The Last Seat in the House John Kane.2020-01-27 Known as the Father of Festival Sound, Bill Hanley (b. 1937) made his indelible mark as a sound engineer at the 1969 Woodstock Music and Arts Fair. Hanley is credited with creating the sound of Woodstock, which literally made the massive festival possible. Stories of his on-the-fly solutions resonate as legend among festivalgoers, music lovers, and sound engineers. Since the 1950s his passion for audio has changed the way audiences listen to and technicians approach quality live concert sound. John Kane examines Hanley's echoing impact on the entire field of sound engineering, that crucial but often-overlooked carrier wave of contemporary music. Hanley's innovations founded the sound reinforcement industry and launched a new area of technology, rich with clarity and intelligibility. By the early seventies the post-Woodstock festival mass gathering movement collapsed. The music industry shifted, and new sound companies surfaced. After huge financial losses and facing stiff competition, Hanley lost his hold on a business he helped create. By studying both his history during the festivals and his independent business ventures, Kane seeks to present an honest portrayal of Hanley and his acumen and contributions. Since 2011, Kane conducted extensive research, including over one hundred interviews with music legends from the production and performance side of the industry. These carefully selected respondents witnessed Hanley's expertise at various events and venues like Lyndon B. Johnson's second inauguration, the Newport Folk/Jazz Festivals, the Beatles' final tour of 1966, the Fillmore East, Madison Square Garden, and more. *The Last Seat in the House* will intrigue and inform anyone who cares about the modern music industry.

Living in the House of God Margaret Malone.2014-11-21 "How should we live in this house of God? We know that the way a building is shaped also helps in determining the way those within it live and relate. We are indeed formed by what we form. Qualities such as integrity, hospitality, humanity and beauty in a place will enable its dwellers to live lives in which such qualities are evident. The way we understand who we are and how we live will be reflected in our places and vice versa. Our places become bearers of meaning and memory." —From Chapter 1 In *Living in the House of God*, Margaret Malone draws on her study of and research on the Rule of Saint Benedict to show the ways in which this ancient rule can illuminate modern life. The broad gamut of topics this book examines—from Benedictine life as sacrament to Augustine's influence on Benedict to obedience and the art of listening, among others—is itself a witness to the generous flexibility of the Rule, as Benedict proposes a way of life that truly corresponds to the deepest needs of the whole of human nature.

A Stranger in the House Shari Lapena.2018-05-29 A NEW YORK TIMES BESTSELLER Another thrilling domestic suspense novel from the New

York Times bestselling author of *The Couple Next Door* and *Not a Happy Family* “A Stranger in the House will have you sleeping with the lights on for weeks.” —Bustle “Smart and suspenseful . . . you'll never see the ending coming.” —PureWow In this neighborhood, danger lies close to home. Karen and Tom Krupp are happy—they've got a lovely home in upstate New York, they're practically newlyweds, and they have no kids to interrupt their comfortable life together. But one day, Tom returns home to find Karen has vanished—her car's gone and it seems she left in a rush. She even left her purse—complete with phone and ID—behind. There's a knock on the door—the police are there to take Tom to the hospital where his wife has been admitted. She had a car accident, and lost control as she sped through the worst part of town. The accident has left Karen with a concussion and a few scrapes. Still, she's mostly okay—except that she can't remember what she was doing or where she was when she crashed. The cops think her memory loss is highly convenient, and they suspect she was up to no good. Karen returns home with Tom, determined to heal and move on with her life. Then she realizes something's been moved. Something's not quite right. Someone's been in her house. And the police won't stop asking questions. Because in this house, everyone's a stranger. Everyone has something they'd rather keep hidden. Something they might even kill to keep quiet.

In the Dream House Carmen Maria Machado.2019-11-05 A revolutionary memoir about domestic abuse by the award-winning author of *Her Body and Other Parties* *In the Dream House* is Carmen Maria Machado's engrossing and wildly innovative account of a relationship gone bad, and a bold dissection of the mechanisms and cultural representations of psychological abuse. Tracing the full arc of a harrowing relationship with a charismatic but volatile woman, Machado struggles to make sense of how what happened to her shaped the person she was becoming. And it's that struggle that gives the book its original structure: each chapter is driven by its own narrative trope—the haunted house, erotica, the bildungsroman—through which Machado holds the events up to the light and examines them from different angles. She looks back at her religious adolescence, unpacks the stereotype of lesbian relationships as safe and utopian, and widens the view with essayistic explorations of the history and reality of abuse in queer relationships. Machado's dire narrative is leavened with her characteristic wit, playfulness, and openness to inquiry. She casts a critical eye over legal proceedings, fairy tales, *Star Trek*, and Disney villains, as well as iconic works of film and fiction. The result is a wrenching, riveting book that explodes our ideas about what a memoir can do and be.

