Fearless Max Lucado.2012-02-06 Fear may fill the world but does not have to fill your heart. Each sunrise seems to bring fresh reasons for fear. Layoffs at work. Slowdowns in the economy. Health scares. Division. Oversized and rude, fear herds us into the prison of our anxious minds and keeps us from the freedom Christ offers. New York Times bestselling author and pastor Max Lucado invites us to turn to faith, not fear, as our default reaction to the threats of life. In this book, Max will help you: Find freedom from the fear of insignificance. Take comfort that the Lord will never leave your side. Unleash your worries and become filled with peace. Today, learn to trust more and fear less.

Stories from the Bible .2004-02-24 By the author of the acclaimed children's book, Can't You Sleep, Little Bear?, here are 17 lively stories retold from the Scriptures in language that makes them accessible to young children.

*Seven Experiments That Could Change the World* Rupert Sheldrake.2002-07-01 Examines the realities of unexplained natural phenomenon and provides explanations that push the boundaries of science. • Looks at animal telepathy and the ability of pigeons to home. • Proves the point that big questions don't need big science. • Noted scientist Rupert Sheldrake is a former research fellow of the Royal Society. • New Edition with an Update on Results. How does your pet know when you are coming home? How do pigeons home? Can people really feel a phantom amputated arm? These questions and more form the basis of Sheldrake's look at the world of contemporary science as he puts some of the most cherished assumptions of established science to the test. What Sheldrake discovers is that certain scientific beliefs are so widely taken for granted that they are no longer regarded as theories but are seen as scientific common sense. In the true spirit of science, Sheldrake examines seven of these beliefs. Refusing to let intellectual dogmatism influence his search for the truth, Sheldrake presents simple experiments that allow the curious and the skeptical to join in his journey of discovery. His experiments look at how scientific research is often biased against unexpected patterns that emerge and how a researcher's expectations can influence the results. He also examines the taboo of taking pets seriously and explores the question of human extrasensory perception. Perhaps most important, he questions the notion that science must be expensive in order to achieve important results, showing that inexpensive methods can indeed shake the very foundations of science as we know it. In this compelling and intelligent book, Sheldrake offers no preconceived wisdom or easy answers--just an open invitation to explore the unknown, create new science, and perhaps, even change the world.

*The Bad News Bible* David Voas.1995 Mixing quotation and narration, analyzes each chapter of every book in the New Testament, with James, the putative brother of Jesus, acting as narrator. The result is a critical yet entertaining summary of Bible truths that most modern churchgoers won't find very comforting. For instance, Jesus never promised a heavenly afterlife; that was Paul, whose views on sex, women, and the family do little for his credibility. Annotation copyright by Book News, Inc., Portland, OR

**Looking for a Miracle** Joe Nickell.2009-12-02 The willingness of people to believe in magical icons, mystical relics, and miraculous pictures (like the Image of Guadalupe) is almost as curious as these phenomena themselves. Though they cry out for scientific investigation, millions of people blindly accept them as fact. Historical and paranormal investigator Joe Nickell confronts such strange events, powers, and objects as the Shroud of Turin, bleeding or weeping statues, burning handprints, liquefying blood, ecstatic visions, miraculous cures, and people speaking in tongues in *Looking for a Miracle*. Departing from standard critiques of religion, Nickell carefully investigates the evidence relating to specific claims. Religious believers and rationalists alike have much to learn from this revealing examination of the evidence for the miraculous.

**The Tomb of God** Richard Andrews, Paul Schellenberger.2005 Dissatisfied with the explanations of previous researchers, Richard Andrews and Paul Schellenberger applied mathematical logic to the enduring mystery of Rennes-le-Château and the “treasure” alleged to be buried there. Beginning with a healthy skepticism, they assumed the enigma would wither under scrutiny. The quest began with an investigation into the activities of a group of 19th-century priests, but as the trail was pursued, it became apparent that the mystery's scope stretched far beyond the mountains of southern France. A series of paintings, maps, and tombstones pointed to one very specific location. The authors combined their knowledge of archaeology, theology, and surveying to produce a startling account of what they believe to be the true events surrounding the burial of Jesus.

The Syz Collection Nicolas Trembley.2019-01-22 Initiated in the 1980s when Eric and Suzanne Syz were living in New York, The Syz Collection was installed in 2017 in Geneva -- where the couple has been based since the mid-1990s -- in the new Syz Group Headquarters, thus allowing an overarching view of it. Featuring 300 works by more than 100 Swiss and international artists from different generations, working in different

mediums, the Geneva hanging reflects the tastes of an inspired collector couple, who have been advised for the last 10 years by curator and art critic Nicolas Trembley. Having started by collecting paintings by Jean-Michel Basquiat, Julian Schnabel, Francesco Clemente, George Condo, and Andy Warhol, the Syzs have been endlessly expanding their collection, following the most renowned artists of our times, including Fischli/Weiss, Wade Guyton, Cindy Sherman, Sturtevant, Wolfgang Tillmans, and Rosemarie Trockel. They have been collecting while also always paying attention to the most powerful voices of the younger generations, such as Valentin Carron, Roe Ethridge, Yngve Holen, and Elad Lassry. The Syz's very open approach to collecting constitutes as such a vivid testimony to the current diversity of contemporary art practices. Edited and introduced by Nicolas Trembley, this publication offers an extensive documentation of the collection, focusing especially on the way it is displayed at the Syz Group Headquarters. This overview is completed by a conversation with Eric and Suzanne Syz and Nicolas Trembley by the Head of Cultural Service at Le Temps, Emmanuel Grandjean, as well as essays on the principles of the collection and the relationship between contemporary art and corporate culture, emphasizing the many ways artworks find their place in business offices.

