Inspired by the legendary legacy of the Vikings, author Kjersti Egerdahl presents a compelling and entertaining guide exploring who the Vikings were and how they lived, from ancient Norse daily life to battles and adventuring. A Brief History of the Vikings Jonathan Clements.2013-02-07 'From the Fury of the Northmen deliver us, O Lord.' Between the eighth and eleventh centuries, the Vikings surged from their Scandinavian homeland to trade, raid and invade along the coasts of Europe. Their influence and expeditions extended from Newfoundland to Baghdad, their battles were as far-flung as Africa and the Arctic. But were they great seafarers or desperate outcasts, noble heathens or oafish pirates, the last pagans or the first of the modern Europeans? This concise study puts medieval chronicles, Norse sagas and Muslim accounts alongside more recent research into ritual magic, genetic profiling and climatology. It includes biographical sketches of some of the most famous Vikings, from Erik Bloodaxe to Saint Olaf, and King

Canute to Leif the Lucky. It explains why the Danish king Harald Bluetooth lent his name to a twenty-first century wireless technology; which future saint laughed as she buried foreign ambassadors alive; why so many Icelandic settlers had Irish names; and how the last Viking colony was destroyed by English raiders. Extending beyond the traditional 'Viking age' of most books, A Brief History of the Vikings places sudden Scandinavian population movement in a wider historical context. It presents a balanced appraisal of these infamous sea kings, explaining both their swift expansion and its supposed halt. Supposed because, ultimately, the Vikings didn't disappear: they turned into us.

Vikings Kelly Farrell, Robert Edelstein. 2020-12-08 Over one thousand years ago, kingdoms across Europe were changed forever as the Vikings sailed in. Prepare here to board an iconic Norse ship and be transported into the battles, the legacies, and the everyday lives of these intrepid warriors. From buried treasure to noble laws, to murderous myths: this is the story of the Vikings. The Vikings were the original explorers with a legacy going back to 800 AD. Popular culture thinks the 1600s was the Age of Discovery when Europe discovered the Americas. Did you know some of the most exciting days of seafaring expansion took place close to a thousand years before that when a group of seafaring Scandinavians departed their homelands for the British Isles, seeking great power and prosperity at all costs? For the next three centuries, the daring voyagers pillaged and plundered their way to a vast kingdom, and in the process, developed new trade routes, spreading everything from commerce to art to language from the Far East to the New World. The pages of this book will take you into the Norseman's universe - their daily lives and ritual deaths. We'll explore the magical mythology of the Norse gods, go behind-the-scenes of the hit History series *Vikings*, and examine their lasting legacy on the today's world. We even cover pop culture too — much of *Game of Thrones* was based on the vikings (and countless other shows and movies too). Here, in these richly illustrated pages, is everything you need to know about the medieval warriors of the sea.

Hessa is an Eangi: a warrior priestess of the Goddess of War, with the power to turn an enemy's bones to dust with a scream. Banished for disobeying her goddess's command to murder a traveller, she prays for forgiveness alone on a mountainside. While she is gone,

raiders raze her village and obliterate the Eangi priesthood. Grieving and alone, Hessa - the last Eangi - must find the traveller and atone for her weakness and secure her place with her loved ones in the High Halls. As clans from the north and legionaries from the south tear through her homeland, slaughtering everyone in their path Hessa strives to win back her goddess' favour. Beset by zealot soldiers, deceitful gods, and newly-awakened demons at every turn, Hessa burns her path towards redemption and revenge. But her journey reveals a harrowing truth: the gods are dying and the High Halls of the afterlife are fading. Soon Hessa's trust in her goddess weakens with every unheeded prayer. Thrust into a battle between the gods of the Old World and the New, Hessa realizes there is far more on the line than securing a life beyond her own death. Bigger, older powers slumber beneath the surface of her world. And they're about to wake up.
