Identities in Crisis in Iran Ronen Cohen.2015 *Identities in Crisis in Iran* describes how identity, especially when it is faced with fundamental tensions as in the case of Iran, is a phenomenon that is constantly developing via factors involving the private self and common social factors such as the conflict between the Persian culture and the Shi'a religion.

Women in Iran from 1800 to the Islamic Republic Lois Beck,Guity Nashat.2004 The role of women in Iran has often been downplayed or obscured, particularly in the modern era. This volume demonstrates that women have long played important roles in different facets of Iranian society. Together with its companion, *Women in Iran from the Rise of Islam to 1800*, this volume completes a two-book project on the central importance of Iranian women from pre-Islamic times through the creation and establishment of the Islamic Republic. It includes essays from various disciplines by prominent scholars who examine women's roles in politics, society, and culture and the rise and development of the women's movement before and during the Islamic Republic. Several contributors address the issue of regional, ethnic, linguistic, and tribal diversity in Iran, which has long contained complex, heterogenous societies.

Dear Life Rachel Clarke.2020-01-23 'What a remarkable book this is; tender, funny, brave, heartfelt, radiant with love and life, and with the love of life. It brought me often to laughter and - several times - to tears' Robert Macfarlane From the Sunday Times bestselling author of *Your Life in My Hands* comes this vibrant, tender and deeply personal memoir that finds light and love in the darkest of places. As a specialist in palliative medicine, Dr Rachel Clarke chooses to inhabit a place many people would find too tragic to contemplate. Every day she tries to bring care and comfort to those reaching the end of their lives and to help make dying more bearable. Rachel's training was put to the test in 2017 when her beloved GP father was diagnosed with terminal cancer. She learned that nothing - even the best palliative care - can sugar-coat the pain of losing someone you love. And yet, she argues, in a hospice there is more of what matters in life - more love, more strength, more kindness, more joy, more tenderness, more grace, more compassion - than you could ever imagine. For if there is a difference between people who know they are dying and the rest of us, it is simply this: that the terminally ill know their time is running out, while we live as though we have all the time in the world. *Dear Life* is a book about the vital importance of human connection, by the doctor we would all want by our sides at a time of crisis. It is a love letter - to a father, to a profession, to life itself.

Nationalizing Iran Afshin Marashi.2011-07-01 When Naser al-Din Shah, who ruled Iran from 1848 to 1896, claimed the title Shadow of God on Earth, his authority rested on premodern conceptions of sacred kingship. By 1941, when Mohammad Reza Shah Pahlavi came to power, his claim to authority as the Shah of Iran was infused with the language of modern nationalism. In short, between roughly 1870 and 1940, Iran's traditional monarchy was forged into a modern nation-state. In *Nationalizing Iran*, Afshin Marashi explores the changes that made possible this transformation of Iran into a social abstraction in which notions of state, society, and culture converged. He follows Naser al-Din Shah on a tour of Europe in 1873 that led to his importing a new public image of monarchy-an image based on the European late imperial model-relying heavily on the use of public ceremonies, rituals, and festivals to promote loyalty to the monarch. Meanwhile, Iranian intellectuals were reimagining ethnic history to reconcile "authentic" Iranian culture with the demands of modernity. From the reform of public education to the symbolism surrounding grand public ceremonies in honor of long-dead poets, Marashi shows how the state invented and promoted key features of the common culture binding state and society. The ideological thrust of that century would become the source of dramatic contestation in the late twentieth century. Marashi's study of the formative era of Iranian nationalism will be valuable to scholars and students of history, sociology, political science, and anthropology, as well as journalists, policy makers, and other close observers of contemporary Iran.

Iran Modern Fereshteh Daftari,Layla S. Diba.2013 'Iran Modern' offers a timely exploration of the cultural diversity and production of avant-garde art in Iran after World War II and up to the revolution, from 1950 through to 1979.

