

Introduction To Magic Rituals And Practical Techn

Magic: The Basics Michael D. Bailey.2017-07-28 Magic: The Basics is a concise and engaging introduction to magic in world history and contemporary societies. Presenting magic as a global phenomenon which has manifested in all human cultures, this book takes a thematic approach which explores the historical, social, and cultural aspects of magic. Key features include: attempts to define magic either in universal or more particular terms, and to contrast it with other broad and potentially fluid categories such as religion and science; an examination of different forms of magical practice and the purposes for which magic has been used; debates about magic's effectiveness, its reality, and its morality; an exploration of magic's association with certain social factors, such as gender, ethnicity and education, among others. Offering a global perspective of magic from antiquity through to the modern era and including a glossary of key terms, suggestions for further reading and case studies throughout, Magic: The Basics is essential reading for anyone seeking to learn more about the academic study of magic.

Practical Solitary Magic Nancy B. Watson.1996-01-15 An accessible guide for beginners interested in practicing magic safely and effectively on their own. Many students of magic don't want to be tied to a particular group or tradition, but prefer to search, experiment, and grow on their own. Here, at last, is an eminently sane and readable handbook that gives not only the how, but the why and wherefore, of the materials and methods of the solitary magician. In Practical Solitary Magic, Nancy Watson combines a concise introduction to the psychology and ethics of magic with a thorough treatment of its mechanisms. In a lively style, enhanced by personal anecdote and thoughtful insight, she initiates novices into the rudiments of ritual and guides them in their first steps down the magical path. Drawing on an architectural analogy, Watson demystifies the practice of magic by providing a structural view of magical operations. She explores the techniques and accoutrements of each of the four magical planes, leading her readers through the various chambers of a four-tiered edifice, and sweeping away layers of accumulated cobwebs from topics shrouded in esoteric jargon. Oracle divination, numerology, and magical incantation; visualization, clearing, and prayer; archetypes, elementals, and god-forms—all come to life with Watson's pragmatic analysis. She closes with a careful warning to her readers to avoid all those who would attempt to "re-mystify" the craft. Watson's clear narrative and vivid imagery illuminate all the corners of her magical mansion with the light of common sense and folk history. Not only will you enjoy your guided tour, you'll be tempted to take up residence there.

Pure Magic Judika Illes.2022-04-01 "Brims with magic that is accessible to everyone; magic that works regardless of one's level of experience or background."—Mat Auryn, author of *Psychic Witch* Pure Magic is one of those rare works of modern-day witchcraft that has already become a classic. First published twenty-years ago, the book has become an essential resource for beginners and experienced devotees of the magical arts. Written by one of today's most trusted and beloved teachers and writers on magic and witchcraft, Pure Magic offers: an introduction to the essentials of magic, a complete glossary of psychic and magical terminology, a primer on the four elements, a survey of magical supplies (including minerals and botanicals), and a compendium of spells for any situation. Also included is guidance on how and where to practice magic; how to rightly use words of power; and how to cleanse, protect, and enhance your magical self. This new Weiser Classics edition includes a foreword by Mat Auryn, author of *Psychic Witch* and a new preface by the author. This book was previously published as *The Big Book of Practical Spells*.

The Book of Black Magic and of Pacts Arthur Edward Waite.2020-07-14 An exhaustive guide to the occult, featuring passages on folklore, occultist history, and magic ceremony. First published in 1898, *The Book of Black Magic and Pacts* contains a large number of magic spells and occult writings taken from a variety of sources. This volume is one of the greatest overviews of the occult. Written by Arthur Edward Waite, influential scholarly mystic and co-creator of the Rider-Waite-Smith Tarot deck. The contents of this volume feature: - The Literature of Ceremonial Magic - The Antiquity of Magical Rituals - The Rituals of Transcendental Magic - The Rituals of Black Magic - The Initial Rites and Ceremonies - Concerning the Descending Hierarchy - The Mysteries of Infernal Evocation According to the Grand Grimoire - The Method of Honorius - Miscellaneous and Minor Processes - Concerning Infernal Necromancy

The Book of Ceremonial Magic (Illustrated Edition) Arthur Edward Waite.2023-11-23 The Book of Ceremonial Magic is famous as one of the first attempts to document various famous grimoires and other magic texts. In this work, Waite pays much attention to the history of magic texts, refuting many of their legends. He also raises a question of the relations between magic and theology. He discusses these issues in particular examples, like raising the question of why good angels would be summoned to kill an enemy. Another merit of this work is synthesizing many famous grimoires into one system.

