Socioeconomics of Agriculture Stefan Mann. 2018-01-13 This open access book applies for the first time emerging concepts of socioeconomics to analyse an economic sector, namely agriculture. It considers the rational choices of all actors in the system (just as agricultural economists do) and their cultural preferences and constraints (just as rural sociologists do). Socioeconomic concepts are subsequently used to structure agricultural issues with regard to the three governance mechanisms (hierarchy, markets, and cooperation), and different agricultural systems are presented and compared. The book will be of interest to social scientists with various backgrounds, and seeks to break down the barriers of single-disciplinary thinking.

Ugly Ways Tina McElroy Ansa. 1995-01-17 Three sisters return to their southern hometown after the death of their difficult, demanding mother, in a novel by the author of *Baby of the Family*. In life, Esther Lovejoy was an intolerable mother. She raised her daughters with an iron fist, browbeat her husband into submission, and insisted they call her Mudear (an abbreviation of Mother Dear). As adults with successful careers, Betty, Emily, and Annie Ruth have scattered across the country to avoid Mudear's influence. But now it's time to lay her to rest, and the Lovejoy sisters have returned to Mulberry, Georgia, to pay their last respects. What they discover is that while Mudear may be dead, she is far from gone. With a large dose of compassion and a generous splash of humor, Tina McElroy Ansa serves up a powerful tale of family secrets and the ways our scars make us stronger. "A voice that is fresh and strong and just quirky enough to stand out from the crowd." —The Boston Sunday Globe "An entertaining read . . . The author, like a good small-town gossip . . . paints a vivid picture of three bright, beautiful and emotionally scarred African-American sisters." —Los Angeles Times

Phenomenology of Religion Mariasusai Dhavamony. 1973 The object of the present work is mainly to serve as a text book for students of History of Religions or Historical Phenomenology of Religion at the University level. This book intended also for the use of those who wish to become acquainted in a systematic and critical manner with the main themes of the History of Religions, and of other persons who are either concerned in the education of youth or whose work it may be to present scientifically accurate conclusions with regard to the various subjects of the History of Religions. There exist excellent text books which treat of particular religions or which contain chapters on individual religions without studying them comparatively or phenomenologically. There are very few text books that attempt to present the main themes of the History of Religions in such a way as to explain the signification of the religious phenomena that are found in various religions by means of the historical-comparative method.

ICOST 2019 Sri Harini, Hafsah, Sahara, Isna Rasdianah Aziz, Robbi Rahim. 2020-06-14 We are delighted to introduce the proceeding of the first edition of the International Conference on Science and Technology (ICoST) that was held in Claro Hotel, May 2-3, 2019. It was organized by Faculty of Science and Technology, Universitas Islam Negeri Alauddin Makassar in partnership with Forum Dekan Fakultas Sains dan Teknologi PTKIN. The theme of the ICoST is "Roles and Challenges of Science and Technology in Guaranteeing Halal Products in the Industrial Revolution 4.0". The Indonesian government has begun to respond this industrial change by launching the roadmap of 'Making Indonesia 4.0' as a strategy to ease Indonesia's steps to become one of the new powers in Asia in April 2018. This roadmap provides a clear direction for the movement of the national industry in the future, including a focus on developing priority sectors that will become Indonesia's strength towards Industry 4.0. The proceeding of ICoST contains the scientific research, written by the academicians, researchers, practitioners, and government elements who have the same thoughts about the effort to develop the society's ability to adapt the advancement of science and technology in the global competition to face the industrial revolution 4.0. We are also very grateful to all keynote speakers and committee members, willing to act as referee for their time and efforts to keep our conference going well. In the future, we expect the ICoST will be able to provide another scientific atmosphere and stimulate more participants to join this conference.

Veil of Roses Laura Fitzgerald. 2007 Raised amidst the confines of Iranian society, young Tamila Soroush escapes the oppression of Iran for the freedom of America, enjoying her everyday acts of rebellion against her background and capturing her new life through the lens of her camera, all the while searching for a husband who can prevent her return home. Original.

Educating Caroline Patricia Cabot. 2002-03-06 Lady Caroline Linford is horrified to discover... her fiancé, the Marquis of Winchelsea, in the arms of another woman. Unfortunately, Victorian society considers such masculine peccadilloes a trifle; canceling their imminent wedding would be unthinkable. But Caroline's wish is for the man she is to marry to desire only her...and she seeks lessons in the art of romance from the best teacher: London's most notorious rake. Braden Granville may be a famous lover... but he has no intention of taking part in Caroline's scheme -- until he learns she has something he wants: the name of his own unfaithful fiancée's lover. As their passionate tutelage begins, sparks fly -- and the lines between teacher and student fall away. Now there is just one last lesson to learn: on the subject of true love, the heart chooses its own unpredictable ways.