Gender Ironies of Nationalism Tamar Mayer.2012-10-12 This book provides a unique social science reading on the construction of nation, gender and sexuality and on the interactions among them. It includes international case studies from Indonesia, Ireland, former Yugoslavia, Liberia, Sri Lanka, Australia, the USA, Turkey, China, India and the Caribbean. The contributors offer both the masculine and feminine perspective, exposing how nations are comprised of sexed bodies, and exploring the gender ironies of nationalism and how sexuality plays a key role in nation building and in sustaining national identity. The contributors conclude that control over access to the benefits of belonging to the nation is invariably gendered; nationalism becomes the language through which sexual control and repression is justified masculine prowess is expressed and exercised. Whilst it is men who claim the prerogatives of nation and nation building it is, for the most part, women who actually accept the obligation of nation and nation building.

Charand-o Parand Ali-Akbar Dehkhoda.2016-05-24 A classic of Modern Persian literature, *Charand-o Parand* (Stuff and Nonsense) is a work familiar to every literate Iranian. Originally a series of newspaper columns written by scholar and satirist Ali-Akbar Dehkhoda, the pieces poke fun at mullahs, the shah, and the old religious and political order during the Constitutional Revolution in Iran (1906-11). The essays were the Daily Show of their era. The columns were heatedly debated in the Iranian parliament, and the newspaper was shut down on several occasions for its criticism of the religious establishment. Translated by two distinguished scholars of Persian language and history, this volume makes Dehkhoda's entertaining political observations available to English readers for the first time.

Iran Unveiled Ali Alfoneh.2013-04-18 Iran is currently experiencing the most important change in its history since the revolution of 1979 and the establishment of the Islamic Republic: The regime in Tehran, traditionally ruled by the Shia clergy, is transforming into a military dictatorship dominated by the officers of the Islamic Revolutionary Guards Corps (IRGC; Sepah-e Pasdaran-e Enqelab-e Eslami). This transformation is changing not only the economy and society in Iran, but also the Islamic Republic's relations with the United States and its allies.

Radicals, Revolutionaries, and Terrorists Colin J. Beck.2015-08-06 Terrorism, mass uprisings, and political extremism are in the news every day. It is no coincidence that these phenomena come together at the beginning of a new era. *Radicals, Revolutionaries, and Terrorists* provides a comprehensive survey of the intersection of radical social movements and political violence. The book considers eight essential questions for understanding radicalism, including its origins, dynamics, and outcomes. Ranging across the globe from the 1500s to the present, the book examines cases as diverse as nineteenth-century anarchists, the Nazis, Che Guevara, the Weather Underground, Chechen insurgents, the Earth Liberation Front, Al-Qaeda, and the Arab Spring. Throughout, Colin J. Beck connects these cases to key social movements literature to demonstrate how using multiple areas of research results in better explanations. *Radicals, Revolutionaries, and Terrorists* is an essential companion for understanding the challenges facing governments and societies today. Its engaging style and original approach make it indispensable for students and scholars across the social sciences who are interested in social movements.

Political Participation in Iran from Khatami to the Green Movement Paola Rivetti.2019-12-26 This book examines the unintended consequences of top-down reforms in Iran, analysing how the Iranian reformist governments (1997-2005) sought to utilise gradual reforms to control independent activism, and how citizens responded to such a disciplinary action. While the governments successfully 'set the field' of permitted political participation, part of the civil society that took shape was unexpectedly independent. Despite being a minority, independent activists were not marginal: without them, in fact, the Green Movement of 2009 would not have taken shape. Building on in-depth empirical analysis, the author explains how autonomous activism forms and survives in a semi-authoritarian country. The book contributes to the debate about the

implications of elite-led reforms for social reproduction, offering an innovative interpretation and an original analysis of social movements from a political science perspective.