Practice of Magic Draja Mickaharic.1995-01-15 Shows you how to get started in magical practice. How does magic work? What distinguishes one form of magic from another? What system of magic should you pursue High or Low, elemental or natural? Mickaharic answers all of these questions, and outlines how to prepare oneself to practice magic, how the primary instruments of the magician are developed and cared for, and learning a chosen system of magic. Includes some basic techniques for each magical practice. Bibliography, index.

And Introduction to Magic Eliphas Levi.2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

High Magic U. D. (Frater),Frater U.:D.:2005 Of course, Magic is Magic wherever. But Ceremonial Magic - with or without a k ending - is perceived as largely European in origin and practice. The Golden Dawn, Aurum Solis, O.T.O were European and even AMORC, B.O.T.A., G.B.G. were mostly European inspired. As valid as these esoteric orders were and are, they are at best schools and the knowledge taught is now widely available. What is key is not the knowledge but the self-accomplishment that comes only through personal experience (otherwise known as "self-initiation"). The essence of Magic is a simple formula based on the exercise of Will, Imagination, and Gnosis or Magical Trance. It is a "technology" and must be mastered like any technology through understanding and practice. Like playing the piano, it takes discipline to continue practicing basic exercises until it all becomes second nature and can function as an art as well. And, what for? Not to perform tricks or miracles. Not to wear fancy robes and chant barbarous words. Not to reach high degrees with grand titles in a secret order. No, it is to transform and transmute your own self and thus to become more than you were, not merely to accelerate normal human evolution but to actually move beyond and be a co-creator. And to finally answer those questions: Who am I? Where did I come from? Where am I going? High Magic is an active program for self-discovery and Self-Realization. This book by a famed contemporary German magician self-instructs the student through a series of basic exercises and real magical practices that train the magician through a consistent program combined with examples and explanations. Each step is thorough without extravagance; the program is effective and entirely self-directed (as must be all real learning); the book is encyclopedic in depth and inclusive even of chaos and cyber magic. Tables and Charts simplify the learning process. The system starts with immediate immersion in ritual practice starting with the Kabbalistic Cross and Lesser Banishing Ritual of the Pentagram and moves through beginning to advanced levels of Practical Sigil Magic, Ritual Magic, Elemental Magic, the Greater Ritual of the Pentagram, Planetary Magic, the Hexagram Ritual, Mantra Meditation, the Magical Gaze, Magical Trance, the Pan Ritual, Money Magic, Talisman Magic, Moon Magic, Chaos Magic and Cyber Magic. In each case, practice is used to instruct - nothing is presented as "theory only." You will find everything analyzed, explained and justified with refreshing and truly uncommon common sense! The author fully dispels the myths and subterfuges of archaic magical orders and explores the role of the Unconscious Mind, the issues of Religion and Mysticism, the nature of High and Low Magic, the function of Myth and the role of Drama in Ritual, the Magical Nature of Reality and Magical Perception, Dream Work in relation to Magical Training, the Magical Imagination and training for Visualization, Psychic Protection, Invocation and Evocation, the Calling and Movement of Energies, Charging, Paradigm Shifting, what is really means "to Keep Silent, " the power of Intention & definition of Magical Goals, the ritual use of Symbols and Gestures, the power of Words, the Magician's Universe, the magical pronunciation of Hebrew Letters, the Magician's Tools, Mantric Sigils, the IAO formula, and much more. High Magic is as central to Western culture as are science, technology, the rule of law, democracy and the entrepreneurial economy. Its practice and application should be part of your daily life starting now.

