Speak Malayalam in Ten Weeks John Kunnathu,Lissy John.2017-07-14 Speak Malayalam in Ten Weeks is a new book by John D. Kunnathu & Lissy John. This book helps the speakers of English to gain the basic skills of speaking, listening, reading and writing Malayalam. This book was created as a second part to their earlier work, Learn Basic Malayalam in Six weeks, which was found helpful by hundreds of people in the US and Europe. This book has ten lessons, which are built around ten children's songs, which have been sung by Yesudas, the well-known singer. The songs are based on the traditional popular animal fables. Thus the learners have the opportunity to learn Malayalam as presented through the voice of Yesudas. By the end of the ten lessons, a learner will be able to listen and understand Malayalam. The learner will also gain the ability to speak Malayalam. Our first book focused on the skills of reading and writing, but this one focuses on listening and speaking. This book makes use of the contemporary knowledge of the language and the contemporary ways of learning. Someone with a basic knowledge of the writing system of Malayalam can easily follow this book, and rise to a higher level. A reviewer, Andre Pleasant, wrote: Great helper for learning a new language.

Wonderful book! Another reviewer, Reba M, wrote: This book was a very thorough and helpful tool in helping me to learn how to speak Malayalam!

Fluent Forever Gabriel Wyner.2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Rapidex English Speaking Course (Telugu) EDITORIAL BOARD.2015-01-09 A legendary language learning course undoubtedly! Rapidex English Speaking Course is the only speaking course of its kind whose features can be described in superlative degree only. It has already benefited millions of readers across the country. Experts have unanimously declared it as the best self-study course. Perhaps that is the reason that for over 15 years it has constantly been on the top of the best sellers list in the market. What is the secret of its great popularity? Maybe, a no-nonsense down-to-earth approach and a very scientific methodology that takes into its account the special requirements of Indian learners. In any case it is not just another crash course that begins with a bang but ends with a whimper. Rather its contents and subject matters have been specially designed to help a common man achieve maximum command on the language in a very short time. The most important part of this self-study course is confidence building measures because it has been found from the long experience that biggest problem in the path of fluently speaking a foreign language is hesitation, that arises out of lack of confidence. Many people, who have good command over the language and are well aware of its grammar and composition, can't speak the language fluently. Why? The answer is simple. While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line. This creates not only confusion but utter chaos in their mind. As a result they feel great hesitation to speak simple sentences. In some cases, however, the problem is more complex, as they lack the basic knowledge of the English language. Rapidex English Speaking Course takes care of both the cases. So, what are you waiting for? Go ahead and discover the secret of fluency in English speaking. Explore and develop your hidden potential and face the world with a new-found confidence and smartness. Only the sky should be your limit. No matter which language you know or speak, be it Hindi, Marathi, Gujarati, Tamil, Telegu, Assami, Oriya, Kannad, Punjabi, Bengali, Nepali or Urdu, with the help of this book English will no more be a foreign language for you. A must for every Indian home. #v&spublishers
