Cuaderno de campo Armando Alvarez Bravo.2009-01-01 The author considers this book a book of maturity. In it is contained

all the labor of my poetic efforts- thus its kaleidoscopic nature. It is a testimony to my insufficient gratitude to God, my family and my friends. The reader need only to have intelligence.@ A great book of poetry that bears the soul of this poet.

Los problemas de la geografía escolar y la pandemia Benito Campo País, Diego García Monteagudo, M^a Ángeles Rodríguez Domenech, Xosé M. Souto González.2021-09-23 La pandemia ha cambiado nuestras vidas, pero nos ofrece la oportunidad de modificar las rutinas de enseñanza para mejorar la educación ciudadana desde la geografía e historia. Nuestra vinculación como docentes en la formación del profesorado y en el Geoforo Iberoamericano nos hace reforzar la didáctica como instrumento válido para producir el conocimiento y las habilidades básicas para los futuros docentes interesados en la geografía escolar de Iberoamérica. Así, la enseñanza geográfica necesita una práctica para desmembrar las noticias, comprobarlas, contrastarlas y entender su significado en el espacio territorial local y global; es decir, identificar y ponderar la relevancia y trascendencia de los hechos que se producen. Este libro responde al convencimiento que sus autores confieren a las tareas realizadas por el alumnado

Routledge Diccionario Técnico Inglés Routledge.1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's A Comedy of Errors. Miola's edited work also features a comprehensive critical history, coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection, there are five previously unpublished essays. The topics covered in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance histories in Germany and Japan, the metrical variety of the play, and the distinctly modern perspective on the play as containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and commentary on The Comedy of Errors that is published in obscure and difficultly accessible journals, newspapers, and other sources. This collection brings together these essays for the first time.

Enseñanza y Animación Sociodeportiva, de la familia profesional de Actividades Físicas y Deportivas. Actividades de ocio y tiempo libre está dividido en nueve unidades, la primera de las cuales está dedicada a la caracterización de los proyectos de tiempo libre, pasando por los recursos y espacios utilizados y la prevención y seguridad de los mismos. A continuación, se abordan el juego y las actividades lúdicas como recurso, las actividades recreativas de expresión dramática, de expresión plástica, el juego teatral y los talleres recreativos. Un bloque importante de contenido es el que se dedica al tiempo libre en el medio natural, el equipamiento, la cartografía, y la organización y puesta en marcha de distintas actividades. La última unidad del libro se ocupa de la planificación, seguimiento y evaluación de proyectos de tiempo libre, cerrando de esta forma el círculo de contenidos abierto con la primera unidad. Todas las unidades han sido diseñadas para que el alumno consiga unos resultados de aprendizaje óptimos y que el profesor disponga de una guía didáctica completa donde pueda encontrar todos los contenidos propuestos por el currículo del Ministerio de Educación, Cultura y Deporte. El libro se ha elaborado desde la experiencia profesional y docente de los autores, está diseñado desde una perspectiva global, integral y completa, y con un enfoque tanto teórico como práctico. La explicación de los contenidos se apoya en numerosos recursos: actividades propuestas, tablas, imágenes, esquemas, fichas de actividades, cuadros aclaratorios y con información importante, etc. Asimismo, al final de cada unidad se incluye un mapa conceptual que sintetiza e integra todo lo estudiado. Por último, las actividades finales de comprobación, aplicación y ampliación favorecen la asimilación de los contenidos, su comprensión y la profundización en ellos. Por todo ello, esta obra es una herramienta útil y práctica tanto para profesores y alumnos como para profesionales dedicados a las actividades de ocio y tiempo libre, así como para cualquier persona interesada en la materia.