Magical Rites from the Crystal Well Ed Fitch.1984 Now you can get the collection of rituals and wisdom that has helped start thousands of people on a Pagan path for over thirty-five years-Magical Rites from the Crystal Well by Ed Fitch. The Crystal Well was a small magazine that was published at a time when little information was available on Wicca, Witchcraft, and Paganism. Because of this, the rituals from that magazine circulated far and wide. Today, decades later, they are still popular. Why? Because they're some of the most beautiful, magical, and lyrical rituals ever written. These wonderful rituals have been collected in a beautifully illustrated book. Among the many rituals and techniques you'll find in *Magical Rites from the Crystal Well* are: - Rites for all of the seasons, including Midsummer, Lammas, Winter, and more. - The Rite of Calling Down the Moon - The Ceremony of Cakes and Wine - The Feast of the Full Moon - Storm Magic - Magical Dance - Building an Astral Temple - Pathworking - A Handfasting Rite - Rite of Dedication and Protection for an Infant Each rite includes complete instructions, with every word and every action clearly explained. The book also includes Pagan lore, such as the Rede of Chivalry, tips on forming a Pagan training group, how to tell if your pet is also your familiar, and much more. Almost every page has an elegant illustration. This book is not just filled with important ideas and rites that you can use, it's also beautiful to behold.

Draconian Ritual Book Asenath Mason.2016-07-24 Draconian Ritual Book will introduce you into foundations and practical methods of Draconian magic as a path of self-initiation. With this book you will learn how to start your practice on the Path of the Dragon, establish contact with gods and spirits that will assist you in this work, build your personal temple, prepare tools for your rituals, and design your own workings and exercises. Each practice is provided with background information, explaining the purpose and possible ways in which it may affect your initiatory process. You will find here invocations and evocations, meditations and trances, exercises for cleansing, grounding, and raising the inner Serpent Force. There are instructions that will help you in your astral travels and dream magic, teach you how to work with seals and sigils, enhance your magical senses, and show you how to use gates and doorways to the Other Side. Practices such as blood sacrifice and sex magic are discussed in a practical way as well. You will read here about the Draconian Tradition, as well as the Left Hand Path in general, learning what it means to be a Draconian Initiate. This book will also guide you through the process of Kundalini awakening, discussing symptoms and providing exercises that will help you in your individual practice. Finally, you will find here a ritual of self-initiation into the Draconian current. If you are a beginner to Draconian magic, this book will teach you where to start and help you understand the basics of the initiatory process, while more advanced practitioners will find here practical instructions and information on how to develop and expand their work on the Path of the Dragon. The book includes the Introduction and Lexicon by Bill Duvendack.

A Century of Spells Draja Mickaharic.2001-09-15 Written as a practical introduction to natural magic, this workbook serves as a practical reference for the practicing magician. It contains over 100 useful spells from a wide variety of magical traditions from all over the world. The clear, complete instructions detail how to make and work with water spells, baths, sprinkles, incense, oils, and herbs. Also included are spoken spells, and written spells passed down to and developed by the author.

Modern Magick Donald Michael Kraig.2010-11-08 For over two decades, Donald Michael Kraig's *Modern Magick* has been the world's most popular step-by-step guide to working real magick. Tens of thousands of individuals and groups have used this course as their primary instruction manual. Now, greatly revised and expanded, this set of lessons is more complete and relevant to your life than ever. Written with respect for the student, *Modern Magick* will safely guide you—even if you know little or nothing—through a progressive series of practical exercises and rituals, complemented by the knowledge, history, insights, and theory you need to become a successful ceremonial magician. Firmly rooted in the Western magickal tradition yet designed to be fully compatible with your contemporary practice, this book will help you attain full mastery of all core topics in magick: The inner mysteries of the Kabbalah The most powerful rituals of magick How to create and perform your own rituals True meditation Magickal ethics Astral projection Tools of magick Evocation of spirits Pathworking Tantra and sex magick The importance of the Tarot Talismans and amulets Secrets of visualization Alchemy Psychic self-defense Healing rituals Filled with personal stories and helpful illustrations, along with updated and brand-new material, this new edition of *Modern Magick* features a completely new lesson that reveals the concepts, techniques, and rituals of Neuro-Linguistic Programming, Chaos Magick, and Postmodern Magick. Ideal for beginning, intermediate, or advanced students, and perfect as a manual for magickal temples, this is essential reading for every true magician. *Modern Magick* is a modern-day classic. It has become the standard textbook of practical magickal knowledge for magicians all over the world. We highly recommend it to beginner and adept alike.—Chic Cicero and Sandra Tabatha Cicero, authors of *Experiencing the Kabbalah and Self-Initiation into the Golden Dawn Tradition*