Frontier Fictions Firoozeh Kashani-Sabet.2014-08-07 In *Frontier Fictions*, Firoozeh Kashani-Sabet looks at the efforts of Iranians to defend, if not expand, their borders in the nineteenth and early twentieth centuries, and explores how their conceptions of national geography influenced cultural and political change. The frontier fictions, or the ways in which the Iranians viewed their often fluctuating borders and the conflicts surrounding them, played a dominant role in defining the nation. On these borderlands, new ideas of citizenship and nationality were unleashed, refining older ideas of ethnicity. Kashani-Sabet maintains that land-based conceptions of countries existed before the advent of the modern nation-state. Her focus on geography enables her to explore and document fully a wide range of aspects of modern citizenship in Iran, including love of homeland, the hegemony of the Persian language, and widespread interest in archaeology, travel, and map-making. While many historians have focused on the concept of the imagined community in their explanations of the rise of nationalism, Kashani-Sabet is able to complement this perspective with a very tangible explanation of what connects people to a specific place. Her approach is intended to enrich our understanding not only of Iranian nationalism, but also of nationalism everywhere.

Occult Aesthetics K.J. Donnelly.2014-02 *Occult Aesthetics: Synchronization in Sound Film* opens up an often-overlooked aspect of audiovisual culture which is crucial to the medium's powerful illusions. Author Kevin Donnelly contends that a film soundtrack's musical qualities can unlock the occult psychology joining sound and image, an effect both esoteric and easily destroyed.

Women and Politics in Iran: Veiling, Unveiling and Reveiling Hamideh Sedghi.2014-05-14 Why were urban women veiled in the early 1900s, unveiled from 1936 to 1979, and revealed after the 1979 revolution? This question forms the basis of Hamideh Sedghi's original and unprecedented contribution to politics and Middle Eastern studies. Using primary and secondary sources, Sedghi offers new knowledge on women's agency in relation to state power. In this rigorous analysis she places contention over women at the centre of the political struggle between secular and religious forces and demonstrates that control over women's identities, sexuality, and labor has been central to the consolidation of state power. Sedghi links politics and culture with economics to present an integrated analysis of the private and public lives of different classes of women and their modes of resistance to state power.

Black French Women and the Struggle for Equality, 1848-2016 Félix Germain, Silyane Larcher.2018-10 *Black French Women and the Struggle for Equality, 1848-2016* explores how black women in France itself, the French Caribbean, Gorée, Dakar, Rufisque, and Saint-Louis experienced and reacted to French colonialism and how gendered readings of colonization, decolonization, and social movements cast new light on the history of French colonization and of black France. In addition to delineating the powerful contributions of black French women in the struggle for equality, contributors also look at the experiences of African American women in Paris and in so doing integrate into colonial and postcolonial conversations the strategies black women have engaged in negotiating gender and race relations à la française. Drawing on research by scholars from different disciplinary backgrounds and countries, this collection offers a fresh, multidimensional perspective on race, class, and gender relations in France and its former colonies, exploring how black women have negotiated the boundaries of patriarchy and racism from their emancipation from slavery to the second decade of the twenty-first century.

Power and Change in Iran Daniel Brumberg, Farideh Farhi.2016-04-04 "By a wide margin, this book is the most sophisticated treatment of the internal dynamics and paradoxes of Iranian politics that I know of." —Nader Hashemi, Director of the Center for Middle East Studies This volume provides an unparalleled and timely look at political, social, economic, and ideological dynamics in contemporary Iran. Through chapters on social welfare and privatization, university education, the role and authority of the Supreme Leader, the rule of law, the evolving electoral system, and the intense debate over human rights within and outside the regime, the contributors offer a comprehensive overview of Iranian politics. Their case studies reveal a society whose multiple vectors of contestation, negotiation, and competition are creating possibilities for transformation that are yet to be realized but whose outcome will affect the Islamic Republic, the region, and relations with the United States. "Offers a realistic, nuanced, and perceptive analysis of Iran's complex and evolving political system . . . This book would be appropriate as required or recommended reading for any courses dealing with the Islamic Republic of Iran or with the politics of the Middle East, both at the undergraduate and graduate levels." —Mohsen Milani, author of *The Making of Iran's Islamic Revolution*

