**American Theatre** Gerald Bordman.1996-11-21 This book concludes Gerald Bordman's acclaimed survey of American non-musical theatre. It deals with the years 1930 to 1970, a period when the number of yearly new plays was shrinking, but a period during which American drama as a whole entered the world stage and became a dominant force. With works like Eugene O'Neill's *Long Day's Journey Into Night*, Tennessee William's *A Streetcar Named Desire*, and Arthur Miller's *Death of a Salesman*, American theater finally reached adulthood both dramatically and psychologically. Bordman's lively, authoritative study covers every Broadway production, as well as every major off-Broadway show. His discussion moves season by season and show by show in chronological order; he offers plot synopses and details the physical production, directors, players, theaters, and newspaper reviews. This book and the preceding volumes of *American Theatre* stand as the premier history of American drama.

**Broadway Plays and Musicals** Thomas S. Hischak.2009-04-22 New York City's Broadway district is by far the most prestigious and lucrative venue for American performers, playwrights, entertainers and technicians. While there are many reference works and critical studies of selected Broadway plays or musicals and even more works about the highlights of the American theater, this is the first single-volume book to cover all of the activities on Broadway between 1919 and 2007. More than 14,000 productions are briefly described, including hundreds of plays, musicals, revivals, and specialty programs. Entries include famous and forgotten works, designed to give a complete picture of Broadway's history and development, its evolution since the early twentieth century, and its rise to unparalleled prominence in the world of American theater. The productions are identified in terms of plot, cast, personnel, critical reaction, and significance in the history of New York theater and culture. In addition to a chronological list of all Broadway productions between 1919 and 2007, the book also includes approximately 600 important productions performed on Broadway before 1919.

*Earth Is the Mother of All Drama Queens* Patricia L. Arnold.2005 This daring and often hilarious real-life story unmaskes the hidden reason some people don't seem to get what they deserve, and others don't deserve what they get. Arnold presents startling evidence that life is always fair, God is never far, death is not the end, and absolutely nothing is unforgivable.