Learning Ritual Magic John Michael Greer,Earl King, Jr.,Clare Vaughn.2004-10-01 *Learning Ritual Magic* is a training manual for anyone serious about improving their magic based on the western mystery traditions, including tarot, ritual magic, Qabalah, and astrology. What you get out of [magic] can be measured precisely by what you are willing to put into it- and time is the essential ingredient in successful magical training, the authors write. And just as no one expects to run a marathon or play a Bach violin concerto without sufficient training, so practitioners of the magical arts shouldn't expect to work complex, powerful magical rituals without a solid grounding in the techniques of Hermetic high magic. By spending at least a half hour a day practicing the lessons found in *Learning Ritual Magic*, the solitary apprentice attains the proper groundwork and experience for working ritual magic. *Learning Ritual Magic* provides lessons on meditation and a set of exercises designed to develop basic skills in imagination, will, memory, and self-knowledge, all of which are absolute fundamentals to magical attainment. While the authors discuss the essentials of magical theory, they focus on daily, basic perspectives rather than launching into details of advanced practice. Designed for the solitary practitioner, *Learning Ritual Magic* concludes with a ceremony of self-initiation.

The Ultimate Book of Magic and Witchcraft Pierre Macedo.2019-11-30 *Transform Your Life with Real Spells, Rituals, and Other Practices Taught in This Book* The keyword of this book is practicality. It is intended for those who want to practice magic without having to read long theoretical books. *The Ultimate Book of Magic and Witchcraft* allows you to use magic immediately after opening it. Introduction to Magic, Volume II Julius Evola,The UR Group.2019-03-12 Authentic initiatic practices, rituals, and wisdom collected by the UR Group • Shares a rigorous selection of initiatory exercises, including instructions for creating the diaphanous body of the Opus magicum, establishing initiatic consciousness after death, and the construction of magical chains (the enchained awareness of initiates) • Offers studies of mystery traditions throughout history, presenting not only the principles themselves but also witnesses to them and their continual validity today The “Gruppo di UR” was a group of Italian esotericists who collaborated from 1927 to 1929. The purpose of this group was to study and practice ancient rituals gleaned from the mystery traditions of the world, both East and West, in order to attain a state of superhuman consciousness and power to allow them to act magically on the world. They produced a monthly journal containing techniques for spiritual realization, accounts of personal experiences, translations of ancient texts, and original essays on esoteric topics. The group included a distinguished line-up of occultists, neo-pagans, freemasons, Anthroposophists, orientalist, poets, and members of high society. The prime movers of the group were Arturo Reghini (1878-1946), a Pythagorean mathematician and reviver of a spiritual Freemasonry, and Julius Evola (1898-1974), then a young philosopher with a precocious mastery of the esoteric doctrines of East and West. Many years later, in 1971, Evola gathered these essays into three volumes. Inner Traditions published Volume I in 2001, under the title *Introduction to Magic: Rituals and Practical Techniques for the Magus*. This volume, the second in the series, complements the first one, yet they are not strictly sequential, and their contents can be read in any order. Volume II shares authentic initiatic wisdom and a rigorous selection of initiatory exercises, including instructions for creating the diaphanous body of the Opus magicum, establishing initiatic consciousness after death, and the construction of magical chains (the enchained awareness of initiates). It offers studies of mystery traditions throughout history, presenting not only the principles themselves but also witnesses to them and their continual validity today. This series shows that the “Magic” of the UR Group meant an active and affirmative attitude toward individual development, handed down from a “primordial tradition” and discernable in alchemy, Hermetism, esoteric religious doctrines, indigenous practices, Tantra, Taoism, Buddhism, Vedanta, and the pagan mysteries of the West. Although some of the practical experiments demanded extraordinary efforts, both individual and collective, there is incalculable value here even for the less heroic, for merely reading these essays leaves a permanent mark on the reader.