Handbook of Research on Social Marketing and Its Influence on Animal Origin Food Product Consumption Bogueva, Diana, Marinova, Dora, Raphaely, Talia. 2018-03-02 As marketing professionals look for more effective ways to promote their goods and services to customers, a thorough understanding of customer needs and the ability to predict a target audience's reaction to advertising campaigns is essential. The Handbook of Research on Social Marketing and Its Influence on Animal Origin Food Product Consumption is a critical scholarly resource that examines the role of social marketing in understanding and changing behavior regarding the negative impacts of consuming animal-based foods. Featuring coverage on a broad range of topics, such as the psychology of meat consumption, food waste, and meat substitutes, this publication is geared towards academicians, students, and professionals seeking current research on social marketing interventions and the demarketing of meat.

The Psychology of Stereotyping David J. Schneider. 2005-04-07 The first comprehensive treatment of stereotypes and stereotyping, this text synthesizes a vast body of social and cognitive research that has emerged over the past-quarter century. Provided is an unusually broad analysis of stereotypes as products both of individual cognitive activities and of social and cultural forces. While devoting careful attention to harmful aspects of stereotypes, their connections to prejudice and discrimination, and effective strategies for countering them, the volume also examines the positive functions of generalizations in helping people navigate a complex world. Unique features include four chapters addressing the content of stereotypes, which consider such topics as why certain traits are the focus of stereotyping and how they become attributed to particular groups. An outstanding text for advanced undergraduate- and graduate-level courses, the volume is highly readable and features many useful examples.

Foucault For Beginners Lydia Alix Fillingham. 2007-08-21 Michel Foucault's work has profoundly affected the teaching of such diverse disciplines as literary criticism, criminology, and gender studies. Arguing that definitions of abnormal behavior are culturally constructed, Foucault explored the unfair division between those who meet and those who deviate from social norms. Foucault's deeply visual sense of scenes such as ritual public executions, lends itself well to Moshe Süsser's dramatic illustrations.

Journalism and New Media John V. Pavlik. 2001-06-27 Ubiquitous news, global information access, instantaneous reporting, interactivity, multimedia content, extreme customization: Journalism is undergoing the most fundamental transformation since the rise of the penny press in the nineteenth century. Here is a report from the front lines on the impact and implications for journalists and the public alike. John Pavlik, executive director of the Center for New Media at Columbia University's Graduate School of Journalism, argues that the new media can revitalize news gathering and reengage an increasingly distrustful and alienated citizenry. The book is a valuable reference on everything from organizing a new age newsroom to job hunting in the new media.

An Anatomy of Humor Arthur Asa Berger. 2017-07-05 Humor permeates every aspect of society and has done so for thousands of years. People experience it daily through television, newspapers, literature, and contact with others. Rarely do social researchers analyze humor or try to determine what makes it such a dominating force in our lives. The types of jokes a person enjoys contribute significantly to the definition of that person as well as to the character of a given society. Arthur Asa Berger explores these and other related topics in An Anatomy of Humor. He shows how humor can range from the simple pun to complex plots in Elizabethan plays. Berger examines a number of topics ethnicity, race, gender, politics each with its own comic dimension. Laughter is beneficial to both our physical and mental health, according to Berger. He discerns a multiplicity of ironies that are intrinsic to the analysis of humor. He discovers as much complexity and ambiguity in a cartoon, such as Mickey Mouse, as he finds in an important piece of literature, such as Huckleberry Finn. An Anatomy of Humor is an intriguing and enjoyable read for people interested in humor and the impact of popular and mass culture on society. It will also be of interest to professionals in communication and psychologists concerned with the creative process.

Is Anyone Responsible? Shanto Iyengar. 1994-10-17 A disturbingly cautionary tale, Is Anyone Responsible? anchors with powerful evidence suspicions about the way in which television has impoverished political discourse in the United States and at the same time molds American political consciousness. It is essential reading for media critics, psychologists, political analysts, and all the citizens who want to be sure that their political opinions are their own. Not only does it provide convincing evidence for particular effects of media fragmentation, but it also explores some of the specific mechanisms by which television works its damage. . . . Here is powerful additional evidence for those of us who like to flay television for its contributions to the trivialization of public discourse and the erosion of democratic accountability.—William A. Gamson, Contemporary Sociology Iyengar's book has substantial merit. . . . [His] experimental methods offer a precision of measurement that media effects research seldom attains. I believe, moreover, that Iyengar's notion of framing effects is one of the truly important theoretical concepts to appear in recent years.—Thomas E. Patterson, American Political Science Review

The God Box Alex Sanchez. 2010-12-14 Paul, a religious teen living in a small conservative town, finds his world turned upside down when he meets Manuel—a young man who says he's both Christian and gay, two things that Paul didn't think could coexist in one person. Doesn't the Bible forbid homosexuality? As Paul struggles with Manuel's interpretation of the Bible, thoughts that Paul has long tried to bury begin to surface, and he finds himself re-examining his whole life. This is an unforgettable book on an extremely timely topic that strives to open minds on both ends of the spectrum.

