*Twelve Years a Slave* Solomon Northup.2014-03-08 Now a major motion picture nominated for nine Academy Awards. Narrative of Solomon Northup, a Citizen of New-York, Kidnapped in Washington City in 1841, and Rescued in 1853. Twelve Years a Slave by Solomon Northup is a memoir of a black man who was born free in New York state but kidnapped, sold into slavery and kept in bondage for 12 years in Louisiana before the American Civil War. He provided details of slave markets in Washington, DC, as well as describing at length cotton cultivation on major plantations in Louisiana.

*Climate change* Collectif.2020-11-26 The mobilisation centred on the 2015 Paris Climate Conference (COP 21) is an opportunity to highlight the vulnerability of environments and populations in the South in the face of climate warming. Some tropical regions are already suffering from its effects, with heat waves in the Sahel, disturbances to monsoon systems, the melting of the Andean glaciers, threats to biodiversity, a rise in sea level and other features. Research conducted by IRD and its partners provides key knowledge for better understanding of the complexity of these phenomena. This book is a synthesis in three parts: observing and understanding climate change, analysing its main impacts on environments and setting societies and national public policies at the heart of the climate challenge. Focused on the capacity for resilience of populations and ecosystems in the face of trends in the climate, the book explores solutions that reconcile mitigation and adaptation in response to climate change, conservation of the environment and a reduction of inequalities. The work is both well documented and explanatory, reviewing operations and the results of research that is firmly involved and interdisciplinary, closely associating partners in the North and the South.

*A War of Loves* David Bennett.2018-11-13 At 14, David Bennett came out to his parents. At 19, he encountered Jesus Christ. At that moment, his life changed forever. As a young gay man, David Bennett saw Christianity as an enemy to freedom for LGBTQI people, and his early experiences with prejudice and homophobia led him to become a gay activist. But when Jesus came into his life in a highly unexpected way, he was led down a path he never would have predicted or imagined. In *A War of Loves*, David recounts his dramatic story, from his early years exploring new age religions and French existentialism to his university experiences as an activist. Following supernatural encounters with God, he embarked on a journey not only of seeking to reconcile his faith and sexuality but also of discovering the higher call of Jesus Christ. *A War of Loves* investigates what the Bible teaches about sexuality and demonstrates the profligate, unqualified grace of God for all people. David describes the joy and intimacy he found in following Jesus Christ and how love has taken on a radically new and far richer meaning for him.

**Effects of Anthropogenic Noise on Animals** Hans Slabbekoorn,Robert J. Dooling,Arthur N. Popper,Richard R. Fay.2018-08-20 Over the past several years, many investigators interested in the effects of man-made sounds on animals have come to realize that there is much to gain from studying the broader literature on hearing sound and the effects of sound as well as data from the effects on humans. It has also become clear that knowledge of the effects of sound on one group of animals (e.g., birds or frogs) can guide studies on other groups (e.g., marine mammals or fishes) and that a review of all such studies together would be very useful to get a better understanding of the general principles and underlying cochlear and cognitive mechanisms that explain damage, disturbance, and deterrence across taxa. The purpose of this volume, then, is to provide a comprehensive review of the effects of man-made sounds on animals, with the goal of fulfilling two major needs. First, it was thought to be important to bring together data on sound and bioacoustics that have implications across all taxa (including humans) so that such information is generally available to the community of scholars interested in the effects of sound. This is done in Chaps. 2-5. Second, in Chaps. 6-10, the volume brings together what is known about the effects of sound on diverse vertebrate taxa so that investigators with interests in specific groups can learn from the data and experimental approaches from other species. Put another way, having an overview of the similarities and discrepancies among various animal groups and insight into the "how and why" will benefit the overall conceptual understanding, applications in society, and all future research.

Ellen Gallagher .2017 Accidental Records includes new paintings and drawings by Ellen Gallagher (born 1965) that continue her exploration of the complex histories of the Black Atlantic and the afterlives of the Middle Passage. Widely associated with a resurgence in this diasporic critical space, Gallagher has developed her own genre of history painting which makes us question our geographies. The slowly layered surfaces of her work become a kind of reckoning, the way sailors mark their locations at sea, determined to return. Alongside views of Gallagher's artworks and portraits of the artist working in her studio, texts are included by Adrienne Edwards, curator at Performa and the Walker Art Center, and Philip Hoare, a writer whose books include *Leviathan or, The Whale and The Sea Inside*. The book accompanies Gallagher's solo show at Hauser & Wirth Los Angeles.

God Behaving Badly David T. Lamb.2022-01-04 God has a bad reputation. Many think of God as wrathful and angry, smiting people right and left for no apparent reason. The Old Testament in particular seems at times to portray God as capricious and malevolent, wiping out armies and nations, punishing enemies with extreme prejudice.. But wait. The story is more complicated than that. Alongside troubling passages of God's punishment and judgment are pictures of God's love, forgiveness, goodness, and slowness to anger. How do we make sense of the seeming contradiction? Can God be trusted or not?. David Lamb unpacks the complexity of the Old Testament to explore the character of God. He provides historical and cultural background to shed light on problematic passages and bring underlying themes to the fore. Without minimizing the sometimes harsh realities of the biblical record, Lamb assembles an overall portrait that gives coherence to our understanding of God in both the Old and New Testaments. This expanded edition includes an updated preface, afterword, and appendix addressing the story of Noah and the flood.

**All Over the Map** Ron James.2022-11-01 NATIONAL BESTSELLER Canada's most verbally virtuosic comic makes his literary debut—and he's just as richly, gloriously funny on the page as on stage. His legion of fans—the ones who ensure his every show the length and breadth of Canada is sold out—recognize Ron James as one of the great stand-ups of his generation. His seemingly improvisational flights of fancy—no two shows are ever the same—are crammed with inventive phrase-making, feature a voluminous vocabulary, and put every word into the service of uproarious comedy. He sounds like a man born to write a great book—and now at last he has. But this is a book he has been writing for most of his life, in his head, in his car, while driving from gig to gig. In *All Over the Map*, Ron has brilliantly captured the voice that has enthralled millions on stage and screen. He also lets up a little on the usually relentless laughs (though there are still plenty of those) to reveal a new dimension to his beloved showbiz character. His hilarious reminiscences of growing up in Nova Scotia and his early struggles as an aspiring comic, his reveries on such topics as family, country, celebrity and lessons learned from myriad chance encounters will deepen our appreciation for this great comic and win him many new fans in his new role as author.

**Iké Udé: Nollywood Portraits** .2016 The cinema of Nigeria, often referred to as Nollywood is a term coined in the mid-1990s to describe Nigeria's vibrant, film industry consists of movies produced in the country but watched all over Africa and largely by Africans in the diaspora. The history and development of the Nigerian motion picture industry is sometimes generally classified in four main eras: the Colonial era, Golden Age, Video film era and the emerging New Nigerian cinema. The book presents a selection of photographic portraits by Iké Udé depicting some of the major Nigerian actors and actress, television presenters, directors and

producers: from Genevieve Nnaji, Alexx Ekubo and Kunle Afolayan to Gideon Okeke, Chioma Ude and Osas Ighodaro. With his ongoing photographic self-portraits, Nigerian-born Iké Udé explores a world of dualities: photographer/performance artist, artist/spectator, African/postnationalist, mainstream/ marginal, individual/everyman and fashion/art. As a Nigerian born, New York based artist, conversant with the world of fashion and celebrity, Udé gives conceptual aspects of performance and representation a new vitality, melding his own theatrical selves and multiple personae with his art.
