Psychiatric Consultation in Long-Term Care Abhilash Desai, George Grossberg. 2017-08-11 Building on the first edition, *Psychiatric Consultation in Long-Term Care* has been fully revised and updated, integrating DSM-5 classification throughout. It delivers an essential resource for psychiatrists, neurologists, geriatricians, palliative care physicians, primary care physicians, nurse practitioners, pharmacists, and physician assistants involved in prevention, assessment, diagnosis, and management of neuropsychiatric disorders in long-term care (LTC) populations, as well as for nurses, social workers, and other professionals involved in important day-to-day care. The book provides comprehensive descriptions of practical, strengths-based, individualized, psychosocial, spiritual, and environmental approaches, and high-quality mental healthcare utilizing pharmacological interventions when appropriate to improve the emotional and spiritual well-being of LTC residents. It details key elements in creating genuine person-centered long-term care: the reduction of inappropriate medications and counter-therapeutic staff approaches, treating serious psychiatric disorders with evidence-based interventions, and a road-map for owners and administrators of LTC facilities.

Nursing Home Administration, Seventh Edition James E. Allen, PhD, MSPH, NHA, IP. 2015-11-04 Sixth Edition Named a 2013 Doody's Essential Purchase! A detailed road map of essential knowledge for obtaining licensure and employment as a nursing home administrator, the Seventh Edition of this classic text is updated to reflect the 2014 National Association of Boards of Examiners of Nursing Home Administrators (NAB) Domains of Practice. With more than 50 new topics, it comprehensively addresses all new regulations for managing a nursing facility along with a detailed overview of the skills and knowledge required to be a successful administrator. The Seventh Edition responds to the many changes that have recently occurred in the long-term care field. It provides a completely new Minimum Data Set 3.0 (MDS), 2015 Federal Requirements for Electronic Records, the new International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM), new Quality Measures, updated Instructions for Making Data as per the Centers for Medicare and Medicaid, the impacts of the Affordable Care Act (ACA), and several new federal regulations. The Seventh Edition clearly describes what nursing home managers do, how they think, and how they lead. It breaks down the art of management into its basic tasks—forecasting, planning, organizing, staffing, directing, controlling quality, innovating, and marketing—and examines them in depth. The text pinpoints all of the separate components of nursing home administration—management, human resources, team dynamics, conflict resolution, finance and business, industry laws and regulations, and patient care—and describes how they fit together to form the coordinated activity set required of a successful nursing home administrator. Abundant real-life case studies, chapter objectives, and critical thinking questions greatly enhance learning. Mastering this text will prepare students to take—and pass with a depth of understanding—the nationally required NAB examination. New to the Seventh Edition: 2014 updated NAB Domains of Practice: Management, Human Resources, Finance, Environment, and Resident Care Introduces over 50 new topics including team dynamics, conflict resolution, and basic principles of nursing and social work Vast changes wrought by new technology and patient data New information on safety and disaster preparedness Updates signs and symptoms of abuse, neglect, and exploitation Provides new technology vocabulary Reorganized for quick access to information A completely new Minimum Data Set 3.0 (MDS) 2015 Federal Requirements for Electronic Records International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM) New quality measures Impacts of the ACA on long-term care Updated tables and figures New federal regulations for quality of care approaches for residents with dementia; additional medication issues; infection control; residents' rights to establish advance directives; and defining unnecessary drugs Key Features: Provides in-depth coverage of all aspects of nursing home administration Includes current data on the field of long-term care Replete with real-life case studies, learning objectives, and critical thinking questions Formatted according to licensing examination and guidelines of the National Association of Boards of Examiners of Nursing Home Administrators Prepares students for the nationally required NAB exam Accompanying Instructor's Manual

