Decision Sourcing Dale Roberts,Rooven Pakkiri.2016-05-13 We are living in the post-information age, the era of so-called 'Big Data'. It is a practical possibility for corporations to report, chart and analyse every action, transaction and click that happens inside and outside their business. In

Decision Sourcing Roberts and Pakkiri examine what this means to organisational decision making. They explode the myth that good decisions need only be informed ones through an examination into how business really make choices. They lay bare the poverty of decision making processes in today's corporate world and offer fresh and fascinating insight into how social tools are providing new sources of information, how they are challenging hierarchy and how they are providing opportunities for growth and agility through aligned and inclusive decision making. This book is for those organisations that want to get beyond the corporate Facebook account and are ready for the next bold step. It is for those businesses that want to engage their workforce and their customers in collaborative relationships that are at the heart of the successful social enterprise.

Rare Breed Sunny Bonnell, Ashleigh Hansberger. 2019-09-03 An unconventional business book for the rebels and misfits—the Rare Breeds—who don't fit the traditional mold, offering an approach that's anything but business as usual. "Brazen rant!" -- Seth Godin, New York Times bestselling author of *This is Marketing and What to Do When It's Your Turn* In every job you've ever had, you've been judged, labeled, and made to feel like an outsider. Defiant. Dangerous. Different. A real pain-in-the-ass. The message? To be successful, you've got to fundamentally change. But what if -- instead of conforming -- you learned how to punch society's codes in the nose, run like a hooligan through the corridors of entrenched power, and succeed -- not by grinding down your prickly parts, but by going all-in on who you really are? "A guide for strategic rebellion." -- Mark Levy, founder of Levy Innovation and creator of Your Big Sexy Idea® Meet Sunny Bonnell and Ashleigh Hansberger, award-winning global brand consultants, founders of Motto, and authors of *Rare Breed: A Guide to Success for the Defiant, Dangerous, and Different*. In this book, you'll come face-to-face with seven controversial virtues that are typically seen as ladder-burning, career-ending personality traits that -- convention says -- keep mavericks, oddballs, and visionaries like you from getting along, getting buy-in, and getting ahead. "A beautiful reminder that you are not alone." -- Charlamagne Tha God, New York Times bestselling author of *Black Privilege* Sunny and Ashleigh provide singular insight into how you can flip the script and turn your so-called "vices" into your virtues, transforming your most "undesirable" flaws into the high-octane fuel of your success. In a world that wants to own you, you'll finally learn how to own yourself, through embracing all your parts -- not just the pretty ones. College dropouts and social misfits Sunny and Ashleigh provide front-row seats to their own counterintuitive rise from broke-ass outsiders to brand consultants for iconic brands. Success, they show you, is no longer the sole purview of the Harvard MBA graduate. Your ticket to ride resides within the side of you that's disorderly, independent, and rogue. Deep down, you've always been the kid to point out when the emperor has no clothes. Yet, time and time again you've been faced with the consequences of deviating from social expectations. This is a new conversation for a new era. What would happen if, starting today, you walked away from the sheeple? What could you build?
