The Jib Door Marlen Haushofer.1998 In this novel the protagonist struggles with almost solipsistic isolation, alternating with a delight in solitude and routine. In narrative form punctuated by diary entries, the author describes in plain, almost prosaic detail these struggles and the ultimately futile attempt Annette makes to escape their cycle. To read Haushofer well requires and enables courage, for her realities are banal and cold, her consolations bleak, hardworn -- and paradoxical, but one is left with a vital sense of affirmation.

A note sellotaped to the inside of the jumble-shop window: COMPASSIONATE & TOLERANT OWNER. A PERSON WITHOUT OTHER PETS & WITHOUT CHILDREN UNDER FOUR. A misfit man finds a misfit dog. Ray, aged

fifty-seven, 'too old for starting over, too young for giving up', and One Eye, a vicious little bugger, smaller than expected, a good ratter. Both are accustomed to being alone, unloved, outcast - but they quickly find in each other a strange companionship of sorts. As spring turns to summer, their relationship grows and intensifies, until a savage act forces them to abandon the precarious life they'd established, and take to the road. *Spill Simmer Falter Wither* is a wholly different kind of love story: a devastating portrait of loneliness, loss and friendship, and of the scars that are more than skin-deep. Written with tremendous empathy and insight, in lyrical language that surprises and delights, this is an extraordinary and heartbreaking debut by a major new talent

Essays on European Literature Ernst Robert Curtius. 2015-03-08 Although the reputation of the great German scholar Ernst Robert Curtius was firmly established for English and American readers by the translation of *European Literature and the Latin Middle Ages*, much of his work is still unknown to them. These twenty-four essays, written over a period of nearly thirty years, range widely in time and scope and consider some of the greatest figures in European literature, among them Virgil, Goethe, Balzac, Joyce, Eliot, Ortega y Gasset, and Hesse. The essays show the qualities that made Curtius one of the great critics of our age: his lucid, penetrating mind, his comprehensive erudition, his cosmopolitan outlook, and above all his passionate concern for European culture. Like T. S. Eliot, the subject of one of his finest essays, Curtius believed in an ideal order, a cultural unity of the West. The unifying element in all these essays is a concern to insure the conservation and continuance of European humanistic culture. For him this culture consisted of the literary heritage of Greece and Rome, developed and enriched by the Christian civilization of the Middle Ages. Consequently he selected for discussion those poets and writers who have been conscious of the unity of these two European currents and who have striven to maintain it in our time. As he ranged freely through the

languages and literatures of all Western cultures, Curtius himself did much to preserve this tradition, to demonstrate its relevance, and insure its continuity. Originally published in 1973. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. Manifesto of New Realism Maurizio Ferraris. 2014-12-01 Retraces the history of postmodern philosophy and proposes solutions to overcome its impasses. Philosophical realism has taken a number of different forms, each applied to different topics and set against different forms of idealism and subjectivism. Maurizio Ferraris's Manifesto of New Realism takes aim at postmodernism and hermeneutics, arguing against their emphasis on reality as constructed and interpreted. While acknowledging the value of these criticisms of traditional, dogmatic realism, Ferraris insists that the insights of postmodernism have reached a dead end. Calling for the discipline to turn its focus back to truth and the external world, Ferraris's manifesto—which sparked lively debate in Italy and beyond—offers a wiser realism with social and political relevance. Maurizio Ferraris is Full Professor of Philosophy and Director of the Laboratory for Ontology at the University of Turin, Italy. His books include *Goodbye, Kant! What Still Stands of the Critique of Pure Reason*, also published by SUNY Press. Sarah De Sanctis is a PhD candidate in contemporary forms of realism in literature and philosophy at the London Graduate School and a translator for the Department of Philosophy at the University of Turin.

Unformed Landscape Peter Stamm.2010-02-23 Unformed Landscape begins in a small village on a fjord in the Finnmark, on the northeastern coast of Norway, where the borders between Norway, Sweden, Finland, and Russia lie covered in snow and darkness, where the real borders are between day and night, summer and winter, and between people. Here, a sensitive young woman like Kathrine finds few outlets for her desires. Half Norwegian, half Sami (an indigenous people), Kathrine works for the customs office inspecting the fishing boats arriving regularly in the harbor. She is in her late 20s, has a son from an early marriage, and has drifted into a second loveless marriage to a man whose cold and dominating conventionality forms a bold stroke through the unformed landscape of her life. After she makes a discovery about her husband that deeply wounds her, Kathrine cuts loose from her moorings and her confusion and sets off in search of herself. Her journey begins aboard a ship headed south, taking her below the Arctic Circle for the first time in her life. Kathrine makes her way to France and has the bittersweet experience of a love affair that flares and dies quickly, her starved senses rewarded by the shimmering beauty of Paris. Through a series of poignant encounters, Kathrine is led to the richer life she was meant to have and is brave enough to claim. Using simple words strung together in a melodic alphabet, Peter Stamm introduces us, through a series of intimate sketches, to the heart of an unforgettable woman. Her story speaks eloquently about solitude, the fragility of love, lost illusions, and self-discovery. From the Trade Paperback edition.