Keywords in Qualitative Methods Michael Bloor, Fiona Wood. 2006-07-06 An essential companion for students across the social and health sciences, this text provides a wide-ranging coverage of qualitative methods complemented by extended illustration from the array of academic disciplines in which qualitative research is found and employed. Written in a lively and reader-friendly style, the guide covers a comprehensive range of topics, including: - a concise definition of the method - a description of distinctive features - examples to convey the flavour of a technique or principle - a critical and reflective evaluation of the method or approach under consideration - cross references to associated concepts within the dictionary - a list of key readings

The Time Is Now United Nations. 2021-01-12 Are women any less corrupt than men? Is there a relationship between gender and corruption? If yes, what is it? Will more women in power change this equation for the better or worse? This publication is a first, comprehensive foray by UNODC into this complex, multi-layered subject that affects every society and country in the world differently. Therefore, the publication underlines the importance of understanding how national, cultural and social norms interact and shape corrupt practices. With the United Nations Convention against Corruption as our cornerstone, the publication highlights how many of the gender dimensions of corruption are not sufficiently addressed in national contexts. Using sexual favours as a currency of corruption is far too common, yet it is still not widely understood that this is abuse of authority. And victim-centred whistleblowing mechanisms remain exceptional. However, there are also inspiring good practices which break the mould, such as tackling unconscious gender bias in the courts to strengthen judicial integrity and ensure equality before the law. The publication examines the evolution and relevance of the key international instruments, and emphasises the importance of evidence-based policy making. It also explores how gender equality policies can have a positive effect in preventing and countering corruption and, vice versa. Finally, the publication illustrates three country-specific case studies from Brazil, Ghana and Indonesia, each demonstrating the country's contextual anti-corruption landscape while focusing on unique gender narratives and intersections. The time is now to address the gender dimensions of corruption. For if not now, then when?

The Oxford Handbook of Political Communication Kate Kenski, Kathleen Hall Jamieson. 2017-06-23 Since its development shaped by the turmoil of the World Wars and suspicion of new technologies such as film and radio, political communication has become a hybrid field largely devoted to connecting the dots among political rhetoric, politicians and leaders, voters' opinions, and media exposure to better understand how any one aspect can affect the others. In *The Oxford Handbook of Political Communication* Kate Kenski and Kathleen Hall Jamieson bring together leading scholars, including founders of the field of political communication Elihu Katz, Jay Blumler, Doris Graber, Max McCombs, and Thomas Paterson, to review the major findings about subjects ranging from the effects of political advertising and debates and understandings and misunderstandings of agenda setting, framing, and cultivation to the changing contours of social media use in politics and the functions of the press in a democratic system. The essays in this volume reveal that political communication is a hybrid field with complex ancestry, permeable boundaries, and interests that overlap with those of related fields such as political sociology, public opinion, rhetoric, neuroscience, and the new hybrid on the quad, media psychology. This comprehensive review of the political communication literature is an indispensable reference for scholars and students interested in the study of how, why, when, and with what effect humans make sense of symbolic exchanges about sharing and shared power. The sixty-two chapters in *The Oxford Handbook of Political Communication* contain an overview of past scholarship while providing critical reflection of its relevance in a changing media landscape and offering agendas for future research and innovation.

Sexual Identities and Sexuality in Social Work Dr Priscilla Dunk-West, Dr Trish Hafford-Letchfield. 2012-12-28 Sexuality and sexual identity have been relatively marginalized areas in both social work education and practice. However, changes in policy and legislation in the UK and other countries over the past decade have brought discussions of sexuality into the mainstream public service agenda. In social work and social care, gay and lesbian citizenship rights have been explicitly recognised. In the fields of adoption and fostering new regulations and guidance have helped improve and develop practice around assessment and intervention. It remains the case, however, that sex is often perceived as a problem area within social work and social care, discussed only in relation to sexually diverse communities or in the realm of dysfunction or pathology. This collection aims to generate a more proactive and challenging discussion of sexuality and sexual identity in social work. Its starting point is that sexuality is an essential aspect of individual identity, that users must be able to express their sexuality, and that it is essential for social workers to be able to respond and discuss sexual issues appropriately. The contributions are informed by feminist research, considering, in particular, the experiences of women working in and using social care services since the 1990s. In addition to a consideration of the wider policy, legislative and service providers' perspectives, the book includes reflective accounts as well as research-led contributions, offering a comprehensive and balanced account of this important field, which aims to inform both theory and practice.
