Includes interviews with luminaries such as Melvin Van Peebles and Pam Grier, movie stills and a few filthy comics.

New York Noise Stuart Baker.2007 Between 1975 and 1988 New York City spawned an incredible and wild array of artistic communities that overlapped and interbred with scant heed for generic purity (let alone posterity): every musician, it seemed, was also an artist, every artist a filmmaker and every filmmaker was in a band. These heady years saw the births of Punk at CBGB and Max's Kansas City, of Hip Hop in the Bronx, the emerging art music activities of Philip Glass and Laurie Anderson, Free Jazz and the No Wave art/rock scene around James Chance, Lydia Lunch and Mars. New York Noise is Paula Court's photographic tour of these colliding worlds. From her arrival in New York City in 1978, Court diligently photographed the likes of Glenn Branca, Jean-Michel Basquiat, Keith Haring, David Byrne, Rhys Chatham, Lou Reed, James Chance, Patti Smith, Afrika Bambaata, John Cage, Robert Longo, Jim Jarmusch, Cindy Sherman and Richard Prince, as well as bands like DNA, Suicide, Bush Tetras, ESG and the Rock Steady Crew. Also captured in these pages are nascent musicians and actors such as Michael Stipe, Steve Buscemi, Willem Dafoe and Madonna, who came into artistic maturity amid these diverse scenes. With over 400 images, many of them previously unpublished, New York Noise follows Soul Jazz Records' critically acclaimed CD series, providing an unprecedented visual record of one of New York's liveliest cultural eras.

The Optic of the State Jens Andermann. Traces the production of nationalist imaginaries through the public visual representation of modern state formation in Brazil and Argentina. The purpose of these imaginaries was to vindicate political upheavals and secure the viability of the newly independent states through a sense of historic destiny and inevitable evolution. The visions of national heritage, territory, and social and ethnic composition were conceived in a complex interplay between government, cultural and scientific institutions, as a means of propagating political agendas and power throughout the emerging states.

The Return of the Native Rebecca Earle.2007-12-28 The Return of the Native offers a look at the role of preconquest peoples such as the Aztecs and the Incas in the imagination of Spanish American elites in the first century after independence.

Negrophobia Darius James.2019-02-19 A provocative, raucous dark comedy about race and racism in America, now back in print after twenty-five years and with a new preface by the author. Darius James's scabrous, unapologetically raunchy, truly hilarious, and deeply scary Negrophobia is a wild-eyed reckoning with the mutating insanity of American racism. A screenplay for the mind, a performance on the page, a work of poetry, a mad mix of genres and styles, a novel in the tradition of William S. Burroughs and Ishmael Reed that is like no other novel, Negrophobia begins with the blonde bombshell Bubbles Brazil succumbing to a voodoo spell and entering the inner darkness of her own shiny being. Here crackheads parade in the guise of Muppets, Muslims beat conga drums, Negroes have numbers for names, and H. Rap Remus demands the total and instantaneous extermination of the white race through spontaneous combustion. By the end of it all, after going on a weird trip for the ages, Bubbles herself is strangely transformed.

Richard Gerstl Diethard Leopold.2016 The art academy failed to recognise his talent; he rejected the contemporary art scene in Vienna; and his visionary work was largely neglected during his lifetime: the painter Richard Gerstl (1883-1908), whose creative period lasted for just four intensive years, is regarded today as one of the most important representatives of Austrian Expressionism for his portraits and landscapes. With his early pictures Self-Portrait against a Blue Background and The Sisters Karoline and Pauline Frey Richard Gerstl began to create an oeuvre which was well ahead of his times and which made him one of the pioneers of Abstract Expressionism. In 1906 Gerstl met the musician Arnold Schönberg. He embarked upon an affair with the latter's wife Mathilde, who briefly left her husband but then returned to him in 1908. Gerstl not only lost his lover but was also socially isolated; he committed suicide during that same year. His work sank into oblivion

Stan Douglas Stan Douglas,Sven Lütticken,Philip Monk,Joslyn Art Museum,Morris and Helen Belkin Art Gallery.2005 Picture a six-minute conversation filmed by 20 cameras, then sliced, diced and reshuffled by computer into a film that's 157-hours long. (Yes, that's more than a week, but you don't have to watch the whole thing at once.) It's the essence of Stan Douglas, who withholds the artificial neatness of conclusion and gives us instead a sense of the interminable, as one admiring critic wrote. In Inconsolable Memories, Douglas uses photos he took in Cuba as the base for his unique approach to narrative, putting together a look at exile and identity against the backdrop of the 1980 Mariel Boatlift. Includes essays by Sven Luttiken and Phillip Monk, the lavishly illustrated screenplay, and 40 color plates of recent photographs.

Images of History Robert M. Levine.1989 Examines how photography helped define the ways Latin Americans came to see themselves and the world. Levine (history, U. of Miami) focuses on the evolution of Latin American photography from it's earliest origins in the late 1830s to the rise of mass communications and the accompanying saturation of the public with photographic images of the 1920s and 30s. Includes some 225 photos. Annotation copyrighted by Book News, Inc., Portland, OR

The Warwolf Hermann Löns. 2017 The conflict that ravaged seventeenth-century Europe, as seen in a classic German novel--freshly translated The Thirty Years War, fought between 1618 and 1648, was a ruthless struggle for political and religious control of central Europe. Engulfing most of present-day Germany, the war claimed at least ten million lives. The lengthy conflict was particularly hard on the general population, as thousands of undisciplined mercenaries serving Sweden, Spain, France, the Netherlands, and various German principalities, robbed, murdered, and pillaged communities; disease spread out of control and starvation became commonplace. In *The Warwolf*, Hermann Löns's acclaimed historical novel, the tragedy and horrors of war in general, and these times in particular are revealed. *The Warwolf*, based on the author's careful research, traces the life of Harm Wulf, a land-owning peasant farmer of the northern German heath who realizes after witnessing the murder of neighbours and family at the hands of marauding troops that he has a choice between compromising his morals or succumbing to inevitable torture and death. Despite his desire for peace, Wulf decides to band with his fellow farmers and live like wolves, fiercely protecting their isolated communities from all intruders. Löns's brilliant portrayal of the two sides faced by any person in a moral crisis--in Harm Wulf's case, whether to kill or be killed--continues to resonate. Originally published in 1910 and still in print in Germany, *The Warwolf* is available for first time in English.

Determinants of National IMF Policy Caroline Silva-Garbade. 2011 This book analyzes the determinants of national policy toward the International Monetary Fund (IMF) in the course of a credit arrangement. It examines why national governments decide to enter into a credit arrangement with the IMF and under what circumstances they implement the conditions attached to such credit. Based on a political economy framework, various hypotheses on the determinants of national policy toward the IMF are elaborated. These include the influence of political and economic factors and also consider the behavior of the IMF. The author validates the hypotheses by analyzing the policy of Brazil between 1993 and 2005, as well as the policy of Argentina between 1991 and 2001. In each country, five actual or potential credit arrangements are examined.