The Loyalties Delphine de Vigan.2020-07-21 Adults are as lost as the children they should be protecting, as the lives of four people trapped in a conspiracy of silence hurtle toward a desperate and devastating act. Twelve-year-old Théo and his friend Mathis have a secret. Their teacher, Hélène, suspects something is not right with Théo and becomes obsessed with rescuing him, casting

aside her professionalism to the point of no return. Cécile, mother of Mathis, discovers something horrifying on her husband's computer that makes her question whether she has ever truly known him. Respectable facades are peeled away as the lives of these four characters collide, moving rapidly toward a shocking conclusion. Delphine de Vigan has crafted a lean, darkly gripping, and compulsively readable novel about lies, loneliness, and loyalties.

The Thinking Body Mabel Todd.2020-08 Mabel Todd's *The Thinking Body* (1937) still stands today as a classic study of human anatomy and kinesiology that introduces many of the founding principles of somatic movement education. TBI Media offers a Special Edition of the book which replicates the style of the original cover, typography and drawings and provides an updated index.

In Strange Gardens and Other Stories Peter Stamm.2010-02-23 With the precision of a surgeon, Peter Stamm cuts to the heart of the fragile and revealing moments of everyday life. They are bankers, students, mothers, or retirees. They live in New York City or somewhere in Switzerland, they work in London or Riga, they cross paths in a Fado bar in Lisbon. They breathe the banal routine of daily life. It is to these ordinary people that Peter Stamm grants center stage in his latest collection of short stories. Henry, a cowherd turned stuntman, crisscrosses the country, dreaming of meeting a woman. Inger, the Dane, refuses her skimpy life and takes off for Italy. Regina, so lonely in her big house since her children left and her husband passed away, discovers the world anew thanks to the Australian friend of her granddaughter, who helps Regina envision her next voyage. In these stories, Stamm's clean style expresses despair without flash, through softness and small

gestures, with disarming retorts full of derision and infinite tenderness. There, where life hesitates, ready to tip over—with nothing yet played out—is where these people and their stories exist. For us, they all become exceptional. Praise for *Unformed Landscape*: Sensitive and unnerving. . . . An uncommonly intimate work, one that will remind the reader of his or her own lived experience with a greater intensity than many of the books that are published right here at home. —The New Republic Online

Zhivago's Children Vladislav Martinovich Zubok,Vladislav Zubok.2011 Among the least-chronicled aspects of post-World War II European intellectual and cultural history is the story of the Russian intelligentsia after Stalin. Vladislav Zubok turns a compelling subject into a portrait as intimate as it is provocative. Zhivago's children, the spiritual heirs of Boris Pasternak's noble doctor, were the last of their kind - an intellectual and artistic community committed to a civic, cultural, and moral mission.

Political Landscape Martin Warnke.2013-06-01 We all know what the political landscape is, and politicians and journalists never tire of referring to it. But in this ingenious and original book, Martin Warnke takes that well-worn metaphor literally and uses it to reveal just how politicized the real landscape of continental Europe has been for centuries. The author finds his evidence of humanity's intervention in nature in the form of monuments and milestones, gardens, roads and border crossings, in landscape paintings and maps - even, in fact, in the anthropomorphic interpretations once given to formations of hills and rocks. The Political Landscape is underpinned with a

fascinating array of examples and illustrations, many of which will be new even to experts in the art of landscape and related disciplines.

Raw Material Jorg Fauser.2014-11-20 'They were all the same, communists, Nazis, parents, church, book reviews, features section, editorial, revolutionary struggle, Baader-Meinhof, capital, television, Club Voltaire, pacifism, guerrilla, Mao, Trotsky, Red Student Action, the underground scene and Germania Security. They were all part of the same idea, they knew how things ought to be, they had a monopoly on consciousness, love, human happiness.' In Raw Material Jrg Fauser casts an eye over the times he lived in and his own life: a junkie in Istanbul, the move to a commune in Berlin and a squat in Frankfurt, work on an underground magazine and unceasing efforts to get a novel published. The autobiographical testament of Fauser's alter ego Harry Gelb is an unsparing, razor-sharp but often lovingly ironic portrait of the 1960s and 70's. It is a portrait of the artist to rank with the best, and a portrait of the ferment of Europe at that time.

Aesthetics Today Stefan Majetschak, Anja Weiberg.2017-06-26 Aesthetics is no longer merely the philosophy of perception and the arts.