**Crafting the Word** Thingnam Anjulika Samom. 2019 Manipur has a rich tradition of folk and oral narratives, as well as written texts dating from as early as in eighth century AD. But it was only in the second half of the twentieth century that women began writing and publishing their works. Today, women's writing forms a vibrant part of Manipuri literature, and their voices are amplified through their coming together as an all-woman literary group. Put together in discussions and workshops by Thingnam Anjulika Samom, *Crafting the Word* captures a region steeped in conservative patriarchy and at the center of an armed conflict. It is also a place, however, where women's activism has been at the forefront of peace-making and where their contributions in informal commerce and trade hold together the economy of daily life.

*Green Was the Earth on the Seventh Day (Pod)* B Thor Heyerdahl. 2006-10-19 In the late 1930s, Thor Heyerdahl left his home in Norway and set off with his new wife for paradise. Fulfilling a long-held ambition to return to nature, the couple sought, and to a degree found, a natural and unspoiled world on the remote island of Fatu-Hiva in the South Pacific. Based on his original journals, Heyerdahl's documentary account charts how the dreams of a lifetime were transformed into a magical year of hope, excitement and unexpected danger. A timeless story of love and adventure, *GREEN WAS THE EARTH...* is also an impassioned plea for the preservation of the cities and the seas against the tide of pollution and the pursuit of profit, ideas and beliefs, a cry which would shape one man's life and the environmental concerns of successive generations. Powerful and poignant, *GREEN WAS THE EARTH ON THE SEVENTH DAY* is a very special kind of autobiography.

**Test Your Psychic Powers** Susan J. Blackmore, Adam Hart-Davis. 1997 Tests to determine your psychic powers.

**Language Adaptation** Florian Coulmas, Senior Professor In-East Institute Florian Coulmas. 1989 *Language Adaptation* examines the process by which a speech community is forced to adopt an active role in making its language suitable for changing functional requirements. This wide-ranging collection of essays looks at this phenomenon from a variety of historical and synchronic perspectives, and brings together the work of a number of leading scholars in the field. Several different languages are examined at different stages of their history, including Hebrew, Arabic, Chinese, Japanese, Kiswahili, German and Hindi. This well-informed book is a significant contribution to the existing literature on language planning, and is the first to use one theoretical concept to deal with the relationship between natural and deliberate language change. It shows that language adaptation is a particular aspect of language change, and thus establishes a link between the social and the historical study of language. It will appeal to graduate students and professionals in linguistics and the social sciences, as well as to practitioners of language planning.

**The Game Plan** Joe Dallas. 2005-07-17 Men everywhere are under attack-your neighbor, your coworker, your pastor, even your husband. And, even in Christian homes, 40% of men have fallen to this foe that can destroy marriages and ruin lives. Who is this devastating adversary? Pornography. It floods our airwaves and PCs, assaulting the senses, and luring its prey to return again and again. Drawing from seventeen years of counseling practice, and using material that he's taught for more than ten years, Joe Dallas is helping readers face this enemy. Equipping those who have been caught up in pornography or other forms of sexual sin with the ability to abandon that behavior and never return. Using the acronym ROUTE-Repentance, Order, Understanding, Training, and Endurance-Dallas walks readers through the steps necessary to attain-and maintain-sexual integrity. No one understands this subject better than Joe Dallas. And nowhere is there a more biblical and user-friendly 'game plan' for Christian men committed to reclaiming moral purity. A resource no man should be without! --Hank Hanegraaff, president of the Christian Research Institute and host of the Bible Answer Man broadcast Joe Dallas has written a practical handbook for men who want to get serious about their purity. **The Porn Myth** Matthew Fradd. 2017-03-13 The Porn Myth is a non-religious response to the commonly held belief that pornography is a harmless or even beneficial pastime. Author Matt Fradd draws on the experience of porn performers and users, and the expertise of neurologists, sociologists, and psychologists to demonstrate that pornography is destructive to individuals, relationships, and society. He provides insightful arguments, supported by the latest scientific research, to discredit the fanciful claims used to defend and promote pornography. This book explains the neurological reasons porn is addictive, helps individuals learn how to be free of porn, and offers real help to the parents and the spouses of porn users. Because recent research on pornography's harmful effects on the brain validates the experiences of countless porn users, there is a growing wave of passionate individuals trying to change the pro-porn cultural norm-by inspiring others to pursue real love and to avoid its hollow counterfeit. Matt Fradd and this book are part of that movement, which is aiding the many men and women who are seeking a love untainted by warped perceptions of intimacy and rejecting the influence of porn in their lives.
