

Becoming A Student Midwife The Survival Guide For

Becoming a Midwife Ellie Durant.2023-02-23 'A must have for all aspiring and current student midwives and Newly Qualified Midwives.' - Carinna Griffiths, lecturer in Midwifery Written in a friendly and uplifting tone, *Becoming a Midwife* provides students and newly-qualified midwives with the tools and support they need to thrive on their course, on placement and in the early stages of their careers. The first part of the book focuses on core academic skills, including chapters on time management, writing essays and reflections, delivering presentations and preparing for exams. The book then establishes the fundamentals of clinical practice, and presents tried-and-tested strategies for developing clinical skills alongside guidance on managing workplace relationships and challenges. The final chapters help students make the transition to newly-qualified, with guidance on job applications, advocacy and career options. Acknowledging that midwifery can be a challenging and emotionally-demanding profession, this book has a strong focus on self-care and seeking support, as well as managing stress, avoiding burnout and juggling work, study and life. Chapters are enriched with insights from students and practising midwives, practical tips, worksheets to promote reflective practice and suggestions for further reading. Accompanying online resources for this title can be found at midwifediaries.com, including videos, blogs and interviews with practising midwives.

How to Survive Your Nursing Or Midwifery Course Monica Gribben,Stephen McLellan,Debbie McGirr,Sam Chenery-Morris.2017-02-09 A guide to balancing academic work, placements and home life to help students to stay the course and succeed at their studies!

Monique and the Mango Rains Kris Holloway.2006-07-20 In a remote corner of West Africa, Monique Dembele saved lives and dispensed hope every day in a place where childbirth is a life-and-death matter. *Monique and the Mango Rains* is the compelling story of the authors decade-long friendship with Monique, an extraordinary midwife in rural Mali. It is a tale of Moniques unquenchable passion to better the lives of women and children in the face of poverty, unhappy marriages, and endless backbreaking work, as well as her tragic and ironic death. In the course of this deeply personal narrative, as readers immerse in village life and learn firsthand the rhythms of Moniques world, they come to know her as a friend, as a mother, and as an inspired woman who struggled to find her place in a male-dominated world.

Nmc Survival Guide Lucy La Zouche.2014-10-30 The Nursing and Midwifery Council (NMC) is the UK regulatory body for nurses and midwives. Some 670,000 health professionals in England, Wales, Scotland and Northern Ireland are currently registered with the NMC. In fact, you cannot practise as a nurse or midwife in the UK without being registered with the NMC. The NMC fitness to practise process is protracted and can be very stressful. Case Law plays a very important part in NMC hearings and, let's face it, the lawyers who are key players in the proceedings have no incentive to make this simple. The aim of this book is to provide a guide which will demystify the process and help nurses and midwives to get the best possible result even in the most difficult circumstances.

Baby Catcher Peggy Vincent.2003-04-15 In this engaging account of her career as a midwife, Vincent describes the hilarious, sometimes frightening, events surrounding the appearance of a new human being. More than a collection of unforgettable stories, *Baby Catcher* is a clarion call for a less technological, more personalized approach to childbirth in this country.

Skills for Midwifery Practice E-Book Ruth Johnson,Wendy Taylor.2016-01-11 The new edition of this highly acclaimed step-by-step guide continues to offer readers with the relevant physiology, evidence-base and rationale for the key midwifery skills. Work Placements - A Survival Guide for Students Christine Fanthome.2017-03-14 This book is an essential guide for students contemplating or embarking upon work placements. Using comments from students, employers and tutors, it includes guidelines on how to find an appropriate placement; audit skills; construct a strong CV and application; prepare for an interview and derive maximum benefit from the work placement experience. The book identifies common problems facing students, together with remedial strategies, and offers suggestions for tackling written and oral assignments. Finally, it shows how to create and implement a successful job-search strategy.

Survival Guide to Midwifery Diane M. Fraser,Margaret A. Cooper.2008 Either on-the-ward or on-placement, this handy pocketbook gives you the clinical information you need at your fingertips.

The Student Nurse Handbook Bethann Siviter,Denise Stevens,Jonathan Asbridge.2004 Developed for the U.K. student. This U.K. book is an indispensable guide on how to get into and survive a pre-registration nursing course. With an immensely readable style this book uses humor, case studies, hints, tips, and insights to inspire and encourage you to complete your course and become a nurse. Covering a wide range of topics it will help you to write assignments, make the most of clinical placements, cope with stress, understand U.K. medical terminology and nursing jargon, create a portfolio, reflect on your practice, and more. It also contains copies of essential Nursing and Midwifery Council publications such as the Code of Professional Conduct, Guidelines for the Administration of Medication and Guidelines for Records and Record Keeping, and explains their relevance to you as a nursing student. This unique U.K. book will be useful to those of any age considering nursing as a career, with or without previous practical experience in health care. It will help you understand exactly what your tutors and mentors expect from you and help you plan for and cope with the inevitable stress and frustration. This valuable resource will be an essential companion throughout your course. Written for students by a student, therefore authentic Case studies and quotes from students and nurses show readers that their thoughts and feelings are shared by others - this validation will reduce stress and anxiety and give credibility Humour and cartoons will make the text readable and fun to use Hints, tips and practical advice will encourage the 'flagging' student Appendices list other useful resources, contact details for organisations and websites

Labour Midwifery Skills Alison Edwards.2020-06-06

Midwifery Survival Guide Jacqui Williams.2011 This new edition follows Q&A format that has made the series so popular for its practical, clinical approach. It will serve as a quick referral guide for newly qualified midwives and be an aide memoire in practice settings. The design will enable readers to easily access the information in a format which is easy to read. It presents current guidelines and best evidence. Final year student midwives have a plethora of activities and assessments to be able to complete their diploma/degree courses and qualify as midwives. Following the commencement of their first employment they have to meet various Trust requirements and complete a number of key activities to orientate to their new role. This is an intensive time of study and adjustment to new roles so a text which could support these processes will be invaluable. This book could also be used by Senior Student Midwives to prepare them for qualifying as midwives and be insightful of what will be expected to achieve during their first year of registration.