The House of Broken Angels Luis Alberto Urrea.2018-03-06 In this raucous, moving, and necessary story by a Pulitzer Prize finalist (*San Francisco Chronicle*), the De La Cruzes, a family on the Mexican-American border, celebrate two of their most beloved relatives during a joyous and bittersweet weekend. All we do, *mija*, is love. Love is the answer. Nothing stops it. Not borders. Not death. In his final days, beloved and ailing patriarch Miguel Angel de La Cruz, affectionately called Big Angel, has summoned his entire clan for one last legendary birthday party. But as the party approaches, his mother, nearly one hundred, dies, transforming the weekend into a farewell doubleheader. Among the guests is Big Angel's half brother, known as Little Angel, who must reckon with the truth that although he shares a father with his siblings, he has not, as a half gringo, shared a life. Across two bittersweet days in their San Diego neighborhood, the revelers mingle among the palm trees and cacti, celebrating the lives of Big Angel and his mother, and recounting the many inspiring tales that have passed into family lore, the acts both ordinary and heroic that brought these citizens to a fraught and sublime country and allowed them to flourish in the land they have come to call home. Teeming with brilliance and humor, authentic at every turn, *The House of Broken Angels* is Luis Alberto Urrea at his best, and cements his reputation as a storyteller of the first rank. Epic . . . In the House of the Law Judith E. Tucker. 2023-04-28 In an rewarding new study, Tucker explores the way in which Islamic legal thinkers understood Islam as it related to women and gender roles. In seventeenth and eighteenth century Syria and Palestine, Muslim legal thinkers gave considerable attention to women's roles in society, and Tucker shows how fatwas, or legal opinions, greatly influenced these roles. She challenges prevailing views on Islam and gender, revealing Islamic law to have been more fluid and flexible than previously thought. Although the legal system had a consistent patriarchal orientation, it was modulated by sensitivities to the practical needs of women, men, and children. In her comprehensive overview of a field long neglected by scholars, Tucker deepens our understanding of how societies, including our own, construct gender roles.

The House of Twenty Thousand Books Sasha Abramsky. 2017-03-28 A tender and compelling memoir of the author's grandparents, their literary salon, and a way of life that is no more. The House of Twenty Thousand Books is the story of Chimen Abramsky, an extraordinary polymath and bibliophile who amassed a vast collection of socialist literature and Jewish history. For more than fifty years Chimen and his wife, Miriam, hosted epic gatherings in their house of books that brought together many of the age's greatest thinkers. The atheist son of one of the century's most important rabbis, Chimen was born in 1916 near Minsk, spent his early teenage years in Moscow while his father served time in a Siberian labor camp for religious proselytizing, and then immigrated to London, where he discovered the writings of Karl Marx and became involved in left-wing politics. He briefly attended the newly established Hebrew University in Jerusalem, until World War II interrupted his studies. Back in England, he married, and for many years he and Miriam ran a respected Jewish bookshop in London's East End. When the Nazis invaded Russia in June 1941, Chimen joined the Communist Party, becoming a leading figure in the party's National Jewish Committee. He remained a member until 1958, when, shockingly late in the day, he finally acknowledged the atrocities committed by Stalin. In middle age, Chimen reinvented himself once more, this time as a liberal

thinker, humanist, professor, and manuscripts' expert for Sotheby's auction house. Journalist Sasha Abramsky re-creates here a lost world, bringing to life the people, the books, and the ideas that filled his grandparents' house, from gatherings that included Eric Hobsbawm and Isaiah Berlin to books with Marx's handwritten notes, William Morris manuscripts and woodcuts, an early sixteenth-century Bomberg Bible, and a first edition of Descartes's Meditations. The House of Twenty Thousand Books is a wondrous journey through our times, from the vanished worlds of Eastern European Jewry to the cacophonous politics of modernity. The House of Twenty Thousand Books includes 43 photos.

House of Leaves Mark Z. Danielewski.2000-03-07 "A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains

unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.
