Scribal Practice and the Global Cultures of Colophons, 1400–1800

Christopher D. Bahl, Stefan Hanß. 2022-06-09 “This is a tour de force of sophisticated global erudition.” —Filippo de Vivo, University of Oxford, UK “In its wide global range and rich variety of studies, this expertly edited volume provides an unprecedented view into the scribal practices of diverse cultural traditions in the early modern period.” —Johanna Drucker, University of California, Los Angeles, USA “This volume finally gives the colophon the place it deserves. We see scribes and printers at work in Thailand, the Deccan, Delhi, Damascus, Antwerp, and Timbuktu.” —Konrad Hirschler, University of Hamburg, Germany “In this cross-disciplinary endeavor, ten authors tell lively and exciting stories of historical scribal practices.” —Verena Klemm, University of Leipzig, Germany This book is the first to chart the global diversity of colophons between 1400 and 1800. The volume presents a new approach to scribal cultures that expands traditional definitions. Moving from the paradigm of codicological information towards a thorough interpretation of the wider social worlds of colophons in Africa, Asia, Europe, and North America, this volume uncovers the fascinating cultural history of early modern scribes. Chapters examine how those engaging in the composition and distribution of colophons shaped scribal identities, group cultures and bookish communities in a world in which manuscripts mattered. Authors build on approaches from anthropology, cultural studies, codicology, history, and philology to offer a new conceptual framework that studies colophons as scribal practices embedded in their changing social and cultural worlds. As a new contribution to the history of the book, this volume’s global approach pushes the boundaries of what constitutes a colophon.

Nai Luang Beloved King of Thailand Tenzin Dawa.2011-07-06

His Majesty King Bhumibol Adulyadej - King of Thailand - is divinely revered by his people. Still, during His Majesty's long reign of 65 years [as of 2011], the King has seen over 15 military coups, 16 constitutions, and 28 changes of prime ministers. The King has also used his influence to stop military coups, among others, including attempts in 1981 and 1985. It has often been said that the independence and integrity of Thailand is assured by three unifying factors: its people's carefree disposition, the tolerant Buddhist Religion, and the Thai Throne. For seven centuries Thailand has successfully survived as an independent country while countries all around in Southeast Asia disintegrated or fell victim of colonialist powers. For that reason, no Thai would now deny that as these unique and sacred institutions survive and flourish, so the Thai nation will also survive and flourish. Without either one of them, no one could foresee what Thailand would be like King Bhumibol Adulyadej, Queen Sirikit, and the Heir-apparent are legally considered inviolable and criticism can result in three to fifteen years imprisonment; although the King said in his 2005 birthday speech that he would not be offended by lese majeste, since the King is human.

Environmental and Climate Change in South and Southeast

Asia .2014-08-07 Environmental and Climate Change in South and Southeast Asia offers a cultural studies' perspective on how local cultures cope with climate changes and environmental crises. The focus is on Hindu India, Islamic Indonesia, Buddhist Thailand, and Himalayan glaciers.

Pan-Asian Sports and the Emergence of Modern Asia, 1913-1974

Stefan Huebner.2016-05-11 The history of regional sporting events in 20th- century Asia yields insights into Western and Asian perspectives on what defines modern Asia, and can be read as a staging of power relations in Asia and between Asia and the West. The Far Eastern Championship Games began in 1913, and were succeeded after the Pacific War by the Asian Games.

Missionary groups and colonial administrations viewed sporting success not only as a triumph of physical strength and endurance but also of moral education and social reform. Sporting competitions were to shape a new Asian man and later a new Asian woman by promoting internationalism, egalitarianism and economic progress, all serving to direct a “rising” Asia toward modernity. Over time, exactly what constituted a “rising” Asia underwent remarkable changes, ranging from the YMCA’s promotion of muscular Christianity, democratization, and the social gospel in the US-colonized Philippines to Iranian visions of recreating the Great Persian Empire. Based on a vast range of archival materials and spanning 60 years and 3 continents, *Pan-Asian Sports and the Emergence of Modern Asia* shows how pan-Asian sporting events helped shape anti-colonial sentiments, Asian nationalisms, and pan-Asian aspirations in places as diverse as Japan and Iran, and across the span of countries lying between them.