The Hands-on Guide to Midwifery Placements Luisa Cescutti-Butler,Margaret Fisher.2015-12-21 The perfect companion for student midwives in clinical settings, packed full of useful and practical information to help guide and enable you to get the best out of your midwifery placements. This compact, portable text includes what to expect on each type of placement - whether it be working in a low or high risk environment - from how to prepare for practice, what you can anticipate whilst you're there, the key essential skills to acquire, what pitfalls and problems to be aware of, and

how to deal with them if they do arise. Each chapter contains 'Top Tips' from current or recently qualified midwifery students, as well as real life student experiences and suggestions for further readings.

Postnatal and Neonatal Midwifery Skills Taylor & Francis Group.1920-05-30

It also crucially features personal statement examples and detailed line by line analysis (good and bad) and over 50 Interview questions, analysis and answers. Topics include: Making sure Midwifery is right for you Getting the kind of experience that will get you noticed (in a good way!) Choosing your UK Midwifery Course and handling UCAS Writing an kick-ass Personal Statement The Essential Facts you need to know for your interview Use Nervousness to your Advantage with my acronym 'DOPE' (not that kind of dope) to Combat Anxiety in Interview Situations Maths and Literacy revision, 2x practice literacy and 2x practice maths tests and markschemes 50 Interview Questions, Analysis and Answers Whether you are starting out with a dream and don't know where to begin, or just need to bring your experience together, this book can help. It was written for you by a qualified midwife in conjunction with a careers advisor and midwifery interviewers. Feedback and Reviews: Amazing book, I only wish I had read this before I applied last year! I made so many of the mistakes mentioned in the book! This year I have so much more confidence, thanks to the advice and information from this book. Thanks Ellie! -Gemma, Gloucestershire Q+As, inside tips and knowledge, it gets you thinking like a midwife. It's so competitive to get onto a course, this book is exactly what I was looking for! -Meena, London Found your book and it has reignited my excitement for midwifery! I am working towards being a student midwife and this has been really reassuring! I can actually do this! -Kim, Leicester She seems to really remember and understand what it's like to be at the beginning of your journey. Ellie breaks down every little step for you. - Mirriam, Reading I ...wanted to say a HUGE thank you! I recently like a bolt from the blue realised I want to be a midwife - and then found out how hard it is to get on a course! Your book makes it so simple to see exactly what you need to do! -Josie, Leicester

A Pocket Guide for Student Midwives Stella McKay-Moffat,Pamela Lee.2006-07-11 This book is written with both degree and diploma student midwives in mind. It is split into two sections, each alphabetical. The first section contains some of the language of midwifery: terms, abbreviations and definitions. The second section contains common conditions, procedures, emergency situations, and supporting information. Each topic includes further factors that involve recognition, prevention, and actions to take in an emergency situation that may be in the form of flow/action charts. The procedures that are included have an overview of the 'how to', (frequently including the preparation needed); and the 'why', supported by research or evidence, and Midwives' rules and standards (NMC 2004b) and The NMC code of professional conduct: standards for conduct, performance and ethics (NMC 2004a). The references used provide useful evidence to support practice. Finally, the supporting information is varied and ranges from details about Government and international initiatives to available support groups and useful websites.

Nursing & Health Survival Guide: Mentorship Zoe Wilkes,Lesley Joyce,Linda Edmond.2013-08-16 Mentoring and practice assessment is an increasingly important aspect of your ongoing professional development, but can be challenging. Merely said, Becoming A Student Midwife The Survival Guide For is universally compatible with any devices to read.

Find Becoming A Student Midwife The Survival Guide For

You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title. There aren't a lot of free Kindle books here because they aren't free for a very long period of time, though there are plenty of genres you can browse through. Look carefully on each download page and you can find when the free deal ends. The Open Library: There are over one million free books here, all available in PDF, ePub, Daisy, DjVu and ASCII text. You can search for ebooks specifically by checking the Show only ebooks option under the main search box. Once you've found an ebook, you will see it available in a variety of

formats. All of the free books at ManyBooks are downloadable — some directly from the ManyBooks site, some from other websites (such as Amazon). When you register for the site you're asked to choose your favorite format for books, however, you're not limited to the format you choose. When you find a book you want to read, you can select the format you prefer to download from a drop down menu of dozens of different file formats. We now offer a wide range of services for both traditionally and self-published authors. What we offer. Newsletter Promo. Promote your discounted or free book. Think of this: When you have titles that you would like to display at one of the conferences we cover or have an author nipping at your heels, but you simply cannot justify the cost of purchasing your own booth, give us a call. We can be the solution. It's easier than you think to get free Kindle books; you just need to know where to look. The websites below are great places to visit for free books, and each one walks you through the process of finding and downloading the free Kindle book that you want to start reading. Ebooks and Text Archives: From the Internet Archive; a library of fiction, popular books, children's books, historical texts and academic books. The free books on this site span every possible interest. Wikisource: Online library of user-submitted and maintained content. While you won't technically find free books on this site, at the time of this writing, over 200,000 pieces of content are available to read.