The Donkey's Gone! Omid Arabian.2022-01-11 A Rumi story turned into a fun, illustrated allegory for kids. The 13th century Sufi mystic, Islamic scholar, Persian poet and storyteller Rumi remains a towering cultural force, and possibly the most widely read poet in the world--especially on the subject of love. Here a simple tale about a donkey keeper staying at an inn becomes a parable for life lessons of joy and sorrow that will be universally understood by children in this adaptation by the Rumi scholar Omid Arabian, illustrated with great humor and authenticity by the Iranian-born artist Shilla Shakoori. *The Donkey's Gone* is based on a story from *The Masnavi*, which is an epic compilation of Rumi's wisdom in the form of poems and short stories. Adapted for children, it retains Rumi's wit and insight while also relating a cautionary tale about what we stand to lose when we imitate others and conform.

Majapahit Terracotta Soedarmadji J.H. Damais.2012-09-10 The Majapahit empire (13th to 16th century) was based in the contemporary regency of Mojokerta, East Java, Indonesia. Majapahit reached its peak during the reign of Rajasanagara, popularly known as Hayam Wuruk (1350-1389). Some of the brick structures of the ancient city, including gateways, temples and pools, can be still be seen today around the village of Trowulan in Mojokerto, reflecting the architecture that once defined the place. Besides stone statues and inscriptions, this mighty kingdom also left testimonies of everyday life in the form of terracotta artifacts. Not much is known about these artifacts, and what is known is complicated by the many fakes and replicas found in the antique markets. Some of them are in the shapes of humans, animals and mythological creatures. Their functions were diverse, ranging from architectural elements to garden furniture and household utensils. *Majapahit Terracotta* is a guide for collectors of Majapahit terracotta, to enable them to better distinguish authentic pieces from

fakes or replicas. It will provide readers with insight into the exciting variety of this little known art form, drawing upon selected items in the collection which the author has carefully assembled over the past thirty years.

Empathy in the Treatment of Trauma and PTSD John P. Wilson, Ph.D., Rhiannon Brywnn Thomas, Ph.D..2004-11-23 Empathy in the Treatment of Trauma and PTSD examines how professionals are psychologically impacted by their work with trauma clients. A national research study provides empirical evidence, documenting the struggle for professionals to maintain therapeutic equilibrium and empathic attunement with their trauma clients. Among the many important findings of this study, all participants reported being emotionally and psychologically affected by the work, often quite profoundly leading to changes in worldview, beliefs about the nature of humankind and the meaning of life. John P. Wilson and Rhiannon Thomas set out to understand how to heal those who experience empathic strain in the course of their professional specialization. The data included in the book allows for the development of conceptual dynamic models of effective management of empathic strain, which may cause vicarious traumatization, burnout and serious countertransference processes.

The Thousand and One Borders of Iran Fariba Adelkhah.2015-09-16 A country marked by controversy, Iran's social, cultural and political dynamics are too often reduced to a few misleading clichés. Islamism is widely considered to shape all social relations in Iranian society and, while Iranian society is indeed Islamic, this term's multiple meanings in everyday life and practices go far beyond the naïve and monolithic idea we are used to. The Thousand and One Borders of Iran analyses travel as a social practice, exploring how diasporas, margins and so-called peripheries are central in the construction of a national identity and thus revealing the complexities of Iranian history and society. Written by a leading anthropologist, it draws upon fieldwork carried out in Iran and Iranian migrant communities across Dubai, Tokyo and Los Angeles from 1998 to 2015. While casting new perspectives on the place of transnational relations in an increasingly globalized world, this work also sheds new light on the evolution of Iranian society, countering the explanation furnished by nationalist ideology that has been reproduced by the Islamic Republic itself. Its unique approach to the analysis of Iranian society through the theme of travel and borders considers the links and even the quarrels between the centre of Iranian society and the periphery, and the foreign elements that have contributed to society's development. Travel is key to these interactions and, following the travels of merchants and workers, students or the faithful, elected officials and experts, or exiles and refugees, this book offers an anthropological study of travel that re-thinks Iranian history and national identity. This book would be of interest to students and scholars of Iranian Studies, Middle Eastern Studies and Anthropology.