In the Land of Lady White Blood Lorraine Gesick.2018-05-31 An examination—through manuscripts preserved from the seventeenth century to the present—of the historical sensibilities and mindset of rural southern Thailand.

Lords of Life .2020-04-15 Thai history classic Both scholarly & highly readable Richly illustrated Rare archival images HRH Prince Chula Chakrabongse, well known in his lifetime as an author and broadcaster, was in a uniquely favorable position for writing the history of the Royal House of Chakri, the current Thai royal dynasty. He had access to unpublished royal letters, archives and documents of all kinds and, as a grandson of King Chulalongkorn, he had personal knowledge of many of the leading figures in his story. Therefore he was able to give an authoritative and quite fascinating account of the monarchs who were the absolute rulers of Siam for 150 years, who re-established Thai culture and the Buddhist religion after the fall of Ayutthaya and, through skilful diplomacy, preserved Siamese autonomy at a time when her neighbours were giving way before the spread of Western imperialism. Fifty years after it was first published, this revised edition preserves Prince Chula's text in its entirety, but has a new foreword by B. J. Terwiel, footnotes explaining developments in Thai historiography and a wealth of archive photographs. Text in Thai.

Kleine Geschichte Thailand Volker Grabowsky.2010

The Lost Territories Shane Strate.2015 It is a cherished belief among Thai people that their country was never colonized. Yet politicians, scholars, and other media figures chronically inveigh against Western colonialism and the imperialist theft of Thai territory. Thai historians insist that the country adapted to the Western-dominated world order more successfully than other Southeast Asian kingdoms and celebrate their proud history of independence. But many Thai leaders view the West as a threat

Downloaded from
[gws.ala.org](https://www.gws.ala.org) on

and portray Thailand as a victim. Clearly Thailand's relationship with the West is ambivalent. The *Lost Territories* explores this conundrum by examining two important and contrasting strands of Thai historiography: the well-known Royal-Nationalist ideology, which celebrates Thailand's long history of uninterrupted independence; and what the author terms National Humiliation discourse, its mirror image. Shane Strate examines the origins and consequences of National Humiliation discourse, showing how the modern Thai state has used the idea of national humiliation to sponsor a form of anti-Western nationalism. Unlike triumphalist Royal-Nationalist narratives, National Humiliation history depicts Thailand as a victim of Western imperialist bullying. Focusing on key themes such as extraterritoriality, trade imbalances, and territorial loss, National Humiliation history maintains that the West impeded Thailand's development even while professing its support and cooperation. Although the state remains the hero in this narrative, it is a tragic heroism defined by suffering and foreign oppression. Through his insightful analysis of state and media sources, Strate demonstrates how Thai politicians have deployed National Humiliation imagery in support of ethnic chauvinism and military expansion. He shows how the discourse became the ideological foundation of Thailand's irredentist strategy, the state's anti-Catholic campaign, and its acceptance of pan-Asianism during World War II; and how the state as victim narrative has been used by politicians to redefine Thai identity and elevate the military into the role of national savior. The *Lost Territories* will be of particular interest to historians and political scientists for the light it sheds on many episodes of Thai foreign policy, including the contemporary dispute over Preah Vihear. The book's analysis of the manipulation of historical memory will interest academics exploring similar phenomena worldwide--The publisher.

