organizations must take the lead in developing an antiburnout strategy that moves beyond apps, wellness programs, and perks. In this eye-opening, paradigm-shifting, and practical guide, Jennifer Moss lays bare the real causes of burnout and how organizations can stop the chronic stress cycle that an alarming number of workers suffer through. The Burnout Epidemic explains: What causes burnout—and what organizations can do to prevent it Why traditional wellness initiatives fall short How companies can build an antiburnout strategy based on prevention, not perks How leaders can measure burnout in their own organizations What leaders can do to develop a healthier culture that prioritizes resilience and curiosity As the pandemic has shown, self-care is important, but it's not a cure-all for burnout. Employers need to do more. With fascinating research, new findings from the pandemic, and interviews with business leaders around the globe, The Burnout Epidemic offers readers insightful and actionable advice that will empower them to help themselves—and their employees—feel healthier and happier at work.

She Reads Truth Raechel Myers, Amanda Bible Williams.2016-10-04 She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on? She Reads Truth tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but about one Hero and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, She Reads Truth is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away.

My Life in Full Indra Nooyi.2021-09-28 'A must-read for working women and the men who work with us, love us and support us' Hillary Rodham Clinton 'Surprising and compelling' Financial Times The much-anticipated and inspiring memoir by Indra Nooyi, the trailblazing former CEO of PepsiCo, offering clear-eyed insight and a call to action for how our society can really blend work and family - and advance women - in the twenty-first century For more than a dozen years as one of the world's most admired CEOs, Indra Nooyi redefined what it means to be an exceptional leader. The first woman, person of color, and immigrant to run a Fortune 50 company - and one of the foremost strategic thinkers of our time - Nooyi transformed PepsiCo with a unique vision, a vigorous pursuit of excellence, and a deep sense of purpose. Now, in a rich memoir brimming with grace, grit, and good humor, My Life in Full offers a firsthand view of a legendary career and the sacrifices it so often demanded. In her book, Nooyi shares the events that shaped her - from her childhood in 1960s India, to the Yale School of Management, to her rise as a consultant and corporate strategist who soon ascended into the most senior executive ranks. The book offers an intimate look inside PepsiCo, detailing how she steered the iconic American company toward healthier products and reinvented its environmental profile without curbing financial performance - despite resistance at every turn. At the same time, Nooyi built a home with her husband - also a high-powered executive - two daughters, and members of her extended family. My Life in Full includes her unvarnished take on the competing pressures on her attention and time, and what she learned along the way. This book, as has her personal journey, will inspire young women everywhere to believe that they, too, can climb to powerful roles without giving up on the desire for a family and children. But, as Nooyi eloquently argues, her story is not a call for women to simply try harder, but is proof of the importance of organised care structures in all of our success. Nooyi makes a clear, actionable, urgent call for business and government to prioritise the care ecosystem, from skilled care networks to zoning policy, to paid leave and flexible and predictable work hours, each so critical to unleashing the economy's full potential and helping families thrive. Generous, authoritative, and grounded in lived experience, My Life in Full is both the story of an extraordinary leader's life, and a moving tribute to the relationships that created it.