The Magical Ritual of the Sanctum Regnum Eliphas Levi.2014-03-29 This Is A New Release Of The Original 1896 Edition.

Introduction to Magic Julius Evola,The UR Group.2018-07-13 The rites, practices, and texts collected by the mysterious UR group for the use of aspiring mages. • Rare Hermetic texts published in English for the first time. • Includes instructions for developing psychic and magical powers. In 1927 Julius Evola and other leading Italian intellectuals formed the mysterious UR group. Their goal: to bring their individual egos into a state of superhuman power and awareness in which they could act magically on the world. Their methods: the practice of ancient Tantric and Buddhist rituals and the study of rare Hermetic texts. So successful were they that rumors spread throughout Italy of the group's power, and Mussolini himself became quite fearful of them. Now for the first time in English Introduction to Magic collects the rites, practices, and knowledge of the UR group for the use of aspiring mages. Included in Introduction to Magic are instructions for creating an etheric double, speaking words of power, using fragrances, interacting with entities, and creating a magical chain. Among the arcane texts translated are the Tibetan teachings of the Thunderbolt Diamond Path, the Mithraic mystery cult's Grand Papyrus of Paris, and the Greco-Egyptian magical text De Mysteriis. Anyone who has exhausted the possibilities of the mundane world and is ready to take the steps necessary to purify the soul in the light of knowledge and the fire of dedication will find a number of expert mentors here.

Wielding Power Charles R. Tetworth.2002 What is ritual? How does it work? Charles R. Tetworth takes a look at ritual in its many aspects, ranging from its roles in the patterns of everyday life to its use in cementing a nation's political identity. The core of this book is a highly practical discussion of how to make and use the tools of rit-ual magic. Tetworth outlines what he calls the bootstrap approach. Following an extremely ancient tradition, the aspiring magician makes these tools from scratch, empowering them with dedication, hard work, and attention. Tetworth also shows how to use them to form a link between this world and the realms of the unseen, all the while stressing that magical power has its dangers and must be used with responsibility. Lively, humorous, and concise, Wielding Power is must reading for anyone interested in magic, Wicca, or the role of ritual in the life of the spirit. This work is full of riches clearly drawn from long and intimate experience with and practice of the subject.... Anyone who follows the spiritual ways of action, devotion, or contemplation will find many of the exercises and med-itations enlightening in their fine detail, broad viewpoint, and profound implications (from the foreword by Z'ev ben Shimon Halevi, author of The Work of the Kabbalist, School of the Soul, and Astrology and Kabbalah) C O N T E N T S: Foreword by Z'ev ben Shimon Halevi Introduction 1. Rituals of Life 2. Preparing the Ground 3. Time and Tides 4. Ritual and Language 5. Bootstrapping 6. The Training of an Apprentice 7. Empowerment 8. Worlds and Travelers 9. Survival 10. Introduction to Ritual Magic Dion Fortune,Gareth Knight.2008-05 Each chapter is supplemented and expanded by a companion chapter on the same subject by Gareth Knight. In Dion Fortune's day the conventions of occult secrecy prevented her from being too explicit on the practical details of magic, except in works of fiction. These veils of secrecy having now been rolled back, Gareth Knight has taken the opportunity to fill in much practical information that Dion Fortune might well have included had she been writing today. In short, in this unique collaboration of two magical practitioners and teachers we are presented with a valuable and up-to-date text on the practice of ritual or ceremonial magic as it is. That is to say, as a practical, spiritual and psychic discipline, far removed from the lurid superstition and speculation that are the hallmark of its treatment in sensational journalism and channels of popular entertainment.

