Our comprehensive range of products, services, and resources includes books supplied from more than 15,000 U.S., Canadian, and U.K. publishers and more. Between the three major ebook formats—EPUB, MOBI, and PDF—what if you prefer to read in the latter format? While

EPUBs and MOBIs have basically taken over, reading PDF ebooks hasn't quite gone out of style yet, and for good reason: universal support across platforms and devices. "Buy" them like any other Google Book, except that you are buying them for no money. Note: Amazon often has the same promotions running for free eBooks, so if you prefer Kindle, search Amazon and check. If they're on sale in both the Amazon and Google Play bookstores, you could also download them both. Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars). To stay up to date with new releases, Kindle Books, and Tips has a free email subscription service you can use as well as an RSS feed and social media accounts. You can literally eat, drink and sleep with eBooks if you visit the Project Gutenberg website. This site features a massive library hosting over 50,000 free eBooks in ePu, HTML, Kindle and other simple text formats. What's interesting is that this site is built to facilitate creation and sharing of e-books online for free, so there is no registration required and no fees. Large photos of the Kindle books covers makes it especially easy to quickly scroll through and stop to read the descriptions of books that you're interested in. GetFreeBooks: Download original ebooks here that authors give away for free. Obooko: Obooko offers thousands of ebooks for free that the original authors have submitted. You can also borrow and lend Kindle books to your friends and family. Here's a guide on how to share Kindle ebooks. You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles.
