Route 66 David Knudson.2012-10-10 Begun in 1926 to connect Chicago to Los Angeles, Route 66 was the country's first major east-west thoroughfare. By 1930 it was an important route for both truckers and travellers alike, and in 1939 it became known as 'The Mother Road' thanks to John Steinbeck's classic *The Grapes of Wrath*. Over the years, hundreds of thousands of Americans travelled this great road from those heading west during the Great Depression to postwar families taking road trips across the country - but by the 1970s four-lane highways, expressways, and tollways had largely supplanted it, and Route 66 fell into disrepair. In this book, authority David Knudson traces the fascinating story of The Mother Road from origins to decline, including the roadside attractions and cottage industries it spawned and the efforts to save and restore it.

A Catalogue of the Everett D. Graff Collection of Western Americana Newberry Library.1968-11 The Everett D. Graff Collection of Western Americana consists of some 10,000 books, manuscripts, maps, pamphlets, broadsides, broadsheets, and photographs, of which about half are described in the present catalogue. The Graff Collection displays the remarkable breadth of interest, knowledge, and taste of a great bibliophile and student of Western American history. From this rich collection, now in The Newberry Library, Chicago, its former Curator, Colton Storm, has compiled a discriminating and representative Catalogue of the rarer and more unusual materials. Collectors, bibliographers, librarians, historians, and book dealers specializing in Americana will find the Graff Catalogue an interesting and essential tool. Detailed collations and binding descriptions are cited, and many of the more important works have been annotated by Mr. Graff and Mr. Storm. An extensive index of persons and subjects makes the book useful to the scholar as well as to the collector and dealer. The book is not a bibliography but rather a guide to rare or unique source materials now enriching The Newberry Library's outstanding holdings in American history.

Catalog of Copyright Entries, Third Series Library of Congress. International Encyclopedia of Human Geography .2009-07-16 The International Encyclopedia of Human Geography provides an authoritative and comprehensive source of information on the discipline of human

geography and its constituent, and related, subject areas. The encyclopedia includes over 1,000 detailed entries on philosophy and theory, key concepts, methods and practices, biographies of notable geographers, and geographical thought and praxis in different parts of the world. This groundbreaking project covers every field of human geography and the discipline's relationships to other disciplines, and is global in scope, involving an international set of contributors. Given its broad, inclusive scope and unique online accessibility, it is anticipated that the International Encyclopedia of Human Geography will become the major reference work for the discipline over the coming decades. The Encyclopedia will be available in both limited edition print and online via ScienceDirect - featuring extensive browsing, searching, and internal cross-referencing between articles in the work, plus dynamic linking to journal articles and abstract databases, making navigation flexible and easy. For more information, pricing options and availability visit http://info.sciencedirect.com/content/books/ref_works/coming/ Available online on ScienceDirect and in limited edition print format Broad, interdisciplinary coverage across human geography: Philosophy, Methods, People, Social/Cultural, Political, Economic, Development, Health, Cartography, Urban, Historical, Regional Comprehensive and unique - the first of its kind in human geography