The Role of Religions in the European Perception of Insular and Mainland Southeast Asia Monika Arnez,Jürgen

Sarnowsky.2016-08-17 For people nowadays, the constant exchange of people, goods and ideas and their interaction across wide distances are a part of everyday life. However, such encounters and interregional links are by no means only a recent phenomenon, although the forms they have taken in the course of history have varied. It goes without saying that travel to distant regions was spurred by various interests, first and foremost economic and imperialist policies, which reached an initial climax around 1500 with the European expansion to the Americas and into the Indian Ocean. The motivations of European travellers for venturing to the regions of maritime and mainland Southeast Asia, which are the focus of the studies presented here, were manifold, ranging from the pursuit of power, commercial exploitation, intellectual curiosity and the aspiration to proselytize among indigenous people. This book adds to existing knowledge on travel, travel experiences and travel writing by Europeans in mainland and insular Southeast Asia from the 16th to the 21st century, based on specific case studies. Moreover, it demonstrates how Europeans perceived religion in the region presently known as Southeast Asia. Working on the assumption that many of the European traders, seafarers, explorers and administrators arriving in Southeast Asia came as Christians, convinced of the superiority of their religion, the contributors to this volume analyse their encounters with Muslims, who had been

Downloaded from
[gws.ala.org](https://www.gws.ala.org) on

their long-standing enemies in the Mediterranean, and with Hindus, Buddhists, and adherents of local religions. They involve themselves closely with the travelogues and the role of religions therein, and, in doing so, reveal the ways in which religion influenced the travellers' understanding of societies in maritime and mainland Southeast Asia. The volume explores a number of questions, including: How did European travellers perceive religion in different regions of Southeast Asia in different historical periods? How did the administrators, the missionaries, the natural historians and the explorers position themselves vis-à-vis Islam and Buddhism on Java and in Siam? And what do travel accounts tell us about the way Southeast Asian people perceived the Europeans?

The History of Thailand Patit Paban Mishra.2010

A History of Thailand Chris Baker,Pasuk Phongpaichit.2014-05-30

A History of Thailand offers a lively and accessible account of Thailand's political, economic, social and cultural history. This book explores how a world of mandarin nobles and unfree peasants was transformed and examines how the monarchy managed the foundation of a new nation-state at the turn of the twentieth century. The authors capture the clashes between various groups in their attempts to take control of the nation-state in the twentieth century. They track Thailand's economic changes through an economic boom, globalisation and the evolution of mass society. This edition sheds light on Thailand's recent political, social and economic developments, covering the coup of 2006, the violent street politics of May 2010, and the landmark election of 2011 and its aftermath. It shows how in Thailand today, the monarchy, the military, business and new mass movements are players in a complex conflict over the nature and future of the country's democracy.

King Naresuan the Great Robert Smith.2015-08-28 King Naresuan the Great is rightly regarded by the people of Thailand as their national hero. Born in provincial Phitsanulok on the

northern border of the Kingdom of Ayutthaya, he lived through one of the most turbulent times in South-East Asian history. King Naresuan led his country from being subjugated as a vassal state of the Toungoo Empire to one that declared independence and fought to remain free. In declaring independence King Naresuan established the Kingdom of Ayutthaya, the foundation of modern day Thailand. Taken to Hongsawadee (modern day Burma) as a hostage, Prince Naret (the young King Naresuan) grew up under the watchful eye of King Bayinnaung, The Conqueror of Ten Directions. The Toungoo Empire reached its peak under King Bayinnaung and encompassed all of modern day Burma, Thailand, Laos and reaching as far north as the Chinese border of the Ming dynasty. The novel follows Prince Naret through his early years, his return from Hongsawadee and his actions in freeing Ayutthaya from under the yoke of the Burmese until his death on campaign in 1605. The history of this epic period of South-East Asian history is little known outside the region. Armies of a million men, the impact of the Europeans, shifting alliances and personal feuds all enliven the story. The novel blends historical accuracy with the life and the legend of King Naresuan the Great and endeavors to put the tumultuous events of the period in context.

