**Molto Agitato** Johanna Fiedler.2001 Behind the gold curtains of the Metropolitan Opera House, amidst the elaborate sets, bejeweled costumes, and labyrinth of administrative offices, the Met has traditionally operated in great secrecy. Until now. Johanna Fiedler, who was the Met's general press representative for fifteen years, draws upon her insider's knowledge and rivetingly reveals for the first time the company's Byzantine inner workings and the personal, social, economic, and artistic struggles that have always characterized the Met. Molto Agitato is a tale with an appropriately operatic cast of characters\_ haughty blue bloods, ambitious social climbers, determined administrators, stubborn board members, temperamental artists\_ all maneuvering to use their power and influence to make the Met conform to their own agendas. Fiedler brings to life the early days of the Met, with the imperious Toscanini arriving from Italy and Caruso filling the house; the post-WW II years, when the unions gained strength and plagued the company with strikes; and the ever present passions of tenors and sopranos, clashing offstage as well as on. But most revelatory are Fiedler's portrayals of James Levine and Joseph Volpe and their practically parallel ascendancies\_ Levine rising from prodigy to artistic director, Volpe advancing from stagehand to general manager\_ and their once strained relationship that was compounded by Volpe's much publicized firing of the soprano Kathleen Battle. With its swift-flowing narrative, Molto Agitato is a wonderfully entertaining and thoroughly engaging account not only of one of the world's most respected and richest music institutions but also of power, politics, ambition, and egos.

**Sustaining Musical Instruments / Food and Instrumental Music** Gisa Jähnichen. 2021-11-21 This 7th volume of SIMP is dedicated to two large themes that were discussed in the last Study Group Symposium held online and arranged by the Music Faculty of the University of the Visual and Performing Arts, Colombo, Sri Lanka, in March 2021: "Re-invention and Sustainability of Musical Instruments" and "Instrumental Music and Food". Thirteen contributions were compiled in this volume relating to the first theme, while seven contributions were chosen to represent the second. The first part of the contributions illustrates that musical instruments have a long and regionally intertwined history. Often it is hard to say who invented a specific type first as well as to answer if musical instruments were used symbolically or supported in any way supported regional cultural aspects, or what feature of musical instruments had the strongest impact on local developments. The last seven contributions deal with various phenomena such as banquet music, ritual music and food offerings, instrumental ambience music, and festivals.

**The Toughest Show on Earth** Joseph Volpe, Charles Michener. 2007-10-09 The Toughest Show on Earth is the ultimate behind-the-scenes chronicle of the divas and the dramas of New York's Metropolitan Opera House, by the remarkable man who rose from apprentice carpenter to general manager. Joseph Volpe gives us an anecdote-filled tour of more than four decades at the Met, an institution full of vast egos and complicated politics. With stunning candor, he writes about the general managers he worked under, his embattled rise to the top, the maneuverings of the blue-chip board, and his masterful approach to making a family of such artist-stars as Luciano Pavarotti, Plácido Domingo, Teresa Stratas, and Renee Fleming, and such visionary directors as Franco Zeffirelli, Robert Wilson, and Julie Taymor. Intimate and frank, *The Toughest Show on Earth* is not only essential for music lovers, but for anyone who wants to understand the inner workings of the culture business.

**Geraldine Farrar** Elizabeth Nash. 2012-09-18 From 1906 until 1922, Geraldine Farrar was the Metropolitan Opera's most popular and glamorous

prima donna. Convinced that music must always serve the drama, she often sacrificed tonal beauty to dramatic effect, and her acting was noted for its intensity and realism. Nevertheless, Farrar was a superb singer, possessing a beautiful lyric soprano voice. Farrar was also a star of the silent screen, appearing in 14 films from 1915 to 1920. In retirement, she was mentor and friend to the African American soprano Camilla Williams, enabling Williams to become the first African American to have a regular contract with a major American opera company. This biography and critical analysis of Farrar's career provides a detailed account of her major contributions to the history of opera.

**Mad Scenes and Exit Arias** Heidi Waleson.2018-10-02 From the Wall Street Journal's opera critic, a wide-ranging narrative history of how and why the New York City Opera went bankrupt—and what it means for the future of the arts In October 2013, the arts world was rocked by the news that the New York City Opera—“the people’s opera”—had finally succumbed to financial hardship after 70 years in operation. The company had been a fixture on the national opera scene—as the populist antithesis of the grand Metropolitan Opera, a nurturing home for young American talent, and a place where new, lively ideas shook up a venerable art form. But NYCO’s demise represented more than the loss of a cherished organization: it was a harbinger of massive upheaval in the performing arts—and a warning about how cultural institutions would need to change in order to survive.

Drawing on extensive research and reporting, Heidi Waleson, one of the foremost American opera critics, recounts the history of this scrappy company and reveals how, from the beginning, it precariously balanced an ambitious artistic program on fragile financial supports. Waleson also looks forward and considers some better-managed, more visionary opera companies that have taken City Opera’s lessons to heart. Above all, *Mad Scenes and Exit Arias* is a story of money, ego, changes in institutional identity, competing forces of populism and elitism, and the ongoing debate about the role of the arts in society. It serves as a detailed case study not only for an American arts organization, but also for the sustainability and management of nonprofit organizations across the country.

**Democracy at the Opera** Karen Ahlquist.1997 Was there opera - and just what was it like - in New York City before the advent of the Metropolitan

Opera Company? In exploring these questions, Karen Ahlquist describes the social, cultural, economic, and esthetic factors that led to the assimilation of Italian opera - a complex, expensive genre of elitist reputation - into New York's business oriented community, with its English cultural heritage and sacred republican traditions. In her lively description of opera as few today can imagine it, Ahlquist considers Jacksonian-era efforts to create a polite social setting, the influence of a socially based clash between respectability and broad public access, and the role of music in shaping, not just reflecting, social and cultural life.

**Juggling** Stewart Lawrence Sinclair.2023-02-03 In *Juggling*, Stewart Lawrence Sinclair explores the four-thousand-year history and practice of juggling as seen through his life as a juggler. Sinclair—who learned to juggle as a child and paid his way through college by busking—shares his experiences of taking up juggling after an episode of suicidal ideation, his time juggling on the streets, and ultimately finding comfort in juggling during the COVID-19 pandemic. In many ways, this is a book about loss and recovery. From his own juggling story to clowns braving military checkpoints in Bosnia and Rwanda to perform in refugee camps to contemporary avant-garde performances, Sinclair shows how the universal language of juggling provides joy as well as a respite from difficulties during hard times.