The Magick of Aleister Crowley Lon Milo DuQuette.2022 This is the perfect introductory text for readers who wonder what the works-rather than the myth-of Aleister Crowley are all about. Some of the myths that have surrounded Crowley's life and legend are dispelled and the practice of rituals themselves are explored, in plain English, along with commentary from the author--

The Complete Introduction to Magic Julius Evola,The UR Group.2023-10-31 All three volumes of the occult classic available together as a deluxe boxed set for the first time • Volume I includes translations of rare texts alongside rites, practices, and magical knowledge, including instructions for creating an etheric double, speaking words of power, interacting with entities, and creating a “magical chain” • Volume II offers studies of mystery traditions throughout history and shares authentic initiatic wisdom and a rigorous selection of initiatory exercises • Volume III explores esoteric practices for individual development and realization of immortal and divine potential, handed down from a primordial tradition In 1927 Julius Evola and other leading Italian esotericists formed the mysterious UR group. The purpose of this group was to study and practice ancient rituals from the mystery traditions of the world, both East and West, in order to attain a state of superhuman consciousness and power to allow them to act magically on the world. They produced a monthly journal containing techniques for spiritual realization, accounts of personal experiences, translations of ancient texts, and original essays on the occult. Many years later, in 1971, Evola gathered these essays into three volumes. Volume I collects rites, practices, and magical knowledge, including instructions for creating an etheric double, speaking words of power, using fragrances, interacting with entities, and creating a “magical chain.” It also includes translations of rare texts such as the Tibetan teachings of the Thunderbolt Diamond Path, the Mithraic mystery cult’s “Grand Papyrus of Paris,” and the Greco-Egyptian magical text De Mysteriis. Volume II shares authentic initiatic wisdom and a rigorous selection of initiatory exercises, including instructions for creating the diaphanous body of the Opus magicum, and establishing initiatic consciousness after death. It also offers studies of mystery traditions throughout history. Volume III, more than the others, bears the personal stamp of Julius Evola. It explores esoteric practices for individual development, handed down from a primordial tradition and discernable in alchemy, Hermetism, religious doctrines, Tantra, Taoism, Buddhism, Vedanta, and the pagan mysteries of the West. Available together as a deluxe boxed set for the first

time in English, these volumes present the steps necessary to purify the soul with the light of knowledge and the fire of dedication, as well as allowing the reader to be liberated from conventional dogmas—religious, political, scientific, and psychological—and see with the clearer eye of realization.

The Druid Magic Handbook John Michael Greer.2008-02-01 The first and only Druidic book of spells, rituals, and practice. The Druid Magic Handbook is the first manual of magical practice in Druidry, one of the fastest growing branches of the Pagan movement. The book breaks new ground, teaching Druids how to practice ritual magic for practical and spiritual goals within their own tradition. What sets The Druid Magic Handbook apart is that it does not require the reader to use a particular pantheon or set of symbols. Although it presents one drawn from Welsh Druid tradition, it also shows the reader how to adapt rites and other practices to fit the deities and symbols most meaningful to them. This cutting edge system of ritual magic can be used by Druids, Pagans, Christians, and Thelemites alike! This is the first manual of Druidic magical practice ever, replete with spell work and rituals.

The Golden Dawn Israel Regardie,Cris Monnastre.1970 The Original Account of the Teachings, Rites and Ceremonies of the Hermetic Order of the Golden Dawn as revealed by Israel Regardie, with further revision, expansion, and additional notes by Israel Regardie, Cris Monnastre, and others. A comprehensive index has been supplied by noted occultist David Godwin for this new edition. Originally published in four volumes of some 1200 pages, this 6th Revised and Enlarged Edition has been reset in half the pages (retaining the original pagination in marginal notation for reference) for greater ease and use. Corrections of errors in the original editions have been made, with further revision and additional text and notes by actual practitioners of the Golden Dawn system of magick, with an introduction by the only student ever accepted for personal training by Regardie. The Golden Dawn, once a secret order, was one of the most prestigious groups flourishing at the turn of the century. Membership included such notables as W. B. Yeats, Aleister Crowley, Dion Fortune, Algernon Blackwood, Arthur Machen, Lady Frieda Harris, Brodie Innes, S.L. MacGregor Mathers, A.E. Waite, Evelyn Underhill and W. Wynn Westcott. Its influence on 20th century spiritual science has been enormous!