Thailand: History, Politics and the Rule of Law James

Wise. 2019-04-15 This introductory book on Thai politics and the rule of law explains why chronically unstable Thailand struggles to mediate and adjudicate its political disputes. It focuses on the continuities between the pre-1932 and post-1932 periods. Since the shift to constitutional monarchy in 1932, the power of the monarch and military has endured, the legislature, electorate and, until recently, judiciary have been comparatively powerless, and constitutions and laws have been comparatively unimportant. Historical continuities are also evident in the persistence of hierarchical thinking and ethno-nationalism, both of which have inhibited open debates about governance. And the rule of law

*Downloaded from
gws.ala.org on*

does not always apply, owing to different principles underlying western and traditional Siamese law and the emergence of a distinctively Thai legal culture and consciousness. Thailand's governance was re-cast ambitiously in the 1890s, 1932 and 1997. Since 1997, governing Thailand and developing Thailand's economy have become harder. So political disputes have become more acute and the absence of a national consensus on dispute settlement mechanisms more obvious. Until governance is again re-cast, Thailand's political instability and cycle of coups will continue.

Thailand, the New Siam Virginia Thompson.1941 From the John Holmes Library collection.

Thailand's Political History B. J. Terwiel.2005 Thailand's Political History discusses developments in the Siamese state during the past two-and-a-half centuries. The fall of the old capital Ayutthaya provides the opening scene while the book ends with the massive investments in a modern infrastructure and the concomitant economic expansion at the close of the 20th century. Among the topics discussed are taxation foreign trade and Chinese immigration. Three periods of crisis are dealt with in some detail: the confrontation with France in 1893, the military coup of 1932 and its aftermath and Thailand's role during World War II. The author draws mainly upon contemporary sources, some of them hitherto overlooked, which lead him to bring forward fresh insights into Thailand's history during the past 250 years.--BOOK JACKET.

Richter, Markus Fiedler. 2013 Thailand: ein geographischer Reiseführer Dieses Buch ist mehr als ein gewöhnlicher Reiseführer, der nur die schönen Seiten eines Landes beschreibt. Dieses Buch zeigt die faszinierenden, traurigen, interessanten und lehrreichen Seiten Thailands. Zunächst werden die natürlichen Faktoren ausführlich erklärt: Geologie, Geomorphologie, Wetter und Klima, Vegetation usw. Die nächsten Kapitel befassen sich u. a. mit der Bevölkerung, der Landwirtschaft, dem politischen System, der Kultur, den Gründen und Auswirkungen der Prostitution, den Verbindungen zu Deutschland oder dem Tourismus. Mit Hilfe von regionalen Beispielen werden die geographischen Phänomene erklärt und vertieft. Kurze Interviews mit Thailändern lassen das Besprochene lebendig werden. Exkursionsvorschläge runden das Portrait eines faszinierendes Landes ab. Dieses Buch ist etwas von allem für jeden: Reiseführer, Urlaubslektüre, Landeskunde, Fachbuch. Es ist nicht vollgestopft mit unverständlichen Fachausdrücken sondern klar und verständlich geschrieben. Sachinformationen verbinden sich mit Einblicken in den thailändischen Alltag. Das Buch will Erinnerungen wecken, Lust auf zukünftige Reisen machen und vor allem Verständnis für das Land des Lächelns entwickeln. **Kleine Geschichte Thailand
Introduction**

In today's digital age, the availability of Kleine Geschichte Thailand books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Kleine Geschichte Thailand books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Kleine Geschichte Thailand books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Kleine Geschichte Thailand versions,

*Downloaded from
gws.ala.org on*

you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Kleine Geschichte Thailand books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics.

Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Kleine Geschichte Thailand books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Kleine Geschichte Thailand books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also

*Downloaded from
gws.ala.org on*

2020-12-26 by guest

allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Kleine Geschichte Thailand's books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like

Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Kleine Geschichte Thailand's books and manuals for download and embark on your journey of knowledge?

FAQs About Kleine Geschichte Thailand's Books