Global 1968 A. James McAdams, Anthony P. Monta.2021-06-01 Global 1968 is a unique study of the similarities and differences in the 1968 cultural revolutions in Europe and Latin America. The late 1960s was a time of revolutionary ferment throughout the world. Yet so much was in flux during these years that it is often difficult to make sense of the period. In this volume, distinguished historians, filmmakers, musicologists, literary scholars, and novelists address this challenge by exploring a specific issue—the extent to which the period that we associate with the year 1968 constituted a cultural revolution. They approach this topic by comparing the different manifestations of this transformational era in Europe and Latin America. The contributors show in vivid detail how new social mores, innovative forms of artistic expression, and cultural, religious, and political resistance were debated and tested on both sides of the Atlantic. In some cases, the desire to confront traditional beliefs and conventions had been percolating under the surface for years. Yet they also find that the impulse to overturn the status quo was fueled by the interplay of a host of factors that converged at the end of the 1960s and accelerated the transition from one generation to the next. These factors included new thinking about education and work, dramatic changes in the self-presentation of the Roman Catholic Church, government repression in both the Soviet Bloc and Latin America, and universal disillusionment with the United States. The contributors demonstrate that the short- and long-term effects of the cultural revolution of 1968 varied from country to country, but the period's defining legacy was a lasting shift in values, beliefs, lifestyles, and artistic sensibilities. Contributors: A. James McAdams, Volker Schlöndorff, Massimo De Giuseppe, Eric Drott, Eric Zolov, William Collins Donahue, Valeria Manzano, Timothy W. Ryback, Vania Markarian, Belinda Davis, J. Patrice McSherry, Michael Seidman, Willem Melching, Jaime M. Pensado, Patrick Barr-Melej, Carmen-Helena Téllez, Alonso Cueto, and Ignacio Walker.

O Pioneers! and My Antonia Willa Cather.2013-10 Two volumes in one. The history of every country begins in the heart of a man or a woman, writes Willa Cather. The country is America; the woman is Alexandra Bergson, a fiercely independent young Swedish immigrant who inherits her father's Nebraska farm. With strength, courage, and determination, Alexandra transforms her father's patch of prairie into a highly profitable business. A gripping saga of love, murder, greed, failure, and triumph, *O Pioneers!* vividly portrays the hardships of prairie life. Above all, it champions the belief that hard work is the surest road to personal fulfillment. Described in *The New York Times* as American in the best sense of the word, *O Pioneers!* celebrates the men and women who struggled to build a nation. *My Antonia*, first published in 1918, and set in Nebraska in the late 19th century, is the tale of the spirited daughter of a Bohemian immigrant family planning to farm on the untamed land. Her admirer, Jim Burden, is, at the time of their meeting, newly orphaned and arriving at his grandparents' neighboring farm on the same night her family strikes out to make good in their new country. Jim chooses the opening words of his recollections deliberately: I first heard of Antonia on what seemed to be an interminable journey across the great midland plain of North America, and it seems almost certain that readers of Cather's masterpiece will just as easily pinpoint the first time they heard of Antonia and her world. It seems equally certain that they, too, will remember that moment as one of great light in an otherwise unremarkable trip through the world.

Refashioning Iran M. Tavakoli-Targhi.2001-10-10 Mohamad Tavakoli-Targhi offers a corrective to recent works on Orientalism that focus solely on European scholarly productions without exploring the significance of native scholars and vernacular scholarship to the making of Oriental studies. He brings to light a wealth of eighteenth- and nineteenth-century Indo-Persian texts, made 'homeless' by subsequent nationalist histories and shows how they relate to Indo-Iranian modernity. In doing so, he argues for a radical rewriting of Iranian history with profound implications for Islamic debates on gender.
