Rome After Rome Joel Sternfeld.2019-04 In his 1992 book Campagna Romana. The Countryside of Ancient Rome Joel Sternfeld focused on the ruins of grand structures with a clear warning: great

civilizations fall, ours may too. Now in Rome after Rome, containing images from the previous book as well as numerous unpublished pictures, Sternfeld's questions multiply: who are these modern Romans? What is their relationship to the splendor that was? What is the nature of sullied modernity in relation to the Arcadian ideal? Is there, at this late moment, any chance for Utopia? The Campagna, the countryside south and east of Rome occupies a special place in Roman--and human history. With the rise of Ancient Rome, this once polluted, malarial landscape was restored by emperors and thrived with some 20 towns and numerous wealthy villas on the rolling plains among the mighty aqueducts that fed water to Rome. After the city fell, the Campagna once again became desolate and dangerous. The gloomy tombs, broken homes and aqueducts sat in a kind of no man's land for over 1,000 years. To this landscape came the painters: Dürer, Lorrain, Poussin, and later, Corot, Turner, and Americans such as Thomas Cole. In the ruins they sought the origins of Rome's greatness and the meaning of her fall. Later they depicted a place where Roman gods cavorted and mankind lived in a golden age, an Arcadia. Central Rome was rebuilt with Baroque apartments hiding the past: in the Campagna the past was visible and all imaginings possible. Sternfeld juxtaposes the ruins of a powerful, ancient civilization with the new construction and the debris of our own time. Avoiding obvious contrasts, eschewing heavy-handed irony, this contemporary artist draws our attention to both despoliation and lasting beauty; he suggests many reasons for despair, yet he also has something to say about the nobility of the human spirit. Theodore E. Stebbins Jr. Frontier Tibet Stephane Gros.2019-12-06 Frontier Tibet addresses a historical sequence that sealed the future of the Sino-Tibetan borderlands. It considers how starting in the late nineteenth century imperial formations and emerging nation-states developed competing schemes of integration and debated about where the border between China and Tibet should be. It also ponders the ways in

which this border is internalised today, creating within the People's Republic of China a space that retains some characteristics of a historical frontier. The region of eastern Tibet called Kham, the focus of this volume, is a productive lens through which processes of place-making and frontier dynamics can be analysed. Using historical records and ethnography, the authors challenge purely externalist approaches to convey a sense of Kham's own centrality and the agency of the actors involved. They contribute to a history from below that is relevant to the history of China and Tibet, and of comparative value for borderland studies.

The Survival of the Jesuits in the Low Countries, 1773-1850 Leo Kenis, Marc

Lindeijer.2019-12-20 How the Jesuits re-emerged after forty years of suppression In 1773, Pope Clement XIV suppressed the Society of Jesus. For the 823 Jesuits living in the Low Countries, it meant the end of their institutional religious life. In the Austrian Netherlands, the Jesuits were put under strict surveillance, but in the Dutch Republic they were able to continue their missionary work. It is this regional contrast and the opportunities it offered for the Order to survive that make the Low Countries an exceptional and interesting case in Jesuit history. Just as in White Russia, former Jesuits and new Jesuits in the Low Countries prepared for the restoration of the Order, with the help of other religious, priests, and lay benefactors. In 1814, eight days before the restoration of the Society by Pope Pius VII, the novitiate near Ghent opened with eleven candidates from all over the United Netherlands. Barely twenty years later, the Order in the Low Countries - by then counting one hundred members - formed an independent Belgian Province. A separate Dutch Province followed in 1850. Obviously, the reestablishment, with new churches and new colleges, carried a heavy survival burden: in the face of their old enemies and the black legends they revived, the Jesuits had to retrieve their true identity, which had been suppressed for forty years.

Limes, Economy and Society in the Lower Danubian Roman Provinces Lucrețiu Mihăilescu-Bîrliba. 2019 This book presents the proceedings of a conference held by the 'Alexandru Ioan Cuza' University of Iasi in November 2017. Scholars from Iasi, Bucharest and Cluj-Napoca gathered to present not only the recent results of their work, but to discuss in which ways the river frontier has

influenced economic, social and religious interchange. Roman frontiers have been studied with an emphasis on multiple intercultural dimensions. Scholarship has focused mainly on the political situation (the emergence of Roman domination and administration in the provinces), the economy (trade and traffic between Romans and Barbarians), military issues (the role of the army as a peacekeeper and as a bearer of cultures) and religious aspects (mutual impact of religious habits), etc. This volume aims to broaden the perspective on Roman riverine frontiers. The studies presented here, focusing on the provinces Dacia and Moesia inferior, investigate how rivers enhance or hamper connectivity on frontiers and thus shape riparian areas as multifunctional spaces with different functions. The present volume therefore proposes several steps to expand our understanding of riverine settings in border regions of Roman rule. These riverine border regions are characterised by a significant presence of the Roman military, extensive economic activity and religious interchange.

Puss in Boots Ludwig Tieck. 1919 Puss in Boots is a children's fairy-tale that is as old as time. It was first written by the French fabulist, Charles Perrault; it is the story about the third and youngest son of a miller who receives two boots as his inheritance—and that son is, strangely, a cat.

