What If Someone I Know Is Gay? Eric Marcus.2000 * How can you tell if you are gay? Do you just wake up one day and discover that you are?* Can gay people change?* My buddy told me he has a crush on me. What do I say?* Do gay people have children? Will their children be gay, too?* What do gay people do when they have sex?* What should you do if kids call you fag or threaten to hurt you?All the questions that kids want to ask are here, grouped in chapters such as Friends and Family, School, Love and Sex, and Discrimination, and answered frankly and reasonably by Eric Marcus, author of the best-selling adult book *Is It a Choice?: Answers to 300 of the Most Frequently Asked Questions About Gay and Lesbian People* (HarperCollins/San Francisco, 1993).This book is for

teenage kids who are wondering about their own sexuality and where they can go to find guidance as well as for straight kids who may not really know what being gay means. Any Questions? Marie-Louise Gay.2020-05-15 Where does the story start? Marie-Louise Gay explains the creative process with typical fun and whimsy. Many children want to know where stories come from and how a book is made. Marie-Louise Gay's new picture book provides them with some delightfully inspiring answers in a fictional encounter between an author and some very curious children, who collaborate on writing and illustrating a story. Marie-Louise has scribbled, sketched, scrawled, doodled, penciled, collaged and painted the words and pictures of a story-within-a-story that show how brilliant ideas creep up on you when you least expect it and how words sometimes float out of nowhere asking to be written. *Any Questions?* presents a world inhabited by lost polar bears, soaring pterodactyls, talking trees and spotted snails, with cameo appearances by some of Marie-Louise's favorite characters — a world where kids can become part of the story and let their imaginations run wild... and just maybe they will be inspired to create stories of their own. At the end of the book, Marie-Louise provides answers to many of the questions children have asked her over the years, such as "Are you Stella?" "How did you learn to draw?" "Can your cat fly?" "How many books do you make in one day?" Correlates to the Common Core State Standards in English

Sexual Fluidity Lisa M. Diamond. 2008 Is love "blind" when it comes to gender? For women, it just might be. This unsettling and original book offers a radical new understanding of the context-dependent nature of female sexuality. Lisa M. Diamond argues that for some women, love and desire are not rigidly heterosexual or homosexual but fluid, changing as women move through the stages of life, various social groups, and, most important, different love relationships. This perspective clashes

with traditional views of sexual orientation as a stable and fixed trait. But that view is based on research conducted almost entirely on men. Diamond is the first to study a large group of women over time. She has tracked one hundred women for more than ten years as they have emerged from adolescence into adulthood. She summarizes their experiences and reviews research ranging from the psychology of love to the biology of sex differences. *Sexual Fluidity* offers moving first-person accounts of women falling in and out of love with men or women at different times in their lives. For some, gender becomes irrelevant: "I fall in love with the person, not the gender," say some respondents. *Sexual Fluidity* offers a new understanding of women's sexuality—and of the central importance of love.

God Loves Gays But Hates Homosexuality Tim Henderson. 2013-06 Is Homosexuality a Sin? What is the big deal about anyway? Live and let live! Isn't love good in any form or fashion? Isn't love what God is all about, is, and what the world needs?! In his book *God loves Gays BUT hates Homosexuality* Dr. Tim Henderson shares from a biblical perspective and answers this highly charged question. Dr. Tim Henderson, affectionately known as Pastor Tim to those closest to him, is a man who has experienced great love and mercy and has demonstrated the same in his personal life

adopting three of his seven children and most of his pets including seven dogs. Dr. Tim was a bi-vocational Pastor for approximately 27 years and is now in full-time ministry as a lead Pastor in Central, IL. Dr. Tim does not endorse treating anyone, regardless of their gender, race, sexual orientation, life choices and belief system with anything less than common courtesy, dignity and mutual respect. Dr. Tim plans to utilize some of the proceeds from this book to help establish a House of Blessing that will provide temporary and emergency shelter for those in need, a fully stocked food pantry and counseling center. This center will not discriminate against anyone in need. All community members will be eligible for assistance without prejudice and without regard or discrimination based on age, race, religion, color, gender, disability, national origin, ancestry, marital status, sexual orientation or veteran status. The truth is homosexuality has existed since biblical times and has been a highly charged social and now political issue. This book takes a look at homosexuality from a biblical perspective and considers societal perspective on the LGBT community and whether a person is born gay or turns gay. Does genetics or environment cause a person to be homosexual and what implications would that have on this highly charged issue? If a person is born gay how could anyone, including God, hold that against them? Why does it matter who someone loves as long as

Yes, I'm Gay; No, I Don't Want You DuJuan Johnson.2015-02-15 Ever since the dawn of time, homosexuality has existed. Whether it was the love between two male or female T-Rex's, or a companionship involving two members of the Whig Party in the 1700s, you couldn't avoid it. Because of its taboo nature, the subject was often discussed and practiced behind closed doors--until

someone spilled the beans and ruined it for everyone! Mistakenly diagnosed as a mental health disorder, being gay was often frowned upon by the general public for various reasons, mainly involving religion and people's ignorance of the subject matter. For anything you don't know or understand, you will almost certainly be against it. For years, gay men and women have struggled to prove to the world they are just like you. Now homosexuality is mainstream. The world even seems to be getting along better, but the fight for acceptance is far from over. After coming out to his peers after years of being in the closet, the author was asked many questions about his sexuality, including: Why are you gay? Is it true all gay men want to sleep with straight men? Were you molested as a child? There is a general knowledge people want to know about the gay life. This book is for anyone who may want to ask their gay peers about their life without offending them. The author answers the questions to the best of his ability, based on his experiences as a gay male, delivered with a homespun twist. Growing up he was always asked by daring peers. Are you gay? After years of denial and gaining the strength to better answer that question. He wrote this book to explain what it's like to be him and proclaim: Yes, I'm gay; No, I don't want you!