This engaging eighth edition provides useful knowledge and up-to-date information to all those interested in long-term care management. --Doody's Review Service, 5 stars Now in its eighth edition, *Nursing Home Administration* remains the authoritative textbook detailing the nursing facility administrator role, what they do, how they think, and how they lead. By breaking down the art of administration into its basic, need-to-know tasks—forecasting, planning, organizing, staffing, directing, controlling quality, innovating, and marketing—this text provides the essential context for managing and leading nursing homes and skilled nursing facilities. Thoroughly updated to include the four domains of practice as put forth by the National Association of Long-Term Care Administrator Boards (NAB) for 2022 licensure examination and beyond, this textbook is complete with essential context for the domains and associated competencies to better prepare students for the required NAB examination. With revised sections addressing new federal regulations and laws affecting the field, best practices in residential care, and refreshed examples and cases, this text continues to set students up for success in working as a nursing facility administrator. Updated sections address changes within the residential care continuum, provide further information on patient-driven payment models and value-based care, and inform current practices for marketing and controlling quality within the long-term care facility. Chapter boxes reflect common pitfalls in practice while real-life case studies and critical thinking exercises, including a What Do I Do Now? section that concludes all chapters, encourage students to consider challenges they may experience in the field. In addition to updated domains of practice—care, services, and supports; operations; environmental and quality; and leadership and strategy—the book describes how core components fit together. New to the Eighth Edition: Includes the updated 2022 domains of practice as they relate to the licensing examination standards of the National Association of Long-Term Care Administrator Boards (NAB) Replete with information on new federal laws, requirements, and regulations including links to important resources such as the Minimum Data Set 3.0 Provides insight into the impact the COVID-19 pandemic has and will create for managing a long-term care facility Introduces Common Pitfalls in Practice sections and What Do I Do Now? boxes in each chapter,

designed to spark critical thinking and discussion Updated figures, tables, and references throughout Key Features: Provides an in-depth discussion of nursing facility administration Utilizes current data of nursing facility administration and skilled nursing care within the context of the larger long-term care field Case studies throughout the textbook address real-world situations and experiences for administrators and managers in nursing facility administration and skilled nursing care Purchase includes digital access for use on most mobile devices or computers Qualified Instructors can gain access to the book's accompanying Instructor's Manual

Cut Through the Noise Kojo Pobe.2013-05-15 What comes to mind when you hear the words "nursing home"? Probably nothing positive, particularly if you're not familiar with nursing homes as they exist today. But given the aging of the baby boomer generation, chances are that you, someone in your family, or someone you know will become a nursing home resident soon. The good news? Nursing homes are better than ever. They strive to provide a high quality of life for their residents, and there is a wide range of facility choices and levels of care. But how do you cut through the noise and find the right fit for you or your spouse, Mom, Dad, or other Senior family member? By educating and empowering yourself with the latest insider information. Kojo Pobe, MD, a board-certified geriatrician and Certified Medical Director works in the trenches as a nursing home doctor. He wrote this book to address the negativity and misinformation about nursing homes—to cut to the truth. In *Cut Through the Noise*, you'll learn: • Who needs nursing home care and when. • What to look for in a nursing home. • What rights every resident has. • How to pay for nursing home care. • Who's who on the nursing home staff. • Where to find unbiased information. • How you or your loved one can adjust well . . . and quickly! • And more, much more. The power of information brings peace of mind to any difficult situation. Armed with this insider's look at nursing home care, you can rapidly become an effective advocate for yourself or your family member.

Linking Quality of Long-Term Care and Quality of Life Linda S. Noelker, PhD,Zev Harel, PhD.2000-11-30 This book grapples with some of the most significant issues in long-term care today--that is, becoming more explicit about what should be meant by terms like 'quality of care' and 'quality of Life.' --Rosalie A. Kane, DSW, University of Minnesota A major resource for all concerned about improving the future for the long-term handicapped. --Robert Morris, DSW This volume will strengthen our understanding of the relationship between providing care to the elderly and improving their quality of life. The contributors examine areas where systems can be improved from design to delivery. Specific topics include: enhancement of the self, efforts of regulatory and accrediting bodies to improve care, methods for evaluating quality, and implementing a holistic approach to care, among others. This book remains essential reading for professionals involved in long term care including assisted living and nursing home administrators, gerontologists, geriatricians, geriatric nurses, and social workers.