Determined to make his master a fortune, the cat bags a rabbit and gives it to the king as a gift from his master. The cat continues to make games and present the king with gifts throughout the whole story. This version was written by German playwright Ludwig Tieck in 1797. Some scholars say that this German adaptation was a precursor of the Theatre of the Absurd. It contains some annotations.

Basquiat by Himself Dieter Buchhart, Anna Karina Hofbauer. 2019 Jean-Michel Basquiat's self-portraits are regarded as being among the most important of his radical creative works. In addition to some 50 specific portraits of himself, we can also see his series of likenesses of African-American men as concealed reproductions of the artist. Not least because Basquiat, who was affected himself by everyday racism, identified with his heroes, saints and martyrs as he portrayed them. Thus his major topics from identity, discrimination and prejudice to capitalism, the market and oppression are all to be found in these key works.

Fun Learning Activities for Modern Foreign Languages Jake Hunton. 2014-03-26 Students learning modern foreign languages often comment that it is just too hard to learn, and remember, all of vocabulary presented to them. Yes, there is a lot of content that needs to be covered, and a lot of vocabulary that needs to be learned. But there is a way of making this process engaging and motivating. Language lessons needn't be full of grammar worksheets, endless drilling and rote learning lists of vocabulary. Learning languages isn't always fun and games. But these aren't games; they are fun learning activities. And they can help revolutionise language teaching; enabling teachers to authoritatively impart knowledge while fostering a thirst for knowledge and love of learning in their students. First, the Vocab Fun Learning Activities (VFLAs) learn the vocabulary in ways which will improve recognition and recall. Then, the Fun Learning Activities use this vocabulary knowledge to build sentences and paragraphs; explore and use this language while keeping the whole class engaged and actively learning. The activities are designed to encourage all students to participate and learn more through enjoyment. Based on the author's extensive classroom experience, and underpinned by research into how students learn best, each activity comes complete with a detailed explanation and plenty of ideas for variations, differentiations and

extensions. The activities come with example vocabulary lists in French, German and Spanish as a starting point, which are all available for download via a link provided in the book. However, the activities will work effectively in any language and with any vocabulary list of the teacher's choosing, and can be adapted to suit every topic, learning objective and age range. Discover ready to use activities which will make for outstanding lessons in every class and ensure engagement, motivation, rapport, progress and attainment over time.

The topic of criminal responsibility exemplifies this relationship and several authors analyze specific elements of criminal responsibility in light of insights from the cognitive sciences.

Aberrant Nuptials Paulo de Assis, Paolo Giudici .2019-12-11 Unique focus on the relation between artistic research and the philosophy of Gilles Deleuze *Aberrant Nuptials* explores the diversity and richness of the interactions between artistic research and Deleuze studies. “Aberrant nuptials” is the expression Gilles Deleuze uses to refer to productive encounters between systems characterised by fundamental difference. More than imitation, representation, or reproduction, these encounters foster creative flows of energy, generating new material configurations and intensive experiences. Within different understandings of artistic research, the contributors to this book—architects, composers, film-makers, painters, performers, philosophers, sculptors, and writers—map current practices at the intersection between music, art, and philosophy, contributing to an expansion of horizons and methodologies. Written by established Deleuze scholars who have been working on interferences between art and philosophy, and by musicians and artists who have been reflecting

Deleuzian and Post-Deleuzian discourses in their artworks, this volume reflects the current relevance of artistic research and Deleuze studies for the arts.

Artists' Letters Michael Bird.2019-10-22 *Artists' Letters* is a treasure trove of carefully selected letters written by great artists, providing the reader with a unique insight into their characters and a glimpse into their lives. Arranged thematically, it includes writings and musings on love, work, daily life, money, travel and the creative process. On the theme of friendship, for example, letters provide evidence of a creative community between peers, with support and mutual appreciation that helps to dispel the myth of the artist as solitary genius. Letters between Vincent van Gogh and Paul Gauguin

show an ongoing conversation and exchange of ideas. We see mutual admiration between Claude Monet and Berthe Morisot, and Picasso's quick notes to Jean Cocteau illustrate their closeness. Correspondence, some of which includes sketches and drawings, is reproduced with the transcript and some background and contextual information alongside. The book brings together a collection of treasures found in letters, which in our digital age are an increasingly lost art.

Initiation and Mystagogy in Thomas Aquinas Henk J. M. Schoot, Jacco Verburgt, Jörgen Vijgen.2019 On what grounds could Aquinas's interpretation of Isaiah be called mystagogical? How does he account for growth in faith? What is Aquinas's conception of teaching? What does he say on the mystagogy of the Holy Spirit? Can Aquinas help us understand the concept of *sensus fidei*? What is the relationship between Aquinas and Pseudo-Dionysius concerning mystical theology? How about baptism? How about moral transformation? What can we say about the preaching of Aquinas? These and other questions were discussed at the sixth international conference of the Thomas Instituut te Utrecht (Tilburg University), held in December 2018 in Utrecht. The conference was devoted to the theme of Initiation and Mystagogy in Thomas Aquinas, a surprising and challenging theme. A number of studies presented at this conference are gathered together here in this volume. The essays address a wide array of subjects and attest to a variety of perspectives, because of which the volume is divided into four parts: (I) Scriptural, (II) Systematic, (III) Sacramental and Moral, and (IV) Pastoral perspectives.