Original Magic Stephen E. Flowers.2017-10-17 A complete guide to the theory, practice, and history of Mazdan magic, the first organized system of magic • Provides a complete curriculum of magical study and initiation centered on exercises keyed to the sacred Zoroastrian calendar • Details advanced magical rituals and practices based on archaic Persian formulas, including fire rituals and divine invocations • Explores the history and lore of Persian magic, explaining how the author reconstructed the original Mazdan system of magic Stephen Flowers explores the history, theory, practice, rituals, and initiations of the Mazdan magical system practiced by the Magi of ancient Persia, who were so skilled and famed for their effectiveness that their name came to mean what we today call “magic.” The prestige and reputation of the Magian priests of Mazda is perhaps most iconically recorded in the Christian story of the Three Wise Men who visited newborn Jesus. The author explains how the religious branch of the Mazdan magical system, founded by the Prophet Zarathustra, is known in the West under the name Zoroastrianism. He reveals how the Zoroastrian religion, which acts as a matrix for the symbols and formulas of the original form of magic, has existed for almost four thousand years with roots going back even deeper into the Indo-European past. The author reveals how all other known systems of magic have borrowed from this tradition, providing the clues that enabled him to reformulate the original Mazdan system. He reviews what the Greeks, Romans, Hebrews, Christians, and Chinese said about the Iranian-Persian tradition of the Mazdans and their invention of a magical technology. He explains how the ultimate aim of the original form of magic was not only individual wisdom, self-development, and empowerment, but also the overall betterment of the world. Outlining the theoretical principles of this method, which can be applied in practical ways to deepen the effectiveness of these magical operations, the author details a complete curriculum of magical study and initiation based on a series of graded exercises keyed to the sacred Zoroastrian calendar. He then offers a series of more advanced magical rituals and practices based on archaic Persian formulas, including fire rituals and divine invocations. Providing a manual for the original magical system used by the members of the Great Fellowship, this book guides you toward the comprehensive practice of the Mazdan philosophy, the ultimate outcome of which is ushta: Happiness.

Magick for Beginners Sharon Fitzgerald.2015-12-07 A Guide to the Wonderful World of Magick Magick is the art and science that causes change in accordance to the will. Changes are brought about by collecting and harnessing energies from nature and using it to invoke positive energies. Some people believe that magick is equivocal to black magic but it is an age old tradition that stems out from the belief of deities and nature. Many followers and students of magick practice their daily rituals and exercises not to bring harm to other people but to invite positivity to come to their lives. This practice can help people improve their focus and motivation. Practicing magick can be challenging for beginners but as long as you have a guide, then you can easily practice it wherever you may be. Thus this book will serve as your guide to practicing magick for beginners. With this book, you will learn about the following: Understand what magick is all about. Chapter 1 discusses about the definition and elements of magick that are necessary to start the rituals and exercises. Learn about all the basic rituals of magick in Chapter 2. This chapter provides the steps, incantations of the three most important rituals in magick which include the qabalistic cross, the lesser ritual of pentagram and the lesser ritual of the hexagram. This chapter also includes discussion on the equipment needed as well as notes to conduct the rituals properly. Lastly, Chapter 3 discusses about the different exercises that you can do to improve your skills in harnessing the energies around you. This chapter gives tips on how you can improve your psychic abilities, visualization techniques and the ability to see auras. Let this book serve as your guide to learning about magick. Once you learn about the fundamental rituals and exercises, you can start harnessing the energies around you to bring positivity in your life.
